

MRS. L. CARPENTER WILL BE HOSTESS FOR GIRL SCOUTS

Mrs. Leonard Carpenter of this city gave a short talk at the Girl Scout's mass meeting at the Presbyterian church last night and extended an invitation to the Girl Scouts to be her guests and enjoy the private swimming pool at her home. Twenty-four girls will attend each Friday afternoon until they have all been her guests. Mrs. Carpenter also donated \$50 to the camp fund to help defray the expenses of the girls who will attend the scout camp.

Plans were made at the meeting last night for the girls to attend camp this year, from July 28 to August 17, at the Boy Scout camp located on the Applegate. Circulars were given the girls which told of the rules and regulations of the camp. This only cost to the girls who attend is their board, which will be about \$3 for the week. Miss Alice Laessle, camp director of Sioux City, Iowa, is now on her way to Portland, where she will conduct a camp, and then come to Medford. About 30 girls can be taken care of each week at the camp and activities such as swimming, hiking, archery, dramatics and games of all sorts will be engaged in. There are seven troops of Girl Scouts in Medford, with a total membership of approximately 175.

Mrs. D. J. Wilson, who has charge of the Medford troops, recently received the Harmon award of \$50, which is given for outstanding work done by supervisors. Honorary and captain of the Girl Scouts. There are 70 awards given annually. These awards are only given for three years, next year being the last. Mrs. Wilson has the distinction of being the only supervisor on the western coast to receive one of the awards this year.

Harmon awards are also given to the Boy Scouts, but because they have been organized longer they give awards to members of the troops. Alan Carley, student at the Medford high school, received a Harmon award last spring for outstanding work and scholarship.

AUTO CAMPS SEE TRADE INCREASE

Local auto camps have begun to experience an overflow of trade. Cars have been arriving in large numbers daily from extreme eastern and southern parts and in spite of the number of cabins and parking space occupied by the Medford camps and previously thought to be more than adequate, many of the travelers were forced to go to the hotels or to find other accommodations.

This is partly due, according to Emerson Merrick of the Merrick Auto camp, to the fact that the tourist season is one month late. Cold weather in the east and a rainy season in the south, slowed up the summer traffic, which expresses itself most strongly from the camp ground angle, beginning around May 29.

A number of cars from the state of New York, have been seen in the local camp grounds this past week. Others, from New Orleans and numerous southern points and a large number from middle western states have been noted.

EUROPEAN EDITORS ON REDWOOD HIGHWAY

A party of European editors, on their way north from California by motor over the Redwood highway will arrive in Grants Pass this evening at 7:35, according to word received from the Southern Pacific office this noon.

Accompanied by a delegation of California newspaper men over the Redwood highway as far as Grants Pass, the Europeans will be met at that point by a Portland delegation, while the Californians will return to their homes. A special car will be put on by the Southern Pacific line to take the visitors into Portland.

ROGUE RIVER CAMP GROUND PURCHASED

The Rogue River camp grounds, including the service station and store, situated below the town of Rogue River on the Pacific highway, were sold yesterday by W. N. Merrill, former owner, to Charles R. Bendson, recent newcomer here from Washington, Cal. The deal, closed by Howard Hare of the William B. Shelby agency, represented a consideration in excess of \$10,000.

Mr. Bendson, impressed with the future of Rogue River valley, intends to make extensive improvements in the Rogue River camp, both in the way of beautifying the grounds and installing modern equipment and conveniences.

Southern Oregon Monitor of 1896 Gives Interesting Sidelights on Early Day Affairs and Folk Here

A copy of the Southern Oregon Monitor, one of the granddaddies of the Mail Tribune, has been received at this office, from an unknown owner, who left it with Arthur C. DeVan for delivery. It is dated Wednesday, May 27, 1896, and is a chapter of local life 33 years ago. The paper's slogan was "Every One Is the Son of His Own Woods," printed beneath the name.

The first column of the first page is devoted to general information. Charles Strang was city treasurer, and W. T. York city recorder. One may learn, D. Cofer was marshal and F. Amann street commissioner.

Under the professional directory, one architect, three lawyers and five doctors are listed. Conditions are different now. Dr. E. B. Pickett, still practicing, was then in partnership with Dr. E. P. Geary, and had offices over Harkins' drug store. Dr. Emil Kirschner, well known throughout the county, is also listed as "late resident physician and surgeon Cook County Hospital, Chicago, Ill."

