Carnival dance at Lake Creek Saturday night. 112 There will be no more mud in the Rogue this summer from the Von der Helten plant above Gold Hill, asserted operators of the gravel pit last night to representatives of the Daily Courier. The mud turned into the river earlier this week was a trial to see what effect it would have on the water, they said. When it was seen that the mud would mar the value of the river from the tourist standpoint, orders were given to stop the new flow until winter when the river is normally muddy. The gravel plant is operated with water to clean the gravel. It was part of the water which was turned into the river. — Grants Pass Courier. 112

Next Wednesday evening, the American Legion will broadcast their big "Whoopie program" over KAMEL, the Mail Tribune-Virgin station from eight to 10 o'clock, according to Lloyd Williamson, chairman of the committee on arrangements. The two hour program will present a number of the leading artists of the valley in a varied program of fun and novelty. This will be similar to the program presented by the Legion over a year ago for the purpose of raising sufficient funds to pay the preliminary expenses of the children's playground. This time it will be a call for articles to sell in the big American Legion auction to be held on the lot opposite the present police station on August 26. A feature of the radio program will be the presentation of the local drum corps. 112

Cheop Picnic Sunday to be joint affair. The annual picnic of the Copco Forum will be held tomorrow at Whiskey creek. It has been the custom each year of the Medford Copcoites to gather with the Klamath Falls Copcoites. Whiskey creek is just 70 miles from Medford as well as Klamath, being thus centrally located, a large gathering will be expected. The day will be taken up with various stunts and field events. A feature this year will be the kitten ball game between Copco and a picked team from the Willamette division of the Mountain States Power company. The team is motoring down and will stay in Medford tonight. A trip to Crater Lake has been arranged for the visitors. This will be taken before the picnic tomorrow morning. 112

Dr. F. H. Dieterich, director of the bureau of laboratories of Yonkers, N. Y., arrived in Medford this morning from Portland, where he has been attending the Medical association convention. He left immediately for Crater Lake. Dr. Dieterich was quite disappointed because a trip could not be realized on horseback from Portland to Crater Lake. He planned to get a horse at Crater Lake to go down to the water, and also to take a trip from Crater Lake to Diamond lake by horseback. Dr. Dieterich rides horseback often and has missed this sport on his trip west. 112

Pathe News Reels featuring Atwater. The New Atwater Radio factory which is the largest in the world is featured in the Pathe news reels being shown at the Hialto theater this week. Atwater Kent's latest model radio, the Screen Grid, now on display in the window at the People's Electric store, is meeting with favor from the radio fan population of Medford. Pictures of the interior of the new Atwater Kent plant form a background for the radio exhibit at the People's Electric store. 112

Young Engineers Pleased With West. Hubert Schweske and G. Frotscher of Wichita, Kansas were in Medford today on a tour of the coast by auto and are spending the day at Crater Lake, of which they have heard so much. They are very enthusiastic over this country, its scenery, climate, as well as the evident prosperity and general development. Mr. Schweske is a graduate from the University of Iowa with a master's degree and is a designer of aeroplanes in one of the seven Wichita, Kansas factories. Mr. Frotscher is also a university graduate and is a mining engineer. Mr. Schweske was pleased to learn that Medford is putting in a first class street. 112

Card of Thanks. The many kind words and acts were the beautiful floral tributes to us in our recent bereavement. Katherine Bennett Johnston, Malcolm H. Bennett, Olive H. Bennett. 112

OCTOBER 2 DATE TENTATIVELY SET PORT DEDICATION. The original date chosen was eliminated on account of the national air races to be held at the same time in Cleveland, Ohio, at which famous fliers from all over the country will be present. The next week was out of the question on account of the local county fair. Invitations are to be extended to heads of airplane manufacturing concerns all over the country, to officials of passenger commissions and to famous fliers. Among the features planned by the program committee are air races and air stunts, as well as numerous ground specialties to be performed on the new field. 112

Preparations are being made for the second camp period of two weeks, which starts Sunday, at the Boy Scout camp on the Applegate river. Applications for the second period are coming in fast today. Among those received so far are Robert Fowler, Robert Boyd, Bob Rindt, Don Horda, Robert Root, Zarn Sims, Donald Boyd, Billy Cummings, Billy Luman, Jack Dedrick and Dwight Richardson of Grants Pass; Andrew Slough, Yeeka; Wade Hansen, Ashland and one visiting scout from Silverton. The scouts, who are at the camp now returned from their hikes to Elliott creek and Squaw lake Friday night. The advanced scouts made a three day hike to Elliott creek and the rest of them took a two days hike to Squaw lake. The scouts have learned much in scouting work in the first week's camp, and have had a good time along with it said Mr. Bricker, who was in the city Friday night for supplies. Practically all of the scouts will get some sort of advancement at the court of honor which will be held at the camp Sunday. The public is invited to attend the court. 112

