

# GIANTS FAIL TO CHECK PIRATES PENNANT DRIVE

### Burleigh Grimes Relinquishes Early Lead to Giant Sluggers—Athletics Improve Standing at Expense of White Sox.

Associated Press Sports Writer. The Pirates charge remains unchecked, even with the Giants opposing it. John J. McGraw was forced to chafe in the New York dugout at Forbes field yesterday as the Pirates gave his charges a one-run defeat in the ninth after Burleigh Grimes had thrown a fine early lead. The Kluccers drove four hard smashes back at the venerable Jack Scott to score two runs after two were out and so to win by 7 to 6.

With the Cardinals held motionless by rain, the Pirates thus were able to nullify that theoretical half-game deficit under which they had labored while leading the league champions in percentage. Donie Bush's men are now in one of those famous "twilight" ties with the Red Birds, but hold in percentage edge through the noted process of having lost fewer games.

The Cubs defeated the Phillies by 7 to 3 in Chicago as the Robins and the Reds lay idle in a Cincinnati rain storm. Malone fanned 12 Phils, running his mark to 58, the best in his league.

Action on the American league front further improved the standing of the Athletics who exacted more toll from the hapless White Sox as the Browns turned upon the Yankees after three straight rebuffs. This combination of events increased the lead of the Mackmen to eight games.

Cornie Mack employed Rube Walberg to clinch his third triumph over the White Sox. Italic took the game in his stride and won by 7 to 3, aided by Al Simmons' 14th home run.

The defeat of the Yankees may be attributed in part to Miller Huggins' daring in exposing Myles Thomas to enemy fire in a starting role. Myles escaped with his life for two rounds, but the Browns cornered him in the third when seven hits netted eight runs and the ball game which eventually was won by 9 to 4.

Fred Heimach rushed to Thomas' rescue just in time to see George Blahodter, the St. Louis pitcher, cap the assault with a home run with two Brownies aboard.

Washington pitching again faltered at the capitol yesterday and Cleveland defeated the home team by 9 to 5. Willis Hudlin also had his troubles, but does not escape record in his time.

Montague to play in Medford Sunday. The Montague baseball team will play the Medford team at the fairgrounds next Sunday afternoon. The visitors have won six straight games, and will hustle the locals to win. A large delegation of northern California fans are planning on accompanying the team to this city.

Manager Paul Taylor of the local team expects to start Jack Hughes in the pitcher's box, and use Conlin as a reserve pitcher. Shangle will play second base, and Clarence Dunn will be shifted to the shortstop position, and Mahoney will be shifted to the outfield.

# KRUSE WRESTLES WITH ROMANO AT ARMORY TUESDAY

Wrestling fans of Medford and southern Oregon are promised another big wrestling treat next Tuesday night at the Armory, where Bob Kruse, that bad, rough wrestler of Portland, will meet Jack Romano, Los Angeles grappler, in whom Promoter Jack Wood thinks he has found a man capable of defeating the Oswego farmer, who has been having things his own way in all the matches in which he has taken part in Medford.

Romano has thrown Ira Dene of Salt Lake City, wrestled once to a draw with him and lost once on a foul. This is promising inasmuch as Dene recently defeated Kruse in Portland, giving Romano the edge in Tuesday's match. Nothing would please Medford fans so well as to see Kruse defeated and be taken down from the high horse he has been riding rough-shod over all his opponents in this locality.

It will be Kruse's last appearance before he leaves for a tour of New Zealand and Australia. As a special event, Sailor Jack Wood, local pride, will wrestle Joe Ferguson of Salt Lake City, boxer-wrestler, for 30 minutes. Ferguson, while as good a wrestler as boxer, has a main purpose in coming to southern Oregon in that he wants to meet Gene O'Grady of Ashland in a fight here sometime this summer. Ferguson is regarded as a good fighter, and his match with Wood promises to be filled with action. There will also be a preliminary.

# Extension Service Bulletin Gives Oregon Fruit Prospects

Special Oregon Fruit Report. The 1929 fruit prospects for the state as a whole may be rated as fair to good, with the best average price prospects in several years. The outlook for the small fruits, however, according to the U. S. department of agriculture and Oregon State college extension service bulletin of June 14.

