Fly in the Ointment. New Independence Day. Another Canal. Dance, Says the Bishop.

Baldwin is out. Ramsay MacDonald is in. The king, from his sick bed, asks him to form a government.

President Hoover will hear from MacDonald, head of Britain's labor party, that he, MacDonald, on behalf of the British empire, will do anything in reason about reducing armaments.

That will please all that prefer economy to safety.

The only fly in the pacifist ointment is the fact that about the time the United States and Ramsay MacDonald get ready to act, MacDonald, perhaps, will not be prime minister any more. Somebody will take his place and say "Britain must rule the sea and air. All that disarmament talk is OUT."

Yesterday, June 4, was another independence day.

It marked the tenth anniversary of the adoption by Congress of the woman suffrage amendment.

Women, until ten years ago, were classed officially with idiots and Indians, "not voting." The abolition of bodily slavery was important.

This day marks the abolition of mental slavery among women, a slavery worse than physical slavery.

Important and gratifying is the news from Washington that President Hoover will appoint a consulting board of army and civilian engineers to consider the construction of a canal through Nicaragua.

That will be another link between the Atlantic and the Pacific, PROPERTY OF THE UNITED STATES LIKE THE PANAMA LINK. Let us hope it will be well fortified especially from the air. Outside of the air, no fortifications are of importance. Who would have believed that would ever be possible when Gibraltar, Metz and the narrow strip of water at Constantinople were so important to the world's peace?

The good and wise Bishop Acheson of Connecticut, dignitary of the Protestant Episcopal church, was grieved when told that ladies of Christ's church parish of Bethlehem, Conn., do not dance and object to others dancing.

The bishop said to them, using language less colloquial, "Go on, dance your heads off. It is the best way to get thin."

That renails the advice of the good French bishop, Fenelon, of Cambrai.

A young priest had told his parishioners to observe the Sabbath and not dance or drink on that day.

Bishop Fenelon wrote to him, "I want you to observe the Sabbath and set a good example, but let the poor peasants dance, drink and forget their misery."

Vesuvius continues pouring out lava, compelling inhabitants of the town of Barra to leave their homes, creating panic in many towns. The lava stream is poured into the fearsome "valley of hell."

CONGRESS ELIMINATES DEBENTURE

CONFEREES AGREE UPON FARM BILL

House to Get Measure at Once—Three to Five Vote By Senators for Elimination—Believe Bill Acceptable to Hoover—Now Known As Agricultural Marketing Act.

WASHINGTON, June 5.—(AP)—A farm relief bill with the export debenture plan eliminated was agreed upon today by the senate and house conference committee on the measure.

The revised relief measure, composed from the two farm bills passed separately by the senate and house, will be formally introduced by the committee tomorrow and immediately submitted to the house for consideration.

After the house had acted the measure must go back to the senate for consideration.

In the conference committee all of the house members voted to eliminate the debenture plan.

Three of the five senate conferees, McNary of Oregon and Capper of Kansas, Republicans, and Russell of Louisiana, Democrat, voted to eliminate. Senators Norris, Republican, Nebraska, and Smith, Democrat, South Carolina, voted against elimination.

The measure as finally agreed upon after more than a week of conferences, is held by conference committee members to be acceptable to President Hoover. There were no material differences, except for the debenture plan in the senate and house bills, but the measure framed by the conference group follows more nearly the house measure.

The committee decided the measure should be known as "The Agricultural Marketing Act."

The perfected bill would give the stabilization corporations a dual function such as was proposed in the senate measure, and would permit the corporations to acquire and store surplus and also act as a super-marketing agency for cooperative marketing associations.

The bill would provide \$1,500,000 for administrative purposes in addition to an authorization of \$500,000,000 to carry out the function of the proposed farm board.

Representative Hugen of Iowa, chairman of the house agriculture committee, said he believed it likely that the house would approve the conference bill tomorrow.

Chairman McNary of the senate agricultural committee, said debate probably would preface a vote in the senate because of the elimination of the debenture plan. He thought, however, that final action this week or early next week was likely.

