

U.S. UNDISPOSED TO DELAY DATE FRENCH DEBTS

Stimson Gives Ambassador Scant Hope for Postponement—Report to Cabinet Says Envoy Applied Himself With Energy.

PARIS, France, June 29.—(AP)—American Secretary of State Stimson gave Ambassador Claudel no hope for a favorable decision on the French request yesterday for postponement of maturity of the French debt for American war stocks. It appeared today at a meeting of the cabinet which considered Ambassador Claudel's dispatch in reply.

The French ambassador's report says: "The ambassador of France applied himself with great energy and set forth to the American government the reasons for the request of postponement as asked by the chamber and contained in the dispatch received."

"Americans deem that the United States has conducted negotiations in a friendly spirit toward France, since by the accord of 1926 it consented in reality to abandon the French debt to the United States treasury during the war and limited its demands to repayment of post-war borrowings."

WHEN HENRY FORD AND HEIRS ESCAPED INJURY

Henry Ford, his son Edsel and the latter's family shown in the picture escaped uninjured when the explosion of flashlight powder hurt nine persons, at the pier of the S.S. Berengaria on which Edsel and his family returned from Europe. Left to right: Mr. Ford, Benson and Henry, Jr., and Mr. and Mrs. Edsel Ford.

RANGERS FIND LOST TEACHER IN YOSEMITE

Supt. Thomson Praises the Work of Park Men Who Rescued Bernice Trussell—Missing Five Days—Found Weak and Hungry

YOSEMITE, Cal., June 29.—(AP)—Miss Bernice Trussell, San Jose school teacher, who has been missing for five days in Yosemite national park, was found alive today by forest rangers who hunted all night for her with searchlights.

Miss Trussell was weak and exhausted from lack of food and exposure. Her feet were badly blistered and bruised from tramping through rough, hilly country day and night. Otherwise she was in good health.

Rangers said the young school teacher would be carried 10 miles on horseback to an automobile and then removed to a camp for medical treatment. When she will be allowed to return to her home in San Jose depends, it was said, on how rapidly she recovers.

Miss Trussell was found in the Duane Vista Creek region. She disappeared last Monday while returning from Glacier point with Miss Rose Ward of Los Angeles a companion.

Supt. C. G. Thomson of the park ranger service said that finding the young woman was the result of excellent work by his scouts and rangers, a combination of mountains and forest lore and unflagging grit.

Wall Street Report

NEW YORK, June 29.—(AP)—The stock market coasted along today on the wave of bullish enthusiasm created this week by definite indications of a relaxation in credit conditions. Prices generally moved upward with the public utility, merchandising, chemical and investment railroad shares all presenting numerous points of strength.

Investment railroad shares were in brisk demand. Wholesale belief that two or three additional large public utility mergers are in the making helped to maintain interest in the power and light stocks.

R. H. Macy scored 13 points to a new high of 217.

Mexican Seaboard, which has just opened up a new field in California, again was in brisk demand, moving up three points above yesterday's close.

GENERALLY FAIR IS WEATHER PREDICTION

SAN FRANCISCO, June 29.—(AP)—The weather outlook for the week beginning June 30 was announced today by the United States weather bureau as follows:

Far western states: The outlook is for generally fair weather, but with considerable clouds and fogs on the coast. Temperatures will be near the normal.

JOHNSON PLANE FORCED TO LAND SHORT OF MARK

MINNEAPOLIS, June 29.—(AP)—"Miss Minneapolis," piloted by Theobald "Tommy" Johnson and Owen Hausland, failed today in the attempt to break the world's endurance high record after 149 1/2 hours' continuous flying. The record is 172 hours, 32 minutes, 1 second.

Motor trouble forced the little Cessna monoplane to land in a wheat field one mile south of London, which is 15 miles south of the Twin Cities, at 10:25 a. m. The plane was in the air 149 1/2 hours, having taken off at 5 a. m. last Sunday. This time was 23 hours less than the record.

CLEVELAND, June 29.—(AP)—Pilot Roy L. Mitchell and Byron K. Newcomb were flying over the Cleveland airport today following their second successful take-off in an attempt to break the world's endurance record for planes refueled in flight. They took off at 6:38 yesterday afternoon, after being forced down by a storm earlier in the day during the first attempt.

PORTLAND BUNCO ARTIST TRIED TO SWINDLE WOMAN

PORTLAND, Ore., June 29.—(AP) Robert L. Clayton, 34, Boston, Mass., ended what police said was a career of bunco when he was sentenced to pay a \$500 fine and spend six months in jail today after he is alleged to have swindled a 22-year-old Portland girl out of \$200.

Clayton was arrested Thursday in a downtown hotel as the result of suspicions of the girls' brother.

Police said today Clayton posed as J. Curry, steward of the yacht Quaker City in port at San Francisco. He called on a religious society here and said he was on leave to find a stewardess for the yacht. He selected the girl, 22, and told her she would be compelled to purchase a new uniform costing \$200.

PERSECUTION OF YANKS HALTED BY HEAVY RAINS

Postpone Second Game of Shibe Park Series—McGraw Crew in Third Position, Though Inactive—Manush Leads Hitters.

By William J. Chipman (Associated Press Sports Writer)

A large section of the Delaware river, east into Shibe park at an inopportune moment yesterday, caused a let-up in the persecution of the Yankees by the Athletics. With 20,000 Philadelphians yelling for more of the blood of Huggins, the crowd game of the series was out over until August 7, when a double-header will be played.

