

# CLEVELAND PLANE SETS AIR RECORD

### Mitchell and Newcomb Resting After 174 Hours, 59 Seconds Aloft—Old Mark Exceeded Over Hour—Weariness Forced Descent—Crowd Charges Plane—One Killed.

CLEVELAND, Ohio, July 6.—(AP)—Holders of a new world's record for endurance flights of 174 hours and 59 seconds, pilots Roy L. Mitchell and Byron K. Newcomb today rested their wearied bodies after remaining in the air from a week ago Friday afternoon until 12:39:59 this morning. They brought their plane to earth at Cleveland airport.

They exceeded by 1 hour, 23 minutes and 59 seconds the old mark set recently in Fort Worth, Texas, by Reginald Robbins and James Kelley, who remained aloft 172 hours, 32 minutes and 1 second.

Weariness brought the airmen to a landing and the victims, according to 75,000 persons, one of whom was killed, after a flight which became more hazardous and difficult as the days elapd out down their physical endurance.

The climax of the attempt came but a few hours before it ended, and the two men said it nearly killed them. They survived a severe electrical storm which damaged their refueling plane in a forced landing, and stopped all other air traffic to fight on for the record, attained 12 hours later.

Exhausted, the airmen immediately were taken under guard to a hotel, to sleep throughout the day if they desire. They were spent. "We broke the record. That's enough. All we want now is sleep," Newcomb said.

Resting with them was Ernest Bushman, pilot of the refueling plane, who completed 24 contacts during the flight to replenish the supply of gasoline and fuel.

Roads jammed for miles, and the airport was crowded with spectators when the record was equalled shortly before midnight.

The waiting crowd watched anxiously as the next hour passed, and joined in the cheering when the record was set at 12:10:52.

Rockets and flares were released in salute to the airmen. A display of fireworks added to the brilliance of lights at the field.

Thinking that the flight was to continue, the crowd started to disperse, but few had left the places at 12:37 when a red flare, the signal of a landing, was dropped from the plane.

Less than ten minutes later the wheels touched the earth. Then the crowd charged.

Police were helpless. The field was overrun, and it was during this rush that Steve Kisko, 19, lost his life. He climbed to a vantage point atop an electric interurban car and was electrocuted.

Unknown, the crowd surged, and as the pilots swung the ship around, hundreds crowded the plane, hanging to the wings and tail as it was taxied to the hangar.

Mitchell and Newcomb rose swifly from their seats and stepped out. Again the mob fought to get near the fliers. They were hurried into the company's office inside the hangar, and many of those unable to follow fell upon the plane, tearing it with their hands as they sought souvenirs. It was not seriously damaged, however.

The fliers praised the performance of their engine and plane, and declared that their motor would have functioned indefinitely.

The fliers greeted their wives first, then after accepting hurried congratulations, hurried to their rest. Their homes were guarded today while they recuperated.

# WIDE REGION IN EUROPE COUNTS STORMS' COST

### Storm Series Kills 28—Hundreds Injured—Crops Destroyed—Traffic Interrupted—Wind Exposes Coffins in Cemetery.

LONDON, July 6.—(AP)—Central Europe dug itself out today from debris of a series of storms which yesterday swept down from southern Germany and killed 28 persons, injuring hundreds in Czechoslovakia, Austria, Yugoslavia, Germany and Switzerland.

The storms, which at times feroed hurricane intensity and exceeded 100 miles an hour velocity, did widespread damage, destroying growing crops in some districts, tearing down telegraph and telephone wires, and interrupting railroad traffic.

The disturbances began in Germany, as hail storms tore down through Bohemia and Moravia, and swung eastward, and turned into Austria, where they raked the republic's length and breadth.

Here the disturbance avoided, one section sweeping south through Jugoslavia and another continuing westward into Switzerland.

The wind reached a velocity of 100 miles an hour in Austria, interrupting shipping on the lakes and in the Danube, and maintained an average of 75 miles an hour. It was particularly violent near Nuremberg, Germany, where one peasant was killed, thousands of windows smashed by hail, and many homes partially destroyed.

Ten persons were killed at Zenica, Jugoslavia, when the river Romsa, whipped by the tornado, flooded a cottage in which a number of terrified peasants had sought shelter. Seven persons were killed in Bohemia and Moravia, and ten more in Austria.

Hundreds were injured along the path of the storms by falling walls, uprooted trees and flying debris. There were the usual number of freaks. In one village, Oradea, Moravia, the wind wrecked the cemetery and exposed coffins in the ground. At Parubice, Bohemia, a passenger alighted from a train was blown under the wheels of a coach and was killed when the train started.

# SIAMESE TWINS PLAN MARRIAGE WITH SISTERS

### Officials Befuddled As to Case—Clerk Rules Twins Not Single Because Joined Together—Dual Personality Is View.

MANILA, July 6.—(AP)—Lucio and Simplicio Godino, 21 years old, Filipino "Siamese twins," announced today their intention of marrying Nativilia and Victorina Matos, sisters, Tuesday, despite official opposition. After marrying, they said, they would go to the United States to enter vaudeville.

A license clerk's ruling that the twins were not single because they were joined together, was overruled by the Philippine department of justice, and they will be granted a license to marry. The clerk denied the license a few days ago, saying that while in one stage they were single because unmarried, in a larger sense they were not single because of the physical tie which bound them.