JAPANESE SHIP THREATENED BY BENZINE BLAZE

LONDON, June 5.—(AP)—A message to Lloyd's from Yokohama today said the Japanese steamer Ugo Maru was reported a total loss from fire with the crew and passengers believed drowned. The fire began May 28 off the east coast of Kametaki, following a benzine explosion.

Other Japanese dispatches said the ship was affric with 700 Russian passengers, 250 of them women, and 43 Japanese crew members.

IRON WORKERS TO RESUME LABORS

CHICAGO, June 5.—(AP)—The end of the iron workers' strike which has tied up \$200,000,000 in new construction work since Saturday, was believed today to be in sight with the return to work of a number of workers under an agreement reached late last night.

UNHORSEING OF RASKOB DEMANDED

Dinner Call By Shouse Precipitates Demand for Scalp of Chairman—North Carolina Senator Says Harmony of Democratic Party Requires Repudiation of Raskob.

WASHINGTON, June 5.—(AP)—The calling of a democratic party dinner here next week by Jouseff Shouse, newly appointed lieutenant of Chairman Raskob of the national committee, has brought to the surface party differences and resulted today in a demand by Senator Simmons of North Carolina for the "unhorsing" of Raskob in the "interests of harmony."

Senator Simmons bolted the leadership of Raskob and Alfred E. Smith in the last campaign. Commenting on the proposed democratic party dinner next week at which Mr. Raskob will speak, the North Carolinian declared:

"Harmony in the democratic party requires the unhorsing of Raskob. The democratic party is not a liquor party. We don't want a chairman who so strongly favors liquor that he accepts service on the committee for the purpose of helping to destroy the eighteenth amendment. We don't want a republican as chairman of the democratic committee."

SHRINE INTENT ON HOLIDAY AS MAIN BUSINESS

LOS ANGELES, June 5.—(AP)—Walter S. Sudeen, Oasis Temple, Wheeling, W. Va., today was elected to the post of outer guard by the Imperial Council, governing body of the Ancient Arabic Order Nobles of the Mystic Shrine. It was the only contested office.

LOS ANGELES, June 5.—(AP)—While 75,000 Shriners attending the 55th annual convocation carried on their fun making today, the imperial council took under consideration the election of an imperial outer guard, only competitive office in the governing body of the Shrine.

The post will become vacant tomorrow when Leo V. Youngworth, Al Malakiah Temple, Los Angeles, succeeds Imperial Potentate Frank C. Jones of Arabia Temple, Houston, Texas, and eleven others of the 13 imperial officers advance progressively.

Candidates for imperial outer guard apparently had narrowed down to five. They were Ernest C. Huetter, Islam Temple, San Francisco; A. A. B. Babu, Zurah Temple, Minneapolis; Walter S. Sudeen, Oasis Temple, Wheeling, W. Va.; Julian P. Heyl, Tripoli Temple, Milwaukee, and J. Thomas Field, Iki Hasa Temple, Ashland, Ky.

Such weighty problems had little place in the plans, however, of the main body of the Ancient Arabic Order, Nobles of the Mystic Shrine, out for a holiday and brooking no delay in pursuit of it.

A fleet of automobiles and motor busses was made ready to take the nobles on a tour of southern California, including the motion picture studios of Hollywood.

The official Shrine parade, expected to include 15,000 uniformed marchers, was scheduled for tonight.

At the first session of the imperial council yesterday, retiring Imperial Potentate Jones told the representative body that he had assured President Hoover of the Shrine's support for the chief executive's liquor law enforcement program, and recommended that the annual appropriation for Shrine hospitals be increased to \$400,000 by diverting the annual \$1 Shrine magazine subscription for that purpose.

SUDDEN RICHES JACKSONVILLE DESCEND UPON ORDERS VOTE ON LUCKY BRITON WATER BONDS

LOS ANGELES, June 5.—(AP)—G. L. Brill, 26-year-old holder of a London Sweepstakes ticket, won second prize in the Calcutta sweepstakes on the derby at Epsom today, having drawn Walter Gay. The prize is 67,500 sterling or about \$337,500.

