With the courts crowded with players and spectators, seven splendid matches were played up for the fans.

At 7:30 this morning Harry Butler will oppose Tolleson and later in the day Hopper will play the winner in the afternoon at four o'clock Edmiston and Deuel will battle again for the No. 1 place. WILD BILL CALM TO DEFEAT COX IN METROPOLITAN

LONG BEACH, N. Y., July 20.—(AP)—Wild Bill Mehlhorn, who was not wild today, played a great round of golf when he needed it to win the Metropolitan championship today with a 72 hole score of 288. A magnificent achievement over the difficult Lido course, hard by the sea and subject to the vagaries of every wind that blows from the bounding surf.

To slip in ahead of Wilfred (Wiffy) Cox, a brilliant, but somewhat erratic pro from Brooklyn, Wild Bill played his final round in 88, giving him a three stroke edge. Cox had previously completed a highly creditable 291 for the four rounds.

Cox, who shares the honors of the competition with the no longer wild Mehlhorn, placed himself in the forefront of the picture in the third round this morning when he covered the 18 treacherous holes of the Lido course in 67 strokes, a new course record. It developed when Metropolitan Golf association officials disqualified Arthur D. Potter, who reported a score of 64 yesterday.

Henry Cluel, finishing with a great 79, slipped into third place with a score of 294 and Leo Diegel and Jim Barnes tied for fourth at 295.

hit, no-run game that gave his team, the Lions, a 6 to 0 victory. Mickey came near repeating the performance in his next game. He hurled six-hit baseball for six innings, but in the seventh and last frame he allowed two hits, his team winning 7 to 2. Both were seven-inning games.

Why KELVINATED food tastes better

ACTUALLY speaking, the use of a Kelvinator makes foods taste better. Simply, the facts are these:

If your refrigeration is too cold, food freezes and the flavor is killed.

If it is not cold enough, your food spoils.

Perhaps this spoilage is not enough to be very noticeable. But bacteria increase so fast that they destroy freshness and subtly ruin flavor.

Come in and let us tell you about the wonderful New Silent Kelvinators. You will be delighted at their truly amazing silence and their many unusual conveniences.

You can enjoy your Kelvinator at once. Buy it now on Kelvinator's attractive ReDisCo monthly budget plan.
