# Economy Groceteria

THE HOME OF BREAD LIKE MOTHER MADE

## HOME GROWN VEGETABLES

There are two very good reasons why we sell none but home grown vegetables. Vegetables grown here are in most cases delivered to you the same day they come from the garden—they are fresh and crisp—of better flavor—contain less waste—and naturally are better for you.

But most of all we must not forget that no city is better than the country around it—and for Medford to prosper we must first bring prosperity to the farms.

So be sure to buy none but home grown vegetables—not just for your health's sake—but for economic reasons also, because every dollar you spend for produce grown on local farms stays here to help build a bigger and better Medford.

With an abundance on the local farms, bunch vegetables are being shipped into Medford.

### Insist On Home Grown Vegetables