The holder of the exchange sweep ticket on Brien, which ran third, is James Mackie, who is employed in the accounts department of the Commercial Cable company. He thus won a prize of 32,000 sterling or about \$160,000.

Mackie also is the only man in London who drew a horse in two cable sweeps in which all the cable companies of the world joined. He drew a horse in each, one of which ran.

W. Barnett, owner of Trigo, and J. Rice, of Belfast, each bought one-eighth of a share Monday in the London Stock Exchange for 500 sterling (about \$2500) and won over 15,000 sterling or \$75,000.

A British army major stationed in Rajputana also drew a Walter Gay ticket in the Calcutta sweepstakes which netted him 67,500 sterling or about \$337,500. One hundred clerks in the office of Ladbroke's, the London turf commission agents, drew Trigo in the Bialto sweep and will divide 20,000 sterling or about \$100,000.

There were three first, three second and a like number of third prizes in the Calcutta sweep, with all of the big prizes in the stock exchange are duplicated.

BILL SETS TIME LOCAL SESSIONS FEDERAL COURT

WASHINGTON, June 5.—(AP)—Oregon would constitute one judicial district and the time set for terms of the district court will be changed under terms of a bill introduced in the house today by Representative Butler of Oregon.

Under the terms of Butler's measure, court would be held at Portland on the first Mondays in March, July and November; at Pendleton on the first Tuesdays in April; at Medford on the first Tuesdays in October; and at Klamath Falls on the first Tuesdays in January.

POPE SAYS MUSSOLINI HERETICAL

Open Letter Deplores Talks of Premier Before Chamber and Senate—Universality of Church Defended—Claim That Rome Saved Christianity Refuted By Pontiff.

VATICAN CITY, June 5.—(AP)—The Observatore Romano publishes this evening an open letter from the pope to Cardinal Gasparri relative to the latter's records, in which his holiness deplores the "worse than heretical expressions" as to the very essence of Christianity and Catholicism in speeches of Premier Mussolini to the Italian chamber and senate.

The letter contains a "complete exposition of the pontiff's position with regard to the pope's speeches advocating acceptance of the latter's records in the chamber May 13 and in the senate May 25.

The pontiff continued by defending the doctrine of the universality of the church and refuting Premier Mussolini's implied thesis that it was Rome which saved Christianity and not Christianity the Roman people.

By implication, the pope declared that the dices was badly inspired to cite Monsignor Duchesne's book, "The History of the Ancient Church," which has been on the index since 1912.

"We least of all expected heretical and worse than heretical expressions as to the very essence of Christianity and Catholicism."

"There has been an attempt to remedy this, but it does not seem to us to have met with full success," the pope commented on the premier's speeches.

"Distinguishing between historical and doctrinal affirmations would be in the manner of the worst and most condemnable modernism," continued the pontiff in reference to the speech in the senate on May 25.

"The divine mandate to all people antedates the calling of St. Paul; before that, there was the mandate of St. Peter to the Gentiles."

Wall Street Report

NEW YORK, June 5.—(AP)—Stock prices continued to move irregularly higher in today's market. Heavy selling developed in some of the farm implement, mail order shares and scattered specialties in the early trading as a result of senatorial attacks on stock speculation, but strong buying support was quickly supplied, and the market subsequently rallied under the leadership of the copper, public utility, motor, food and steel shares.

To Form Cabinet

Ramsay MacDonald labor leader, has been called by King George to form a new cabinet to supplant the conservatives of Premier Baldwin as a result of the parliamentary election last Thursday in which the conservative party was defeated.

RADIO OPERATOR IS ARRESTED IN PATTY SLAYING

Ship Due in San Francisco Tonight—Accused Is 'Stunned' By Quick Developments—Claims Innocence—Husband in Collapse.

LOS ANGELES, Cal., June 5.—(AP)—Police went about their work today of clearing what they termed the "loose ends of another eternal triangle." The principals, Mrs. Virginia Patty, unfortunate victim of the triangle, her husband, Frank D. Patty, Portland business man, and William Tallman, former radio operator.

