JONES IN SLUMP FOR GOLF TITLE TIES AL ESPINOSA

WINGED FOOT CLUB, Mamasoneck, N. Y., June 29.—(AP)—Out on the high perched home green this afternoon, the greatest golfer of them all, Bobby Jones, somewhat tired and worn by a bruising battle with par and a record gallery, took to study the difficult line of a 12-foot putt on which hung his last hope of staying in the hunt for the open golf championship of the United States.

White fully 12,000 spectators posted, shovels and rilled for a peek at the last episode of a dramatic struggle, Jones stepped up briskly, struck the ball and sent it curving beautifully into the cup for the par fourth, enabling him to tie with Al Espinosa, after the Atlanta amateur had come perilously close to disastrous elimination.

Jones, two-time champion, now in his fourth playoff, and Espinosa, professional of the Sportsmen's Golf and Country Club of Chicago, now sharing the greatest heights he has ever experienced, tied for the reputation 72 holes at 294 strokes each after one of the wildest battles in the history of the tournament. Jones finished as poorly as he started brilliantly, scored 69-75-71-79. Espinosa put together rounds of 70-72-77-74.

Tomorrow they will play off for the title at 36 holes, 18 in the morning, starting at 10 o'clock, and 18 in the afternoon at 2 o'clock. Thus, for the second successive year, Jones, with the crown apparently perched firmly on his head, permitted it to slip off in the final round for other hands to grab and dispute with him.

Last year the famous Atlanta amateur, in a similarly commanding position as leader, going into the last 18 holes frittered away seven strokes on five straight holes, wound up in a tie with Johnny Farrell, also at 294, and then lost the play off by a stroke at Olympia fields.

M'PHERSON WINS OWN GOLF PRIZE

It is said that there is a close race on at the Hoque Valley Golf course. All Scotchmen worthy of the name, are cautioned to turn out today and defend their honor. In fact they are urged—begged—to wake up and hear the birds sing.

Fred McPherson, Scotch clothier, recently offered an award each Monday, beginning tomorrow, to the golfer who holds the lowest net score for the previous week. It is alleged that this was a scheme to draw trade to his place of business. Fifty nifty widders, 40 of whom were of the clothier's nationality, turned out bright and early last Monday. But so far Fred, himself is in the lead by five strokes.

McPherson will be releasing his score card for some second, for fear it will become lost. It is said, though, that his countrymen, who know him best, claim that Fred will keep the award himself if he retains his present position. The honor of the Highlands is at stake, Jack Hueston, professional at the country club volunteers to lend what cooperation and moral support he can to the determined contestants who show up at the course today.

Mr. Hueston also announces that the matches of the Black and Tan tournament started yesterday and ending today, found the Blacks in the lead by four points. He urges a showing of color on the part of the Tans today to overcome yesterday's result.

GRANGERS TO HOLD PICNIC, JULY 4TH

The Sams Valley, Central Point and Rogue River granges all observe July 4 with an old-fashioned farmer's picnic on the Rogue river, near Hybee bridge, according to N. C. Westerfield, poultry specialist, temporarily situated at the Farmer's Exchange headquarters here.

Other granges, as well as the public in general, are invited to join these three organizations at the appointed location. Each person attending will bring a basket of food which may be divided as the participants see fit. There will be talks, games and special stunts in keeping with the spirit of the day.

LEGION TO BUILD CAMP FOR SCOUTS

Local Legionnaires who plan to take part in the rebuilding of the scout camp today are urged to gather at the "chamber of commerce" building at 9 o'clock this morning. Transportation will be furnished those without cars if present at that hour. Those who leave later are directed to the scout camp as follows: Take Jacksonville highway to Rush store, turn to left and follow road eight miles up Applegate river. Camp is located on right hand side of road. All Legion men are urged to bring hammers, saws, swimming suits and a good appetite. The auxiliary ladies will provide the "cats."

FIRESTONE TIRE BUILDING TO BE READY IN AUGUST

The \$72,000 plant being built for the Older Tire Service, Inc., on South Riverside, by the Firestone Tire and Rubber company, will be completed by August 15, according to Merritt and Borg, general contractors in charge of construction. H. C. Gile, superintendent for the Firestone company is supervising the building program.

The attractive construction which will cover a space of 153 by 80 feet will be the wholesale distributing point for all the Firestone products throughout Southern Oregon and Northern California. The building will contain one story and a mezzanine floor for the stock and displays. The exterior will be a stucco finish and the front of the plant will be almost a solid mass of plate glass windows.

A force of between 10 and 15 men, will be used in the new plant, under the direction of L. P. Older, lessee, who will take possession of the building August 15. A formal opening of the plant is being planned by Mr. Older, the definite date and program to be announced later.

Merritt and Borg, contractors on this project, have a list of large local structures to their credit, including the Montgomery Ward building, the top story of the Masonic building and the top story of the Hotel Medford and others, in addition to a number of the larger residences of the city.

PROSPECT PLANT OF COPCO TO BE A BEAUTY SPOT

Tourists and local people who drive to Crater Lake this summer will have their attention directed to "the largest hydro-electric plant in the state" by an attractive new sign erected by Foster & Kleiser for the California Oregon Power company. The sign, which is 10 feet long, is located near the highway, across from the Prospect No. 2 substation and is brilliantly illuminated at night. It is the first step in an improvement program of the California Oregon Power company at Prospect No. 2, which contemplates the landscaping of the grounds, erection of comfort stations and drinking fountains and provision for adequate parking facilities. An observation platform overlooking the beautiful Rogue River canyon and the new power plant will be erected in the near future for the benefit of tourists and local visitors.

The Prospect No. 2 power plant has already become noted as one of the outstanding attractions of the trip from Medford to Crater Lake and, with the addition of the many new improvements it will no doubt attract thousands of visitors during the tourist season.

BUNGALOW SOLD TO R. M. PADDOCK

The attractive little five-room Dutch colonial bungalow at Glen Oak court, built a short time ago by Walter Jones, architect and contractor, for the Southern Oregon Construction company, was sold Friday to R. M. Paddock, for the consideration of \$6500. Mr. Paddock, who has only lived in Medford about a month, came here from Indiana. He is employed at the Gates Auto company.

The windows of the little white bungalow are tinted in green and shaded by gay orange awnings. The surroundings are very artistically arranged.

The house was open to the public a short time ago as a model home. The sale was made through the Beebe & Sims realtors.
