

WATCH YOUR OIL IN SUMMER SAY MOTOR EXPERTS

Heat is the enemy of efficient lubrication, say motor experts. That is why they advise you to watch your oil even more care- fully in summer than you do in winter.

You'll save yourself trouble if you choose an oil for your motor that resists heat and that forms no hard carbon even when burned.

POP GATES TALKS OF FORDS AND AUTO HISTORY IN MEDFORD

"Pop" Gates, Medford's veteran automobile dealer, once sold Over- lands instead of Fords. That was 18 years ago, and what's more he had a chauffeur who drove at a speed of 25 miles per hour while Pop sat in the back seat with the "prospects" and talked furiously about this or that.

"Fords are the best cars on the market—that's why so many people buy them," Mr. Gates declared. And he should know, for these cars probably no another Ford agent in the state of Oregon who has been selling Fords as long as the local dealer.

Since January, 1920, 119 Ford cars have been delivered by the C. E. Gates Auto company to Jackson county residents. During the month of January last year no cars were sold. In January, 1920, 40 Fords were delivered by the Gates com- pany.

BOOTERY HAVING SEMI-ANNUAL SALE

The semi-annual sale of the Bootery, Medford's only exclusive women's shoe store, begins tomorrow and will continue for a week.

It has been the yearly custom at the Bootery, since it was first established in 1922 by the Strang brothers, Robert and Herbert, to conduct two big sales annually.

GAS WATER HEATER WEEK JULY 8 TO 13

"There is an ever increasing recognition of the sanitary necessity of a dependable and continuous hot water supply, not only by the medical fraternity but also by the public at large. It hardly seems possible in our present day civilization that in the earlier days of our American history some of our states passed laws prohibiting the taking of baths during certain months of the year, due to a then mistaken idea of exposure to pneu- monia after the pores of the skin were open.

"During the hot summer months especially do we require warm baths, yet we dislike the idea of building a fire in the old wood range for the purpose of heating the water. Gas water heaters, which are the most practical solution of the bathing problem, with its continuous and reliable source of hot water supply. It supplies piping hot water at the turn of a faucet.

PARIS POLICE LEARN TOURISTS' LANGUAGE

PARIS.—(7) Five hundred Paris policemen now speak some foreign language and one of them boasts eight.