The second and third columns are devoted to "Our Washington Letter," written by John H. Mitchell, United States senator from Oregon, later involved in the Oregon land fraud cases, and who died of a broken heart.

Headed at the end of this article are "Don't forget the grand political blizzard and free ball to be held at Jacksonville on the 28th. Prominent speakers will deliver addresses, and no pains will be spared. This sounds ominous.

Under the heading: "These Are Facts," J. R. Neal, pioneer of beloved memory, in a column and a half letter to the editor, takes issue with N. A. Jacobs, county clerk, and defends his administration as county judge. He presents an exhaustive study of local tax conditions, and attributes most of the road expense to high water in March.

A table of the taxes paid by Populist candidates for county offices, compiled by the Ashland Tidings, is reprinted. There were nine candidates and five paid nothing. John Grive of Prospect was running for county treasurer, and he was assessed at \$1547. He is the father of Jim and Bill Grive, and is still interested in politics in season.

It is noted that the third annual convention of the N. C. T. U. was held at Medford in the Christian church, May 12, 13 and 14, and "was a great success."

Two columns of the first page are devoted to advertising. The Medford Brewery and Ice company announced the employment of "the most experienced brewer on the Pacific coast. 'Our lager is made from pure malt and hops.' They also said 'softened ice water.' Farmers were advised to buy harness from Beddeman and Nicholson, opposite the postoffice. The ad set forth that poor harness was worse than no harness. The firm also reported the arrival of a consignment of huggy whips.

"The New Nash Hotel, I. L. Hamilton, Prop.," informed the world that "special attention is paid to the cuisine, and no expense is spared to secure the comfort of our guests." The hotel had recently been remodelled.

Another ad set forth that "the Deere bicycle is a strictly high grade wheel for a reasonable price. J. A. Whitman, agent."

The Jacksonville Marble works announces its ability to make a monument and the Jackson County bank, J. E. Enart, cashier, invites inspection and does a general banking business.

Savants Study New Celestial Bodies Fifty Million Light Years Away As New Evidence on Structure Universe

By Oscar Leiding. Associated Press Science Editor. BERKELEY, Cal., June 22.—(AP)—The new evidence bearing on the structure of the universe has been laid before the American association of science with announcement of a study of three celestial bodies, fainter and more distant than any whose light has ever before been analyzed.

Dr. Milton Humanson and Dr. Francis Pease of Mount Wilson observatory, presented the evidence, which included the measurement of the greatest velocity known in nebulae, 4,900 miles a second by one of the bodies. All three bodies are moving away from the earth, the other two at speeds of 4,600 and 3,100 miles a second. Two are believed to lie in a cluster near the pole of the Milky way, while the third is nearer the earth.

RUTH'S DRIVES COLUMBIA AND DELAY DECISION CALIFORNIA ARE CRUCIAL SERIES RACE FAVORITES

Invalid Smacks Out Pair of Homers to Divide Double Header With Athletics—Capacity Crowds Witness Battles.

By William J. Chipman (Associated Press Sports Writer). The decision, if any, to be reached in the current crucial series at the Yankee stadium was postponed for at least 24 hours yesterday by that doddering invalid, George Heenan Ruth, the postponement was effected by the abandonment with which Mr. Ruth cursed two offerings sent up to the plate in the second game by Master William Shores, apprentice Athletic right-hander and suspected rescuer of George Earnshaw, the starting pitcher.

The Athletics had won the first game behind Bob Groves' puzzling slants by a score of 11 to 1, and were headed along the victory trail in the second with an edge of 2 to 2 when the Babe became the Babe again. His eleventh and twelfth home runs converted a 2 to 3 Yankee deficit into an 8 to 2 lead for the Athletics.

As the climax to the big Blue parade, the Eli team rowed to three victories yesterday, capturing the classic four-mile varsity race by a good four and one-half lengths, to make their contribution to previous Yale triumphs in hockey, basketball, track and baseball.

Yale won yesterday's two-mile freshman race by three-quarters of a length, the two-mile junior varsity by four lengths.

A S. Haggden, Jr., of Greenwich, Conn., was elected captain of next year's Yale crew.

Lawrence W. Dickey of Bedford Hills, N. Y., was elected captain of next year's Harvard crew.

