### Ross Hammond Co. Gets Contract for New Office Structure at Salem

Work Starts August 1—Complete in 150 Days.

SALLEM, Ore., July 22.—(AP) The state board of control Monday formally awarded to Ross B. Hammond, Inc., of Portland, the contract to build the state office building, for which the state has borrowed \$500,000 from the funds of the state industrial accident commission. Hammond's bid was \$251,000.

The plumbing and heating contract was awarded to the Plumbing & Heating Sales Corporation of Portland, whose bid was \$36,800. The electrical contract went to the Dimitre Electric company of Portland, bidding \$20,100. No decision has yet been reached in the controversy between the Otis Elevator company and the Portland Elevator company, bidders respectively \$11,230 and \$11,600 for installation of the elevator. The Portland company contends that it should receive the contract under a law giving differential of 5 per cent in favor of Oregon industries. The Otis company claims to be an Oregon industry also. The board will not reach a decision until a representative of the Portland company appears to explain the operation of the Portland-made machine.

The new building is to be 200 by 90 feet, five stories high. Construction will start about August 1, and the Hammond firm guarantees completion in 150 days. As far as possible, Salem labor is to be used in the construction. The ornamental construction will be of Ashland granite. The total cost of the building, including architect's fees and all details, will be \$484,795.

# EUROPE BLISTERS IN WAVE OF HEAT

LONDON, Eng., July 22.—(AP)—All Europe sweltered today in a heat wave which extended from Moscow to Rome and the Eastern Balkans to the British Isles. No immediate prospect of relief was held out, although in Great Britain the temperature was cooler than a day or so ago. Accompanying drought gave official concern, not only in England, but in parts of the continent. In Germany temperatures of 95 Fahrenheit were recorded over the week end with thousands in Berlin fleeing for relief to the lakes and woods surrounding the capital. The rush to the water caused many casualties, not only in Berlin but in other parts of Germany, where drownings were frequent.

# AMERICAN JUDGES SEE ENGLISH COURT WORK

LONDON, July 22.—(AP) Benchmen in the Lord Chief Justice's court, King's Bench division, bore a decidedly American aspect today as 50 members of a group of midwestern judges and lawyers now visiting in England attended a session of the court. The Americans exhibited great interest in the proceedings.

# BROKER GOODWIN GIVEN SENTENCE FIFTEEN MONTHS

PORTLAND, Ore., July 22.—(AP) Charles S. Goodwin, vice president of the defunct brokerage house of Overbeck & Cooke, was today sentenced to fifteen months in state prison when he pleaded guilty to embezzlement in connection with the failure of the bond house.

The specific charge against Goodwin was embezzlement of \$1881.05. The failure of the company cost investors more than one million dollars. James P. Cooke, president of the firm, is under seven-year sentence in connection with the failure.

Goodwin turned state's evidence in Cooke's trial but his testimony was never used.

# DAVIS CUP TEAMS WIND UP TRAINING

PARIS, July 22.—(AP) With the line-ups of the rivals teams of the American and French tennis players settled down today to complete their training and strategy for the Davis cup challenge round, starting this Friday.

Two daily periods for use of the courts at Roland Garros stadium have been set aside for the Americans, big Bill Tilden, George Lott, Wilmer Allison and Joan Van Dyke. Their daily sessions are at 10 a. m. to noon, and 2 to 5 p. m.

The draw for the singles will be held Thursday morning at 11:30. Lott and Tilden are the American choices while Henri Cochet and Jean Borotra will play for the French. The draw will be without ceremony, only the two captains, M. Pierre Guillon and Edouard Dixon, participating.

# BEN HARRELL TAKES UP ACADEMY ROUTINE

WEST POINT, N. Y., July 22.—(Special)—Ben Harrell of Medford, Ore., has been admitted to the U. S. Military academy here and assigned to the Fourth company, in orders issued by Major General William R. Smith, superintendent. Harrell was appointed to West Point by W. C. Hawley, representative of the district of Oregon.