The canner's pack of other berries amounted to about 13,000 tons and the cold pack to about 3550 tons. These 1928 figures furnish some sort of base for estimating the probable 1929 production.

The normal tendency of the appletoe alternate light and heavy bearing will result in a light crop this year, but being one of heavy production generally throughout the state. The Hood River and Rogue River commercial districts are expected to produce about 50 per cent of last year's crop. Other commercial districts will probably run 70 to 80 per cent of last year's crop.

Condition as a percentage of normal for the total crop for the United States is estimated at 65.6 per cent, compared with 72.2 per cent last year, and the 10-year average of 83.0 per cent.

Cherries. The cherry crop is very spotted in western Oregon, but apparently a little better than last year. The Dalles and Mosier districts are expected to have about the same production as last year. Hood River will probably show 20 to 25 per cent increase. Apparently the state as a whole should have rather more cherries than last year.

Raspberries. The raspberry crop will probably be a little less than last year. There was a little winter damage in some localities, and some few fields have not had proper care. The fruit is in good demand, some contracts reported at 8 cents per pound.

Strawberries. In the Hood River district an increase of 20 to 25 per cent over last year is expected. In western Oregon indications are that production will be about the same as last year, with packing prices a shade lower. Unfavorable weather for cultivation has resulted in poor soil condition in many fields, and growth of plants has not been normal. Considerable weevil damage is reported in some districts.

Blackberries. The blackberry crop will probably be a little less than last year. There was a little winter damage in some localities, and some few fields have not had proper care. The fruit is in good demand, some contracts reported at 8 cents per pound.

Blueberries. The blueberry crop will probably be a little less than last year. There was a little winter damage in some localities, and some few fields have not had proper care. The fruit is in good demand, some contracts reported at 8 cents per pound.

# EGGS AND BUTTER SOAR AS SUPPLY REPORTED SHORT

Portland, Ore., June 13.—(AP)—Reported shortage of butter stocks and demand for eggs for storage sent the prices of both products soaring today.

Eggs advanced all along the line. Fresh standard extras went up one cent to 32, fresh standard firsts one cent to 31, fresh medium extras one cent to 28, fresh medium firsts half a cent to 26 1/2, and current receipts half a cent to 25.

Butter standards jumped half a cent to 45. There were substantial declines in some poultry and fresh meats, because of increased supplies. Medium hens dropped one cent to 22 and 23 and Peking spring ducks went down from 35 and 35 to 22 and 25 cents.

Yearling lambs declined from 18 and 20 and 15 and 18 cents. Spring lambs dropped from 25 and 27 to 23 and 24 cents.

Strawberry prices were still going down. Sales of the best fruit were made at \$1.25 and \$1.50. Less desirable stock sold as low as \$1 a crate. The peak of the season was expected to stretch over this week and into the first part of next week.

### Wall Street Report

NEW YORK, June 13.—(AP)—Reduction in the call money rate to 7 per cent stimulated a revival of bullish activity in today's stock market. Buying continued to be of a rather selective character, however, with such important groups as the steels, motors, copiers and oils taking little part in the upswing. Utilities were again in the forefront of the advance, with the rails joining the upward movement in the afternoon trading.

### "I am so happy... that the last pimple is gone"

EVERY evening thousands enjoy themselves at dinner-parties, dances, theatres, games, clubs. Many thousands more are denied the joy of such merriment and happiness.

Maybe this denial is due to a skin trouble. First impressions cannot be good without a clear skin—first impressions are quickly made and are not soon forgotten. Old friends may excuse pimples and secretly sympathize, but new acquaintances may not be so charitable. Skin blemishes are not inviting. Neither can they be covered up. They embarrass. Hold people back. Steal away joy and happiness.

A lovely-clear skin—is within the reach of all. To those who have lost it, hope is offered. You, too, may have a beautiful skin, rose-petal in texture, pretty as a picture and without a single pimple.

Many thousands have recovered their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to disease. Improving the appetite, building firm flesh, and clearing the skin.

S.S.S. is made from fresh vegetable drugs and has a successful record of over 100 years back of it.

Take S.S.S. at meal-time. You will be delighted with its blood building and tonic effect.

All Drug Stores sell S.S.S. Ask for the larger size. It is more economical.
