

# SNOB ADVOCACY IS REPULSED BY SEN. COPELAND

## Don't Try to Marry Boss' Daughter—Lucky to Wed His Stenographer—Nothing Nobler Than to Be Citizen of Republic.

ELKINS, W. Va., June 4.—(AP)—"Don't be a snob. Don't try to marry the boss' daughter. God bless you if you are lucky enough to marry his stenographer."

This was the advice given the production class of Davis and Elkens colleges here yesterday by Dr. Royal S. Copeland, United States senator from New York.

Dr. Copeland deviated from his address to comment on the advice of Robert Edmund Rogers, associate professor of English at Massachusetts Institute of Technology last week. Prof. Rogers told the seniors of M. I. T.:

"The snob. It is just as easy to marry the boss' daughter as his stenographer."

"I care not what particular calling you may follow," Dr. Copeland said. "You will not live up to your responsibilities as an American unless you have a part in all those things having to do with the common welfare. There is nothing nobler than to be a citizen of this great republic."

# SWIM CLASS REGISTRY FRIDAY AND SATURDAY

Registration for the Red Cross swimming classes will be held at the Natatorium Friday afternoon from 2 to 4 o'clock and on Saturday from 10 to 12 a. m. and from 2 to 4 p. m. Parents are urged to send or bring their children to be registered as early as possible in order to be ready for the Monday classes.

The schedule is as follows:

9 a. m.—Girls' beginners' class.

9:30 a. m.—Boys' beginners' class.

10:30 a. m.—Boys' and girls' class.

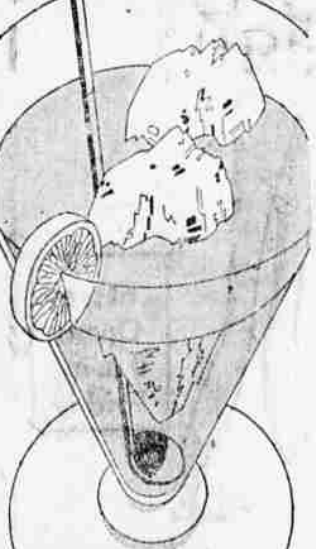

11:15 a. m.—Junior life savers.

7:30 p. m.—Adult beginners.

8 p. m.—Seniors' life savers.

Howard Horn, of Medford, on his plea of guilty in Judge Taylor's court this forenoon to operating a car with a California license, was fined \$10.

# SALT AFTER LOAD PLAN FOR VALLEY FRUIT SHIPMENTS

At the meeting this noon of the Rogue River Traffic association, it was voted unanimously that all fruit cars, the entire season, be salted after loading. This action was taken at the behest of the Southern Pacific railroad and the Pacific Fruit Express, who held that this would expedite the handling of fruit shipments, by eliminating switching. Representatives of fruit distributors not present at the meeting will be asked to concur.

Shippers at the meeting agreed that salting after loading would increase the benefits of the salt, and that they would receive the full value of the salt, under the new plan, when most needed—when the fruit was rolling thru the hot Sacramento valley. There was no change sought in the percentage of salt.

The Traffic association also voted to endorse the revised plan of the Rose Growers' committee for the extension of the Rose pear market to Detroit, and the advertising plan proposed.

David Rosenberg called the attention of the shippers to his plan for a rearrangement of packer rules in local packing plants. He declared that better results could be obtained by keeping the packer at the same place every day by day, instead of rotating them every hour. Mr. Rosenberg also described the use of bags in picking yards, claiming that the fruit was damaged. He favored the use of pallets. He said he did not care what pallet was used, so long as it was a pallet. The Rosenberg Brothers manufacture a picking pallet, that is recognized as valuable in orchard harvesting.

The suggestions of Mr. Rosenberg will be fully discussed at an early meeting, it was indicated.

A carload of mails to be used in the local fruit industry, is on its way from the factory. C. C. Darby, chairman of the mail committee reported.

J. E. Edmiston favored the appointment of a committee to study bills passed by the legislature affecting the industry. The chairman ruled this was not within the province of the association.

The annual election of officers of the Traffic association will be held the last Thursday in June, instead of the first Thursday of July, which falls this year upon Independence Day. An opinion handed down by Attorney Rawles Moore held that the advance in the election day would be legal. A president, a pair of vice-presidents, two directors, and a secretary and a treasurer will be elected.

Registration for the Red Cross swimming classes will be held at the Natatorium Friday afternoon from 2 to 4 o'clock and on Saturday from 10 to 12 a. m. and from 2 to 4 p. m. Parents are urged to send or bring their children to be registered as early as possible in order to be ready for the Monday classes.

# GREEN AND SWIGART WISH TO RELINQUISH SCHOOL BOARD POST

The annual election of the Medford school district, which in recent years has become a quite mild affair compared with the school elections for years prior thereto, because of the utmost harmony that has existed both in school board and general school affairs, and the general confident feeling of the public that the schools are well managed, will take place on June 17 between the hours of 2 and 7 p. m.

Two directors are to be elected to fill the expiring terms of Dr. R. E. Green and C. A. Swigart.

It is because of this feeling of confidence that the school authorities and leading friends of the schools are already busy at searching out able candidates to run, in case Messrs. Swigart and Green absolutely refuse to run for another term.

Neither is a tentative or passive candidate, feeling that they have done their duty by serving three years, and it is understood that to cement continued harmony on the board, quite a number of friends of the schools are at work trying to induce them to run to succeed themselves.