Harrell's day starts at 5:50 a. m. each morning with first call for reveille. His day is almost entirely taken up with military drills, lectures, calisthenics and athletics. Guard duty, rifle marksmanship and bayonet training are all included in the schedule of the first month prescribed by Lt. Col. R. C. Richardson, Jr., commander of cadets. Tests are conducted at 8:25 p. m.

Academic studies will start on September 29, instruction starting at 8 a. m. and closing at 3 p. m. Harrell will be instructed by sections of 12 cadets, which insure each man receiving individual instruction in each subject.

# FARMERS OPPOSED TO HAWLEY TARIFF BILL

SAN FRANCISCO, Cal., July 22.—(AP)—Senator Capner, Republican of Kansas, declared here last night that there would be a protracted fight against the proposed tariff bill unless the revisions were confined to agricultural schedules and a limited number of other items. Senator Capner, who is here on a vacation trip, pointed out that President Hoover had said the present tariff revision was to be a limited one. The Kansas legislator predicted that the president would not approve the measure if passed in its present form. "The farmers generally are opposed to most of the increases in the Hawley bill," said the senator.

# SUPREME COURT HOLDS ADJUSTER WAS NOT AGENT

SALLEM, Ore., July 22.—(AP) The supreme court today reversed a judgment and verdict of the lower court for Multnomah county in which Paul B. Clark was awarded \$25,000 damages from a Portland and the New Jersey Fidelity & Plate Glass Insurance company for injuries received in a collision on the Pacific highway near Brooks. The case was tried by the lower court before Judge James Alger Fife and the supreme court opinion was written by Chief Justice Coakley.

When the accident occurred Ross was driving a team and wagon and Shea an automobile. "Shea was on his way to Albany to adjust another automobile damage case. He was in the company of E. L. McLaughlin, attorney and adjuster for the defendant insurance company, and because of that relation claimed, in his defense, to be an agent of the insurance company. The insurance company appealed from the verdict of the lower court, and the supreme court in its reversal holds that Shea was not an agent of the insurance company and that the latter was not responsible for the acts.

Other opinions today included: James T. Logan, appellant, vs. Granta Pass and Josephine Bank, et al., appeal from Justice court; motion to revive motion; Opinion by Justice Bain. Decree by Judge C. M. Thomas affirmed in part and reversed as to other defendant.

Petitions for rehearing denied in Chandler vs. Elgin and in Holman vs. Prudential Savings association. Motion to dismiss appeal denied in Fletcher vs. Southern Oregon Truck company.

# PUBLISHER SUES POWER COMPANY

OLUMBIA, S. C., July 22.—(AP)—\$91 for \$2,500,000 said to be the largest damage suit ever filed in Richmond county, has been brought by William Lavaca, publisher of the Columbia Record, the Augusta, Ga., Chronicle and the Spartanburg, S. C., Herald and Journal against the International Paper and Power company. The suit filed today alleges that the companies agreed to fund Mr. Lavaca \$2,500,000 for the purchase and development of newspapers in the southeast, but that they had conspired to violate that agreement and to get control of the suit papers already purchased by Mr. Lavaca for their own use.

# BRICK INDUSTRY OF ASHLAND IS REVIVED

ASHLAND, Ore., July 22.—(Special)—The brick industry is revived in Ashland after a long period of dormancy by the Ashland Brick & Tile Co. The first burning, which was completed several days ago, turned out 55,000 bricks and 7000 hollow tile, and the plant is receiving orders faster than the present output can fill them. However, the output will be doubled soon by the construction of another kiln. The Ashland Brick & Tile Co. is furnishing the materials for the new school house that is being erected in the Bellview district and also for the new school building that is being erected in the Wagon Creek district. The plant will also supply 30,000 brick for the new Henry Lumber Co. plant at Elmola. Besides these large orders there have been demands for many small quantities of brick from Medford and other southern Oregon towns. A fine exhibit of the product of the Ashland Brick & Tile Co. is on display at the Ashland chamber of commerce office.