The latter is under arrest on board the steamer Admiral Benson, due in San Francisco tonight from San Pedro.

Mrs. Patty's body was found yesterday morning, in the closet of a rooming house on Union street, tied to a clothes hook, and bearing numerous bruises and contusions, showing beyond doubt that she had met death by violence.

Tallman will be turned over to Los Angeles detectives and brought to this city to face formal complaint of murder, on arrival of the Admiral Benson in the Bay City, late today.

When informed of his arrest, Tallman, according to the captain of the steamer, "seemed stunned" and claimed innocence of the slaying.

Suspicion was directed toward Tallman by Patty, who told police he had learned that the radio operator had been paying marked attention to his wife during his Patty's absence. The Pattys have been winter residents of Los Angeles for some time, due, Patty explained to his wife's health.

On another side of the triangle, police said that the room where Mrs. Patty's body was discovered, had been rented a few days before by a man giving the name of "W. C. Johnson of San Francisco." The owner of the rooming house, Mrs. M. W. Wilson, when shown a picture of Tallman, identified it as Johnson, police said.

Police found in their running down of numerous lines of information that Mrs. Patty had been married previously. Her first husband, Arthur J. Wisemath, now resides in Los Angeles, with a daughter of this union, Helen Dorothy, 8 years old. Mrs. Patty was 28 years of age.

Patty, about 32, who flew here from Portland, was reported in a state of collapse following developments of the case and in the care of a physician. He was represented as an investment banker with business interests mostly in and around Portland, Ore.

PLAN GRAF ZEPPELIN FLIGHT FOR JUNE 20

LONG SHOT IS WINNER AT EPSOM

Trigo, Irish Bred Mount, at 33 to 1, Distances Picked Field—Millions of Dollars Change Hands On Result English Classic—Walter Gay, Second, Breinz, Third.

EPSOM DOWNS, England, June 5.—(AP)—W. Barnett's Trigo, an outsider at 33 to 1, ran away from a picked field of 25 rivals to win the 149th running of the famous English Derby here today.

Before an immense crowd estimated by one official at "nearly a million," this comparatively obscure son of Blandford and Athalramp romped home a winner by one and one-half lengths.

In that final rush for the finish, which is accentuated in the derby by a downhill sweep in the famous track, thousands of eyes searched in vain among the leaders for such popular favorites as Cragador, Mr. Jinks and Hunter's Moon.

Of the three show-horses, Walter Gay, which finished second, was the best liked in the pre-race speculation. Breinz, which came home third, two lengths farther back, was held at the extremely long odds of 50 to 1.

The American-owned horse, Mrs. Glornex's Posterity and Gordon Stridger's P. D. Q., were slow in getting into their stride after the start.

Posterity pounded away strongly but was not sufficiently fast to catch the leaders and finished sixth, while P. D. Q. was not in the first 15.

Trigo's jockey was J. Marshall, a young Epsom lad, who is a pupil of Trainer Stanley Wooten. He rode a gallant race.

Barnett led the victor in, amid a great ovation. A tall, jovial, clean-shaven man, he is a grain merchant in Belfast.

"I always thought Trigo had a chance," he said. "He was running well in the 2,000 guineas and today he certainly put up a great show. Trigo was born, bred and trained in Ireland. I'm a delighted man."

The judges placed Lord Derby's Hunter's Moon fourth and W. M. G. Singer's Engarde fifth.

Will Rogers Says:

BEVERLY HILLS, Cal., June 5.—If you have missed anybody around their old haunts in the east, and have no idea where they are, they are right here in Beverly Hills trying to get into the talkies, and the ones that were in them are trying to learn to talk. I haven't had a chance to say a word since I got home for people just practicing on me to show me they talk. In the old days everybody was practicing to make signs, now they are practicing noises, and song writers, why the city makes you come to a dead stop at every crossing to keep you from running over a song writer working a theme song. Yours, WILL ROGERS.
