

# MANY SHRINERS TO BOARD TRAIN HERE TONIGHT

More than 100 Shriners from southern Oregon will board the special charters train tonight for Los Angeles, where the big 35th annual session of the Imperial Council of A. A. O. Nobles of the Mystic Shrine will take place next week, beginning Monday, June 3, and continuing until Thursday, June 9.

The most conspicuous feature of the Shrine special is the baggage car, painted a bright yellow and decorated with a large picture of Crater lake and Shrine emblems.

For the first time in four years the annual convocation is to be held on the Pacific coast. Seventy-six patrols from all parts of the United States and Canada will be in attendance.

Among the local Shriners, members of the patrol, leaving here this evening at 7 o'clock, are the following members of Hillah temple: Potentate Jerry Jerome and Mrs. Jerome; Paul Rynning, first lieutenant; Bert Penney, business manager; Tom Vernon, property man; Bill Young, Harry Nordwick, Dr. Jud Ricart, Howard Scheffel, R. E. Swan, John Lawrence, Hugo Lang, Earl Coe, Herb Grey, Dade Terrett, H. Brown, M. T. Gowen, Roy Lee.

Grants Pass will be represented by the following patrol men: Captain, Rex Barnett; Sam Stenbaugh, second lieutenant; George Gester, Walker, Harry Sordy, Stanton Rowell, Phillips, Ole Hansen and Harry Couch.

# HOLIDAY CROWD SEES LONG DEATH PLUNGE

SRANTON, Pa., May 31.—(AP)—A holiday crowd at the Ackerly speedway auto races saw a parachute jumper fall 2700 feet to his death when his parachute failed to open in a leap from an airplane.

Edgar R. (Red) Enoch, 22, climbed out to the left wing of the plane as it circled above the track, and jumped off.

The parachute did not open, and Enoch's body landed in a pasture outside the track enclosure, tearing up the ground where it struck. His home was Mullica, N. J.

# SUICIDE SURVEY SHOWS GAIN IN UNITED STATES

Rate in 1928 Highest Since 1916—Tendency Toward Higher Percentage in Future—San Diego Highest On Pacific Coast.

NEW YORK, May 31.—(AP)—An increase in the suicide rate in the United States is shown by a survey made by Frederick L. Hoffman, consulting statistician of the Prudential Insurance company.

The rate in 1928 was 17.5 per 100,000, the highest since 1916, when it was 18. Although the present rate is below that of 1908, when it reached 21.5, the report says the tendency is toward a higher rate in the future.

"The increase in rate is difficult to understand," says the report, "in view of the generally favorable industrial and business conditions of the present period. But what is true of the country in general is not necessarily true of certain sections, or particular elements of the population, which may be injuriously affected by industrial or financial depressions."

Of 156 cities studied, 88 showed an increase over 1927. The ten cities showing the highest rates were:

1927	1928
San Diego, Calif.	43.7 43.4
San Francisco	43.8 41.7
Tacoma, Wash.	19.6 34.4
Atlantic City, N. J.	29.5 32.9
Oakland, Calif.	29.2 32.8
Sacramento, Calif.	50.9 31.7
Seattle, Wash.	16.4 30.5
Terre Haute, Ind.	17.9 29.9
Denver, Colo.	25.9 29.9
Portland, Ore.	17.3 26.5

# FLY SITUATION WELL IN HAND IN THIS STATE

Any Embargo On Florida Fruit Must Come From Federal Source—No Entry From South—North Arrival Well Inspected.

SALEM, Ore., May 31.—(AP)—Asserting that any embargo placed upon shipments of Florida fruit into Oregon, because of the discovery of invasion of that state by the Mediterranean fruit fly, must come from federal officials, C. A. Park, president of the state board of horticulture, said Friday and that the state board contemplates taking no further precautionary measures than are now being observed in inspection of fruit imported into this state.

"We think we have the situation well in hand through the inspection service maintained at Portland," said Mr. Park.

No Florida fruit is entering Oregon from the south because of the California inspection, and all fruit entering from the north is adequately inspected at Portland, said Mr. Park.

# COLVIG SPEAKER YREKA SERVICES

Judge William M. Colvig, local pioneer and veteran of the Civil war, was the speaker of the day at the Yreka Memorial services held at the municipal bandstand in that city yesterday afternoon.

His talk, which came at the conclusion of the street parade, participated in by the patriotic organizations, Boy Scouts and school children, was an inspiring word picture of the outstanding events of the Civil, Spanish-American and World wars, veterans of which made up a portion of the large audience.

That distinctions cannot be drawn between the heroism displayed in these wars, was a point stated and proved by the local man, who held his audience absorbed for 45 minutes. Following his talk, the Memorial day procession proceeded to the Evergreen cemetery, where the graves of the dead of all wars were honored.

# GAME ASSOCIATION SEEKING LADDERS FOR SAVAGE DAM

Steps for the securing of adequate fish ladders for the protection of game fish at the Savage Rapids dam on Rogue river will be taken shortly by the Jackson County Game Protective Association, and others.

An appeal for financial aid will be directed to the county courts of Jackson and Josephine counties, and the state game commission for immediate installation of another fish ladder.

It is claimed that scores of steelheads are plunging against the stone abutments and jagged rocks at the dam in their efforts to reach spawning waters, and are bruised and mangled. Another fish ladder would alleviate this condition, and enable the fish to reach the waters above the dam without injury.

A delegation of sportsmen and members of local service clubs will journey to the dam as soon as the weather clears, when moving pictures will be taken by Horace L. Bromley of The California Oregon Power company, showing the fish in their futile leaping—before the leap and after the leap.

The moves will be shown to the state game commission to convince them action is needed to save the game fish, and to sportmen throughout the state to impress upon them the importance of the action.

A large representation of sportsmen is desired to "go on location" at the dam.