The halcyon member of the school board will be N. M. Frankling, Howard Scheffel and C. C. Lemmon.

# Wall Street Report

NEW YORK, June 6.—(AP)—Stock prices continued to move upward today with new leaders being brought forward in the food, railroad equipment and railroad groups. The buying continued to be rather selective in character with the outside public still showing little inclination to re-enter the market on a large scale.

Three Van Swearingen stocks were lifted to new high figures in the late afternoon. Allegheny corporation was bought in blocks of 10,000 and 15,000 shares on the rise to above 25; Erie mounted to 20 1/2, and Chesapeake corpora-tion to 19 1/2, all new marks. Love priced shares like Golden, Texas, port Texas and Tidewater Oil displayed pronounced strength. Air Reduction rose more than 7 points to a new high at 133 1/2. The closing was strong. Sales approximated 3,290,000.

# PINE DESIGNATION IS QUESTIONED BY U. S. TRADE BODY

James H. Owen, vice president and general manager of the Oregon-Oregon Lumber company, issued today a complaint filed with the Federal Trade commission and 45 other lumber concerns, charging misrepresentation in the sale of western yellow pine, as white pine, said the action had been pending for two years and that his company withdrew.

Mr. Owen said the issues involved were balanced questions, and the use of a trade name.

He further stated that the complaints had been filed at the instigation of inland Empire lumbermen in eastern Washington, who claimed they manufactured the true white pine. He said that the southern Oregon and northern California mills, named in the action, had sold their pine output under the name "California white pine."

The hearing will bring the matter entirely technical and business-like, to a head, and the Oregon-Oregon company welcomes it, he declared in conclusion.

All the Oregon mills named in the complaint are in southern Oregon, and those in this city are the Oregon-Oregon company and the Tomin Box factory.

WASHINGTON, June 6.—(AP)—The Federal Trade commission has today issued subpoenas against 45 lumber companies in California, Oregon, New Mexico, Arizona and Nevada, charging misrepresentation in the sale of western yellow pine as white pine.

The subpoenas include some of the largest lumber producers on the west coast. Hearings were set for July 5.

The lumber in question, the complaint declared, lacked many qualities of true white pine.

The designation which this pine was assigned, the commission declared, to avoid market disadvantages from possible confusion in the minds of buyers of western yellow pine with southern yellow pine, a still different type.

This has resulted, it said, in great confusion as to the relative qualities of the western yellow pine and white pine, which, the commission added, was recognized as a superior building material.

The Oregon companies against which the complaints were filed were the Oregon-Oregon Lumber company, Medford; the Forest Lumber company, Pine Ridge; Lamin Lumber company, Madoc Point; Algoma Lumber company, Klamath Falls; Chilton Lumber company, Chilton; Gray Mill and White Pine company, Gray, Calif.; Oregon Lumber company, Ashland and Lumber Box Co., Medford, Oregon.

WASHINGTON, June 6.—(AP)—After striking out amendments which would have excluded aliens and disfranchised citizens from the court upon which a reapportionment is based, the house today passed the combined census and reapportionment bill.

The vote was 372 to 105. The vote came after the house reconsidered its action incorporating the alien and disfranchisement proposals in the bill. A motion to send the bill back to committee also was beaten, 253 to 124.

The bill would insure a new allotment of congressional seats among the different states if congress fails to act on the basis of the 1930 census which the measure would provide.

# Wedding Bells

Miss Elaine Chamberlain of Lexington, Idaho, and Frank Miller, district manager of the LaMere store, were married Sunday, June 2, at St. Paul's of the Lutheran church officiating. They will make their home in this city.

Dale Franklin and Bernice Marie Flynn were married Tuesday night, at the First Methodist parsonage by Rev. Raymond Beck, pastor of the local church.

Now more than a **MILLION** FRIGIDAIRES have been built

With every department of the Frigidaire factories running at maximum capacity, with orders greater than at any time in the history of the business, on Thursday, May 16th, the Millionth Frigidaire was built

In both the Household and Commercial fields Frigidaire leads in sales to customers

THERE are definite reasons why more Frigidaires are in use than all other makes of electric refrigerators combined; why it is the choice of home owners, of builders, of apartment owners, of commercial refrigeration users throughout the world.

Beauty, power and convenience

Frigidaire has surplus power that meets every emergency in the hottest weather, and yet operates economically all year.

Frigidaire cabinets are beautiful—they are finished in gleaming porcelain enamel, or white Duco—clean and easy to keep clean. The mechanical part is completely enclosed and so quiet that you don't hear it start, stop, or run. Food shelves are elevated so that stooping is unnecessary.

The famous "Cold Control"

And in addition to the standard temperature regulator which automatically maintains an ideal temperature in the food compartment, Frigidaire is equipped with the famous "Cold Control" that speeds the freezing of ice cubes and makes possible dozens of new and delicious desserts and salads.

Low Prices

Because Frigidaire has achieved the million mark—because it is the overwhelming choice of the majority—the economies of quantity production have made prices so low that every model represents a tremendous saving to the buyer.

Mail Tribune ads are read by 20,000 people every day.

The "in of it" society, which is the first organization of the American Legion, is planning a get-together banquet at the Hotel Medford Friday, June 14. A short business meeting and entertainment program will be held in conjunction with the dinner which is to take place in the Century dining room. Chas. de Gato, John Halber, were all "volunteers" of the Medford volume to attend, and make their reservations be made at once. Many members of the Medford chapter from Ashland, Grants Pass and other nearby communities are expected to be present.