Eastern teams in the National league also suffered from the rain yesterday. Unwilling to permit such safe playmates as the Phillies to escape unattended, the Giants immediately arranged a double-header for this afternoon, which makes four games with the Phils in two days, as a double-decker already was carried for Sunday. The Robins also will double with the Braves on the Sabbath.

John J. McGraw climbed into place through remaining inactive yesterday, as the Cubs obligingly defeated the Cardinals, who previously were tied with the New Yorks. The Cubs themselves rode to the crest on their 3 to 5 triumph as Cincinnati defeated Pittsburgh by 10 to 3 in the third game of the series. This combination of events gave the Bruins a virtual tie in games with the Pirates, but the McCarthy entry led because of fewer defeats.

The Senators and the Red Sox offered the only action in the eastern half of the American league, the Bostonese winning by 5 to 2, but all of the western clubs took the field. Alvir Crowder pitched the Browns to a 7 to 2 breeze over the White Sox in Chicago, and Cleveland shaded George Uhle and the Tigers by 5 to 1 at Detroit.

LINDY AND ANNE ENTERTAINED BY FLIGHT BACKERS

St. Louis Friends Who Had Faith in Obscure Youth for Ocean Flights, Hosts On Home Visit—Hop West Late Today.

ST. LOUIS, June 29.—(AP)—Entertained by the backers who first believed the obscure national geyser captain could fly from New York to Paris, Colonel Charles A. Lindbergh and his bride had a program of business and informal pleasure today with the intention of taking off for Kansas City on their leisurely western flight late this afternoon or tomorrow morning.

While Colonel Lindbergh yesterday conferred with transcontinental air transport officials and inspected the facilities of the line, Mrs. Lindbergh was entertained privately by Mrs. Harry Hall Knight. Colonel and Mrs. Lindbergh were guests at a small dinner party given by Major William R. Robertson, a backer of the New York-to-Paris flight and the colonel's old air mail boss.

Lindbergh told interviewers that St. Louis was a logical crossroads in the future of commercial aviation and advised the construction of permanent runways before freezing weather sets in at any rate, at Lambert-St. Louis field. "My duties in the future with transcontinental transport will require more of my time in St. Louis than heretofore," he said, "but of course I'll be spending quite a bit of my time in New York."

HOPPER-BUTLER OPPONENTS FOR RACQUET FINALS

Flashing an all round game that would not be denied, "Parson" Hopper, former Wisconsin state title holder, defeated Cramer "Bud" Deuel in the semi-finals of the Medford Tennis tournament at the high school courts last evening. The count was 6-2, 2-6, 8-6. In the other semi-final match played this morning, Harry Butler won from H. C. Wilson, 6-1, 6-4. Hopper and Butler will meet in the finals at the high school Sunday afternoon at two o'clock, in a three out of five set match.

After losing the first set to Hopper, 6-3, Deuel came back strong with a fast volleying game in the second set and ran it out, 6-2. It remained for the third set to bring out the best tennis of the tourney and it was not until the final call had been made that the match could have been said to be out of Deuel's grasp. It was a fight from start to finish, with both players showing plenty of scrap. Hopper's reserve strength finally carried him thru to victory.

SOMETHING QUEER IN HUDKINS FIGHT SAYS RING BOARD

IN this morning's match Wilson's game was off while Butler, as usual, was on top of his game. Wilson's overshooting of the base line cost him game after game.

Butler and Deuel won from Garfield and Crowson in the quarter finals this morning, 6-2, 6-2, and will meet Edmondson and J. J. Hopper in the semi-finals this evening. Hopper and Deuel will meet the winners of this match in the doubles finals Monday evening.

SAN FRANCISCO, June 29.—(AP)—On the ground that the fight between "Ace" Hudkins, Nebraska welter, and Charley Debraux, French-Canadian 112 lb. heavyweight, had "looked bad," Joe Gushlee, secretary of the state boxing commission, held up the purse, amounting to about \$29,000 here last night.

Gushlee announced the withholding of the purse, shortly after the ending of the bout, which resulted in a decision for Hudkins. Fight fans hurled their denunciations and other papers into the ring to show their disapproval of the brand of boxing exhibited and most of the sports writers agreed that it "certainly did look bad."

Gushlee, who said he had acted upon the orders of William Hamilton, state boxing commissioner, announced that an investigation would be held, probably next Tuesday.

Report Fourth Fires

SALEM, Ore., June 29.—(AP)—Anticipating the usual fires and injuries due to fireworks in Fourth city celebrations, and seeking data to be used in curbing damage in the future, State Fire Marshal Charles A. Lee is calling upon the chiefs and police chiefs for reports of all fires and accidents due to these causes this year.

End CODLING MOTH damage

SPRAY your trees with Orthol-K or Volck and lead in combination. The oil spray kills the eggs and the lead kills the worms. This double protection means cleaner trees, more "Extra Fancy", and increased profits.

These sprays have been used on an extensive acreage for several successive seasons and are the proven oil sprays for codling moth control.

Orthol-K and Volck are made from special oils of very high refinement and of exactly the right viscosity to give effective control at low dosages (without interfering with the normal functioning of the trees).

Also control summer scale, red spider, bud mite, rust mite, leaf hopper and aphid in the same application. Ask for our complete Orchard Spray and Pest Control Program for the Northwest.
