Miss Booth Unimproved  
HARTSDALE, N. Y., May 28.—(AP)—Miss Evangeline Booth, commander of the Salvation Army in America, who was injured when

she was thrown against the top of her automobile Friday, had a poor night and showed no improvement today, her physician announced.

Northwestern university is directly responsible for the expenditure of \$10,000,000 every year in Evanston, Ill., says the city's real estate board.

A NEW SIX AT A PRICE WITHIN THE REACH OF MILLIONS

## BUILT BY BUICK

# SATURDAY

On this new automobile has been concentrated all of Buick's seasoned manufacturing experience gained through its long leadership in fine car building. The Marquette has the distinction you expect in the smartest of modern cars, with bodies by Fisher, and the added value you anticipate in a Buick-built product. But foremost among all its fine qualities is a type of performance never before achieved in any car of comparable price. See the Marquette when it goes on display this coming Saturday.

## MEMORIAL DAY IN ASHLAND WILL BE LEGION'S ACTIVITY

ASHLAND, Ore., May 28.—(Spl.) Memorial day observance has taken on new life under the supervision of the American Legion, and the day will be given over to patriotic observances, both at the Ashland cemeteries and at the county cemeteries that are adjacent to Ashland. Always the day has been in charge of Burnside post, Veterans of the Civil war, but their number has gradually diminished until now only a half dozen of the patriots remain, feeble ones who have handed over their torch to the ranks of the American Legion. These honored few will be the honored guests of the day.

Hon. F. J. Newman of Medford, a Spanish War veteran, will give the address of the day. The day's observances will begin with the legion service at the memorial rock in Lithia park. A service will be held in memory of our sailor dead by the Women's Relief corps. The parade, which will be led by the combined city and high school bands, will form on Winburn way at 9:45. The various units of the parade will include: Color company, Battery B; massed colors, G. A. R. and American Legion, G. A. R., Daughters of Veterans, Spanish War Veterans, Daughters of the American Revolution, American Legion, American Legion Auxiliary, Boy Scouts of America, Campfire Girls, school children and citizens.

There will be a special service held at the Wagner Creek cemetery at Talent during the afternoon. Mrs. Gordon MacCracken was announced as the speaker for the observance, but the announcement was a mistake. Other announcement will be made.

## TURKEY RAISING LARGE INDUSTRY AT EAGLE POINT

EAGLE POINT, Ore., May 28.—(Special.)—One of the pleasures that comes to the farm woman is the rearing of young turkeys, and that industry is now in full swing in the Eagle Point district.

Mrs. Grace Cowden is tending a flock of 240, with more to come; Mrs. Karl Esch has 300, and is kept busy watering and feeding them. They are incubator turkeys and are being raised in brooder fashion. Mrs. Lester Throckmorton has about 240, and is an experienced and successful turkey raiser. Mrs. Nick Young has about 110 and their place is especially adapted for turkey raising by having so much dry farm land and yet plenty of water for the birds. Mrs. Ross Kline has a large number and last year her turkeys were among the very best shipped through the Farmers' Exchange Cooperative pool. Mrs. Phillips of the Meadow farm has about 115, and whoever travels the Lake Creek road will have to admit that no better place could be found for turkey raising than the Meadowbrook farm.

With the smaller numbers comes Mrs. Henry Owens with 100, all strong and healthy; Mrs. John Owens has 50, all growing fine; Mrs. Charley Harcom with 40, all round and fat, and Mrs. Charley Humphrey with 50, all growing like weeds.

Those with smaller numbers are Mrs. M. L. Pruitt, Mrs. Ida Kent, Mrs. H. W. Ward; Mrs. Lawrence Lay has 55 of which she is proud; Mrs. Louie Blaess has about 60, and there are many more who have young birds. Among the Eagle Point flocks there are found various breeds suitable for shipping, and if the Farmers' Exchange Cooperative starts a turkey pool like they did last year it will bring thousands of dollars to this community, besides keeping our district clear of grasshoppers.

Although the spring was late and cold, the farmers are on time cutting their first crop of alfalfa. About the best yield is found on the L. M. Philbrook ranch, irrigated from the Little Butte irrigation ditch, and there are some other very fine stands of clover not quite ready to cut.

The free auto park in Eagle Point is already occupied. There are stoves, light and water and other accommodations, all free. All kinds of garden truck, milk and cream, eggs and chickens, may be obtained from nearby producers.

The Geo. Brown & Sons' store, which has an up-to-date meat market all the year round; the post-office, the bank and the ice cream parlor are all within easy reach of the free auto park. Mrs. Sosa of Phoenix and Mrs. Yurdette Dodge of Medford were visitors at the home of Mr. and Mrs. O. T. Morgan Thursday.

## PORTLAND SPRUCE MILL HAS DISASTROUS BLAZE

PORTLAND, Ore., May 28.—(AP)—Loss estimated at \$40,000 resulted last night to the Portland Spruce company lumber mill here when fire swept through the plant, wrecking machinery and damaging the building. The fire is thought to have started from the boiler room. Fireboats and all available equipment battled the flames which had gained considerable headway before the alarm was sounded.

### EXTRA POWER! EXTRA SPEED! New!... Different! Today's Gasoline

Richfield-Ethyl is noticeably different from any other gasoline you have ever used—faster, more responsive, more powerful, easier starting with far greater flexibility in traffic.

It is today's gasoline—a motor fuel abreast of the advance in engine design. Richfield-Ethyl was developed as a result of Richfield's experience on the speedways where practically all motor improvements originate and where it is used exclusively by the world's leading drivers. To this new and greater gasoline is added Ethyl fluid—the only genuine anti-knock compound.

No matter what gasoline you are now using—Richfield-Ethyl is better—a super fuel that will give super results in every type of motor. Use it in your own car for the finest motor performance possible.