TRY OUT RADIO STATION APPARATUS NEXT WEEK. The work of installing the department of commerce radio station, to be used in connection with the dissemination of information upon flying conditions, and weather reports, is under way, and will be completed by July 26, Superintendent of Construction R. A. Martin said today. Two 12-foot towers were erected today, and transformers and other electrical equipment is on the ground, and will be put in place the coming week. Tests of the equipment will be made the latter part of next week. The station is located on the Crater Lake highway, a short distance from the Medford airport. Its broadcasts will be available to private, commercial and government planes, over a wide range. 112

BREEZE HALTS THREAT HIGHER TEMPERATURE. There was quite a rise in temperature yesterday, with a maximum of 93, about eight degrees warmer than the maximum of the day before, and last night and this forenoon gave indications that today would be still warmer. However, this noon a cooling breeze arose which tempered the heat. Fair and cooler weather are forecast for Sunday and cloudy weather for tonight. 112

SHERIFF WATCHING FOR LADY FORGER FROM PENDLETON. When Tom Gourdane, Pendleton sheriff who was one of the two captors of William Edward Blockman, who is lady's name, he "kissed it"—especially if she is the type who passes bad checks. This conclusion is drawn from a description sent to Sheriff Ralph Jennings by the Pendleton sheriff of a "lady" who worked his town over last Saturday night. In fact, according to Mr. Gourdane, she appears to make a specialty of Saturday nights and the information was passed along here with a view to the possibility that she and her companion might "swick" Medford this week. The names used in Pendleton were Ruth Sanders and Calvert Stevenson, the latter thought to be her companion. The woman is described as being about 25 years old, five feet seven inches tall, with dark brown hair and brown eyes. She weighs about 120 pounds. She has a peculiar expression in one eye, although, says Mr. Gourdane, she is not cross-eyed. She wore a size 38 dress and about a number seven shoe. When she first came to Pendleton, she had on a dark blue felt hat and wore it down over her eyes. She had on an ensemble dress, the coat and upper part of which had mostly green figures, although there were other colors "not so noticeable" and the skirt part was plain green. She wore a pair of brown slippers "pretty well worn out." At the same time that this woman was making small purchases in the stores and writing checks for from \$15 to \$25 the man using the name of Calvert Stevenson was also cashing checks along her the same amount. Both used First National check books, with the amounts written in to indicate that they had accounts at the bank. 112

JIM ALLEN WEDS MISS EVA JESTER. Surprising news to his many friends and the public generally has just been received in Medford that A. C. Allen, Jr., better known as Jim, the former well known athletic star of the Medford high school and in the past year or so a budding young author whose writings have appeared in several magazines, was married last Wednesday Miss Eva Jester, daughter of J. T. Jester of the old Harriman Lodge on Pelicia bay, on which bay Mr. and Mrs. A. C. Allen and Jim have their summer home. The marriage took place in the old log cabin at the Harriman Lodge, the first cabin built on that handsome estate, and the wedding was a simple but very attractive one, following which the newly-wed departed on a honeymoon trip to their car. Jim will build a home on the banks of the Rogue river next fall, thus making Medford, or at least the Rogue River valley, the future home of himself and wife. He will continue his work as a writer, under the name of James Albert Allen, to distinguish him from the pen name of his father, Albert Cooper Allen. 112

EASTERN DOCTOR TO VISIT CRATER LAKE. Dr. F. H. Dieterich, director of the bureau of laboratories of Yonkers, N. HARTFORD FLIER STOPS AT MEDFORD AIR FIELD. Steve McClellan, representative of the Pratt and W. H. Ince Aircraft company of Hartford, Conn., was a visitor on the Medford airport this morning, having stopped over for several minutes on his way east from Seattle. Mr. McClellan, who was flying a Boeing speed jet, from the Seattle factory to his home, expressed considerable enthusiasm over the northwestern country, and especially over the scenery at southern Oregon. This being his first trip to this part of the country, he said that he intended to come back here for a longer visit in the future. 112

REDDING MAN SOUGHT IN SOUTHERN OREGON. The local sheriff's office has been requested by the sheriff's office of Redding, Cal., to assist in locating J. E. Hunter, 36, of that city, who disappeared from his home about three weeks ago. His wife is anxious and anxious for his return, according to the letter. Mr. Hunter was described as five feet 11 inches, weighing 190 pounds, brown eyes, medium complexion, thick undying, talks "chick-tongued." The Redding man is believed to be somewhere in southern Oregon. 112
