Distribution Without Waste

**because HE SHARES in the profits!**

The Safeway manager regards the store he operates as though he owned it outright. He gets a reasonable salary and in addition—almost a third of the net profits. Oftentimes, too, he is a substantial stockholder in the company. Therefore, his interest in serving you and earning your approval and confidence for his store is, in every way, as keen as that of any individual merchant.

## SHEPHERDS PURCHASE CENTRAL AVE. GROCERY

The real estate office of William B. Shelley announces the sale of the Central Avenue grocery, located at 622 North Central to Mr. and Mrs. Lloyd Shepherd, formerly owned by S. B. Cogan.

Mr. and Mrs. Shepherd, after spending much time looking over surrounding towns for a location for business, say they believe Medford the best from many points of view. The sale was handled by H. C. Bane.

## RAIN NO BAR TO LEGION'S AUCTION SAYS COMMITTEE

Though some seem to be worried and spoil the American Legion auction, the committee says they are not worried on that score because if it does rain it will make the farmers feel good and they will come in and buy everything. Much interest is being shown in the antique piano which is to be sold. The piano was said to have come around Cape Horn in an old sailing vessel.

According to a clipping found, Dr. Harry Lee Forsting is working in Portland to trace the history of a similar piano which came around the Horn in 1812 and is now owned by Mrs. Carl Sommer of Portland. The old piano was found in a second hand store in 1909 and Dr. Forsting is attempting to find who were its owners from 1812 to 1909. It has been suggested that Mrs. Sommer place the piano in the Ford Museum.

The piano to be auctioned off tomorrow may prove to be just as valuable as the one mentioned in the clipping. The sale will start at 10 a. m. tomorrow and will continue until 9 p. m.

Other firms who have made donations for the auction since yesterday include Denney company, a box of cherries; Magill's drug store, fountain pens and pencils; Big Pine Lumber company, \$18; and Davis Transfer, who have donated trucks for hauling. The lawn mower was donated by the Mutual Mill and Seed company, instead of the Monarch Seed and Feed company, as was stated yesterday.

## GUARDSMEN WILL HAVE EQUIPMENT AT COUNTY FAIR

The newly organized Headquarters company of the National Guard expects to put on a display at the fair, September 11 to 14, so that the public may gain a better understanding of the headquarters company and their duties. There are 17 men and two officers in the company, eight are mounted, two messengers have bicycles and one a motorcycle. The company is essentially a communication unit. For so small a company they have an unusually large amount of equipment. They have already received nearly \$20,000 worth and full equipment will total \$25,000, according to Lieutenant Hanson.

As near as possible our complete list of such items of equipment will be displayed at the fair, and Lieutenant Hanson. It is impossible to give a complete list, but among the things shown will be a complete sending and receiving radio field set, a complete telephone system with switchboards, repair kits, dress, service and fatigue uniforms, pistols, rifles, devices for signaling to airplanes and many other interesting things.

Lieutenant Hanson announced that the headquarters company will have extra drill until August 15 and that there will be no drill from August 15 to September 10 on the drill fields from August 15 to September 10. There will be no parades in the company now, but anyone interested, who is of military age, may come and work with the company until there is a vacancy.