PICHE PLANS TO ADOPT ORPHAN BASEBALL NINE

A baseball game that promises to be hotly fought will be played at Grants Pass tomorrow afternoon between the Grants Pass nine and the Orphans baseball team. The Orphans formerly hailed from Jacksonville, but being disowned by that city, the players are seeking to be adopted, and according to present indications, Al Piche's Hardware and Sporting Goods Store will be foster father.

Manager Louis Puhl has several interesting changes in his lineup, but has not made them public. He is reported to have gained the services of an additional pitcher and a new hard-hitting batter. His team has been holding regular practice and is eager to play any nine in the vicinity.

Coast League Yesterday

Table with columns for League (Pacific Coast, National, American), City, W, L, Pct. Lists results for various teams like San Francisco, Oakland, Hollywood, etc.

Fights Last Night

SAN FRANCISCO, June 22.—(AP)—Young Corbett, 147½, Fresno, defeated Clyde Chastain, 147, Dallas, Texas, last night and bettered his chances for a match with the welterweight champion.

FANS INTERESTED IN RETURN MATCH ROMONA AND BOB

If present indications hold good, the return match next Monday night at the Armory between Bob Kruse of Portland and Jack Ramona of Los Angeles is expected to draw the largest crowd of the season. Romona was defeated in a match with Kruse last Tuesday, but declares it was a fluke, and he is determined to have revenge.

In view of the ability of the two men, reports were circulated yesterday that a scout looking for new wrestling material by the way of heavyweight championship contenders will be present Monday, and it is likely the winner will be given an opportunity to take part in a match possibly leading to a shot at the championship.

Wrestling fans are buying seats fast and mail orders are also being received.

Joe Ferguson, wrestler-boxer, who threw Salter Jack Wood here last week, will be the referee for the evening, and it is generally expected he will find plenty to do in keeping the two men on good wrestling terms. Ferguson may also be placed on the card in a special event of either wrestling or boxing.

INDIAN MARATHON RUNNER INURED AT HAPPY CAMP

GRANTS PASS, Ore., June 22.—(AP)—Flying Cloud, famous among coast Indians as a runner, and winner of the 1928 Redwood high way Indian marathon, was lying on a hospital cot here today, seriously injured, the result of an automobile accident. Flying Cloud, whose real name is Henry Thomas, was hurt last night on the Klamath River highway a few miles from his home at Happy Camp.

His legs were badly crushed and it was believed he suffered internal injuries.

Flying Cloud had expected to start training next month for the 1929 Indian marathon.

RICHFIELD CO. ERECTING BEACON IN SISKIYOU ASHLAND, Ore., June 22.—(Special)—Mr. and Mrs. W. H. Norris of the Summit ranch on the Siskiyou have recently leased their service station on the highway to the Richfield Oil company of California. The company will make extensive improvements at once and already has a force of workmen making preparations for the erection of a steel tower, 125 feet high, which will be electrically lighted and will support a huge beacon. Buildings will also be erected for the display and sale of Richfield products. Just across the highway from the station, Mr. Norris will conduct a confectionery, lunch counter and tea room.

school commenced Monday with a good number of children present. Mrs. Nee has charge of the kindergarten and Mr. and Mrs. Davidson have charge of the grades. The first week is being spent in memorizing Bible stories, reading Bible stories and handwriting for the kindergarten. Next week there will be special craft work. The children have already an array of their craft, scissors, etc.

Mr. and Mrs. C. F. Hayes returned Saturday from Myrtle Point, where they have been visiting the past week.

Amos Ayres of Medford was buying linoleum on the floor of the kitchen for Mr. and Mrs. Percy Haley in their new home.

A minor operation was performed on the young son of Mrs. Myrtle Greb Smith Monday at the home of her parents, Mr. and Mrs. John Greb. Dr. Sears performed the operation.

Miss Sybil Carter is attending summer school in Medford and will star with her sister, Mrs. Roy Hurlston, at Phoenix.

Eugene—Museum of fine arts will be erected on University of Oregon's campus.

The proven oil sprays for oil-lead combination

Oil-lead combination is recognized as the most efficient coding moth control yet developed. But you must use the right oil spray.

Experience points to Orthol-K and Volck. They have been proven by wide use thruout the Northwest. Of very high refinement and of exactly the correct viscosity for real control at low dosages, they can be applied by the grower with confidence in the results.

The use of Orthol-K and Volck lessens the amount of lead required and thus simplifies the problem of residue removal. "Light", "Heavy", and "Medium", to meet all conditions.
