AMERICAN TOREADOR MAKES HIT

Madrid Debut of Sydney Franklin Gains Big Ovation — Has Close Call When Bull's Horn Catches Sash—'Que Hombre' Say Fans at Arena.

MADRID, July 26.—(AP)—Madrid bull-fight fans have a better opinion of Yankee toradors today. In their own words, Sydney Franklin, Brooklyn bull fighter, is "Que hombre"—"What a man!" Franklin yesterday, making his debut in a Madrid bull ring, with Premier Primo De Rivera, his two daughters, and other notables looking on, dispatched ten beasts in a skillful manner, although barely escaping a dangerous goring at the horns of one animal.

each bull. The Brooklyn man rebuffed their efforts to carry him from the ring when he had killed his second animal, with the plea he was tired and bruised and needed rest.

In the course of the afternoon Franklin was on the ground three times, once with the first beast, a spotted black bull, and twice with the second one. The last time was a close call, the bull's lunging horns catching his sash and throwing him face down on the sand. The exulting brindle then dragged him a full 30 feet while the audience gasped and groaned. The general impression was that the bull had his horns in Franklin's body and was dragging him to his death.

MOREING WILL SELL SACRAMENTO TEAM

LOS ANGELES, July 26.—(AP)—Tom Morsing, owner of the Sacramento baseball club of the Pacific Coast league, in a statement made to dispel current rumors, said he would sell his Sacramento franchise and that it probably would go to a group of San Diego financiers.

COLORADO FAMILIES FLEE BEFORE FLOOD

COURAY, Colo., July 26.—(AP)—Four families fled from their homes here today when flood water from the Eisenhower river swept through Couray. No lives were lost, a first check showed. Added to the torrent from the Uncompagnere was a flood loosed by the bursting of the Skyrocket dam on Skyrocket creek.

LIFE SACRIFICED TO SEE AIRPLANE

TACOMA, July 26.—(AP)—A 14-year-old Tacoma boy sacrificed his life Thursday in a vain effort to see Lieutenant Harold Bromley make a test flight in the "City of Tacoma." Clinton "Honey" McCarthy, son of Mr. and Mrs. E. D. McCarthy, was instantly killed in the freight elevator of an apartment building while helping Jack Eledand, dairy driver, who had promised to take him to Tacoma field to see the takeoff scheduled for the morning. The boy volunteered to take the milk to the third floor of the apartment and started to do so, after the milkman had warned him not to use the elevator. The boy disregarded the warning and was killed when he was caught between the freight elevator and a beam as he prepared to step at the third floor.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of minutes. Yet you have eased your child without use of a single doubtful drug. Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the cramping pains of colic, or constipation of diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.