The clerk held that they were one individual with a dual personality, and that their marriage would result in that one individual having two wives.

As a result of the decision of the department of justice, permission to wed probably will be granted Tuesday.

The twins are joined at the base of their spines. The tie is flexible and they are able to get around easily, although always back to back.

# CARDS FUMBLE TENTH STRAIGHT GAME IN SLUMP

### Bad Guess By Haines Gives Klein Chance to Smack Fast One for Circuit in Tenth Frame—Hafey Also Hits Homer.

By William J. Chipman, Associated Press Sports Writer

Guns were spiked generally along the baseball front yesterday as the major league armies moved into position for another series of inter-sectional battles, but the Cardinals found time to lose their 10th straight while waiting for the other teams to swing into action.

The champions were accommodated yesterday by nobody but the Phillies, who obligingly dropped 20 out of 22 to St. Louis last year.

Joe Haines made as if to slip a fast one past Charlie Klein, first Philadelphia batsman in the 10th inning, after Master Klein had refused to bite at two wide books. The fast one was just to Klein's liking, and he drove it high over the right field wall of Baker Bowl, to give the Phils a 19 to 9 decision. It was his 29th home run, and enabled him to keep pace with Chick Hafey of St. Louis, who picked up his 29th earlier in the game.

The Cardinals will remain in Philadelphia for a full series, and the Cubs will invade the citadel of the Braves today, but the rest of the inter-sectional openings will be delayed until tomorrow. The Reds, who hold the Giants in the awe, will come to the Polo grounds for two games on the Sabbath after a far-welcomed brush with Pittsburgh today, and the fast moving Pirates will settle themselves at Ebbets Field, Brooklyn today.

As the Pirates and the Cubs give each other heart failure in the dash toward the National League stretch, Cornelius McGillicuddy moves serenely toward his seventh flag with his two nearest rivals, the Yankees and the Browns, nine and one-half games to the rear. The Mackmen open a series at Chicago today as the Yankees and the Browns begin a fight to see who shall hold second place for the moment.

The Indians turned back the White Sox by 11 to 10 in a groggy game at Cleveland yesterday, prior to the arrival of Boston in Cleveland and of Washington in Detroit for two stirring series. The victory gave the Indians an edge of four games to two in the extended holiday engagement.

Horatio Brix, a University of Washington Product, threw the eight-pound shot 57 feet, 11 inches—a new world's record.

# DECATHLON ACE BEST ATHLETE OF WHOLE U. S.

### Kenneth Doherty of Detroit Makes Highest Score in United States Competition History—Three Relay Marks Fall.

By FRANK H. FRAWLEY, Associated Press Sports Editor

DENVER, Colo., July 6.—(AP)—The greatest all-around athlete in the United States, by Amateur Athletic union measurements, is Kenneth Doherty of the Cadillac Athletic club of Detroit.

Doherty yesterday scored 7,784.6 points in the decathlon of the annual A. A. U. track and field championships. It was the highest score ever made in the United States for the thrilling competition, lasting almost a full day. The highest number of points previously scored was 7774.42 by Elkins of the University of Nebraska in 1927. Doherty's showing closely approached the world's record of 8033.290, made in 1928 by Paavo Yrjola of Finland.

Doherty, who won the A. A. U. decathlon title last year with 7600.62 points, beat out a line field of competitors in the 19 events—the 100 meters run, broad jump, 110 meters hurdles, discus throw, pole vault, javelin, 1500 meters run and high jump.

V. Kennedy of Warrensburg Mo., Teachers' college, was second with 7362.093 points and Wilson Charles, an Oneida Indian of Haskell institute, third with 7240.953.

The three-day stand of the "American Olympics" came to a close with relay records being smashed. Two new marks went to the credit of the Los Angeles Athletic club, which took the relays championship with 16 points, and one to the New York A. C.

Milt Maurer, Charley Paddock, Maurice Guyer and Frank Wykoff carried the L. A. A. C. colors to a world's record in the 400 yard event for a track with two turns, covering the quarter mile in 31.9 seconds, a half second faster than the old mark.

This same quartet clipped one full second from the A. A. U. record in the half mile. The new mark is 1 minute, 26.4 seconds. Jackson Scholz, Johnny Kerr, Howard Jones, and Frank Cuhel, running for the New York A. C., set the A. A. U. record for the mile at 3 minutes, 17 seconds, or six-tenths of a second faster than the old mark made in 1925 by an Illinois A. C. team consisting of Stevenson, Taylor, Oestrich and Kennedy.

Horatio Brix, a University of Washington Product, threw the eight-pound shot 57 feet, 11 inches—a new world's record.

For the recently organized Medford Lawn Tennis club "Parson" Hopper, winner of the recent tournament, Alvin Tollefson, H. G. Wilson, Jimmy Edmiston, Harry Butler, Cramer "Bud" Deuel, "Bill" Kirkpatrick and Al Steehr are available for action.

With both clubs collaborating, plans are being formed for a southern Oregon singles and doubles tournament to be played here in about two weeks with stars from Ashland, Klamath Falls, Roseburg and Grants Pass invited. Later in the summer an attempt will be made to bring the University of Oregon and Oregon State college stars here for matches with the locals.
