BOYS HAVE BEER BUST IN PLACE OF BUSINESS

Late last night, while Policeman Peck was making his rounds and was about to try the door of an establishment in the business section of the city, hearing voices inside he investigated and found one of the employes and six of the latter's friends inside, whose ages range from 18 to 25, having what is termed as a home brew party, and placed them under arrest on the charge of possession of beer.

The young men, who were H. M. Jeschke, M. A. Perry, Arthur Hotchkiss, V. C. Pierce, C. Troutfeather, O. Turner and H. Huber, were fined $15 each in Judge Taylor's court today on the beer possession charge. The proprietor of the establishment had no knowledge of the party being held in his place until notified by the police.

ASSISTANT STATE FORESTER EBERLY CLASSIFIES AREA

H. J. Eberly, who is re-forestation specialist on the state forestry board, who under a new state law will classify the timber areas of each county which should be on the state tax rolls, and all state timber lands, arrived here yesterday to spend some time in this work in Jackson county. With him, cooperating in the work also arrived R. H. Chapler of Portland, an official of the Oregon Forest Fire association.

They were examining records in the courthouse today and Mr. Eberly will continue this work for some time yet in his investigation, while Mr. Chapler plans to leave for Portland tonight.

His present visit is like coming home for Eberly, who has many friends and acquaintances in Medford and throughout the county, because of his having been a former district state fire warden here for years before the World war, and in the state forest service after the war for some time prior to his going to Texas to become assistant state forester of that state. Mr. Eberly only returned to Oregon from the latter position a short time ago, because of his having been appointed to have charge of this classifying of timber lands under the new law.

OPENS WEDNESDAY AT HUNTS CRATERIAN

A new Mary Pickford in a powerful story, is coming to Hunt's Crateriam when "Coquette," all-talking version of the Broadway stage success, opens next Wednesday.

In this picture Miss Pickford is revealing to the world an entirely new and changed personality in a story replete with comedy and pathos, laughter and drama. The voices of Miss Pickford and her players have been reproduced with a clarity and naturalness new to the sound pictures.

MARY PICKFORD IN "COQUETTE."

The charming Mary will be seen in this story of a gay little flirt, modern daughter of an old-fashioned father, whose dancing feet led her into grim complications. Gone are the famous Pickford curls. Gone are the childish pout and little girl mannerisms of America's Sweetheart; in their place is a smartly-bobbed, chic, modern young woman, the epitome of today's spirit of youth, culture and the sheer joy of living.

CLEAR PARK ROAD TO LODGE BY SATURDAY

The road to Government camp in Crater National park was cleared of snow by last evening, in spite of the fact that snow fell all day, the large crews and machinery resuming the clearance work yesterday morning, after the work was called off Saturday because of the heavy rain falling that day.

While no word was received from the vicinity today up until late this afternoon, judging from the condition of the weather here today it was thought at the Crater National park office that snow or rain had been falling at the park today.

The fresh snow that fell Sunday did not interfere with the road clearance work, but it will make it a little harder to finish the road clearing work. The road to the lodge, Superintendent Solinsky said this forenoon, would be cleared and open for traffic by next Saturday night, if not sooner, it mostly depending on the condition of the weather.

CRATER ERUPTION FOR PARK SUPERINTENDENT

A special "eruption" of the Medford Craters club will take place tonight in honor of Superintendent Al Solinsky, new head of Crater National park. The meeting will be held at 6:30 p. m. in the Crater dining room and special entertainment features will be given during the dinner, including musical numbers by the Crater orchestra. Following the banquet the initiation ceremony will take place with Louis Ulrich as master of ceremonies. All Craters and their friends are cordially urged to attend this big "eruption."

MOTORCYCLISTS MARCH TO JAIL WITH PRESCOTT

An unique impromptu parade about which no advance notice had been given, but which many Medford people would have liked to have seen, took place last evening when George Prescott, city traffic officer, marched ahead of him on the street to police headquarters five motorcycle riders, without their motorcycles, whom he had arrested for speeding, in the vicinity of the senior high school building and Ivy street.

Complaints reached the police early in the evening of a group of motorcycle riders speeding around through the city, their fast going machines making much noise. Officer Prescott in his car started out to locate the offending group and located them on the west side an hour or so later speeding on Ivy street near the high school building.

This was about 8:30 p. m., and he was able to halt them by driving his car across the street directly in front of them.

He placed them under arrest, and in accordance with his orders, the motorcycles were stacked at one side of the street and the riders took up the march ahead of his car to the police stations.

The latter were fined $10 each in Justice Taylor's court this forenoon. They were Albert Foreman, Howard Horner, Robert and Fred Christean and Fred Cummings. They were speeding at 40 mies an hour.

Much compaint has been made by citizens in various parts of the city during the past week or so, of motorcycle riders singly or in large or small groups, speeding, and by so doing endangering traffic generally, pedestrians at street intersections and children crossing the street.
