The Rex Cafe THE PLACE TO EAT Good Food — Good Service

I want to tell you how I coaxed him to eat

"Once I was worried—mealtime was getting on my nerves. I prepared many appetizing dishes, but John simply would not eat—just 'minced' at his food. Perhaps sometimes a little grouchy. I began to fear he was 'slipping.' What was I to do? Love, home, happiness, business success—all depended upon an improvement in his condition. The blood tonic I suggested itself to me. My Druggist recommended S.S.S. John agreed to try it. Well, in just a few days I could see the difference. His improvement has been so rapid he is going to take several more bottles, and not only that, but he is now telling his friends to take S.S.S."

Loss of appetite only a symptom. It is a known fact that when one's system gets "run-down," they haven't the resistance to ward off diseases. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men.

S.S.S. is daily helping people regain their strength and charm. Thousands of users have testified to its benefits in unsolicited letters of gratitude. It helps Nature build red-blood-cells. It gives to Nature what it needs in making you feel like yourself again.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. Copyright 1929 S.S.S. Co.

Read This! If You Have Varicose Veins

If you or any relative or friend are worried or suffer because of varicose veins, or bunches, the best advice that anyone in this world can give is to get an original two-ounce bottle of Moore's Emerald Oil from Health's Drug Store or any first class druggist and apply night and morning to the swollen, enlarged veins, rubbing gently upward and towards the heart as the blood in the veins flows that way. Soon you will notice that they are growing smaller and the treatment should be continued and a bandage worn until the veins are of normal size. Emerald Oil is a clean, powerful penetrating oil that promotes a healthy healing.
