

# EQUITY AND WAR VETS IN BATTLE

### Actors' Union Sympathizers Boo Ex-Service Men Actors in Hollywood Studio—Fight Results—Court Cites Warners to Answer Injunction On Tully Contract.

LOS ANGELES, July 27.—(AP)—Tension in the employment situation of talking motion pictures has tightened today as a result of two distinct developments today, a physical encounter at a Hollywood studio, and a court citation against a producing company, both of which were outgrowths of the attempt by Actors Equity association to establish closed shop in the industry.

Two men were dragged from an automobile and several hundred feet of film destroyed by war veterans working in a picture at a studio when alleged sympathizers with Equity created a demonstration by boobying and abusing 130 ex-service men as they were leaving the lot.

Charles Adams, head of the motion picture division of the central employment bureau for veterans, who had engaged the ex-service men, was in the studio when the demonstration occurred. He said two of three men who forced the workers were taken from their machine, while the third man in automobile was unharmed.

When he obtained the names of the three men they admitted, he said, that they were members of Actors Equity association. The ex-service men took a concern from the act which they said the trio had used to find their departure from the studio and destroyed the film to it.

Charles H. Miller, resident agent of the association, said he had heard nothing about the disturbance.

"If such a thing occurred," he said, "it was not inspired by any number of our association. Our campaign has been conducted in a dignified manner and we expect to continue along that line."

The court action came when Superior Judge Elliot Craig ordered Warner Brothers Motion Picture Corporation into court Aug. 5 to show cause why an injunction should not be granted after Equity filed an amended petition in its suit against the company and Tully Marshall for \$1,000,000, charging the organization and actor had entered into a contract in violation of Marshall's Equity membership contract.

The complaint of Equity was that Marshall had agreed not to work with actors who were not members of the 22,000 union. Judge Craig declined to issue a temporary restraining order against the motion picture company.

The Actors' Equity association has forbidden any of its members to sign contracts with motion picture producers who employ non-members of the association.

# NEW BUICK ON DISPLAY IN MEDFORD

The show room of the Scherer Motor company was crowded all day with people desirous of seeing the new 1929 line of Buicks displayed for the first time here and all over the United States today.

It would be impossible to relate the many nice compliments paid to the Messrs. Scherer and assistants regarding the beauty and mechanical improvements of the new cars.

There are fourteen new models in the three series, known as 40, 50, and 60. There are also three new wheelbases and three new price ranges. New streamline bodies by Fisher express the latest word in exterior beauty.

Magnificent improvements are included in these beautiful new cars. Greater engine power gives still greater performance—smooth and silent, masterful and sure.

Those qualities which have placed Buick in the front rank and kept it there for many years are magnified in these smart new cars.

The show rooms of the Scherer Motor company will be open this evening and Sunday for those desiring to see the snappy new models.

**FINE BEAGLE RANCH PURCHASED BY FRINK**

TABLE ROCK, Ore., July 27.—(Special)—A recent real estate deal in the Beagle district was the purchasing by J. Frink of the Case ranch, considered as one of the best farms in that section.

The Frink family are well known here and throughout the valley, having been residents of the valley for many years.

# ROOSEVELT PARTY LEAVE HONG KONG WITH SPECIMENS

HONGKONG, China, July 27.—(AP)—Colonel Theodore Roosevelt and Mrs. Roosevelt arrived here today from Saigon, en route to the United States, accompanied by Harold Coolidge of Boston, with numerous scientific trophies of the Kelly-Roosevelt field museum expedition to Central Asia.

Colonel Roosevelt said that he was eagerly anticipating taking up his work as governor of Porto Rico. "I am most deeply sensible of the importance of the work to be done and also most grateful to the president for the confidence expressed in me," said the colonel.

Discussing the expedition, Colonel Roosevelt said:

"The undertaking was exceptionally successful. Our great sorrow was in connection with the expedition in the death of Russell Hensley, who died of malignant malaria. He was a scientist with a great future.

# CALL HALT ON PEN VISITS OF JOHNNY TUEL

### Often a Prisoner, Now He's in for Life—Not Vicious, But Just Can't Resist Craving for Possessions of Others.

SALEM, Ore., July 27.—(AP)—Johnny Tuel, veteran of numerous commitments and five escapes from the Oregon state penitentiary, is back in the institution again, reportedly to stay.

Tuel was received and dressed in at the prison from Malheur county, under sentence to serve a life term, following his conviction as a habitual criminal, but appeared H. W. Myers, superintendent, that it was "not my fault."

Heads his prison record, Tuel can look upon a term in the reformatory, and is listed as a deserter from the army.

There is so far as officials can ascertain, nothing vicious about Tuel. His troubles have all been due to his craving for the possessions of others. Schoolhouses and churches have been the settings for most of his burglary expeditions.

He "registered" first at the prison at the age of 19, under a commitment from Multnomah county, on December 5, 1911. On February 19, 1915, he was paroled, only to be returned on October 2, 1919, for violating his parole. Two months later he escaped and was captured and returned after three days of freedom. Again on October 16, 1920, he escaped and managed to evade the authorities for a month.

Another parole gave him his liberty on February 11, 1922, but he was returned and on June 12, 1924, disappeared while working in the prison brickyard. Captured and put back inside the walls in July, he completed his sentence and was discharged October 22, 1924.

On November 22, 1925, Tuel came back to serve another five-year term. A throat infection put him on the hospital list and led to a pardon so that he might be sent to the Veterans' hospital in Portland. T. Ken to the hospital June 21, 1928, he ran away the next day and nothing more was heard of him until his recent arrest for a series of admitted burglaries in eastern Oregon.

Boy Swallowed Coin When Auto Hit Road Bump

EUGENE, Ore., July 27.—(AP)—Junior Bush, 4 years old, was recovering today from an operation for removal of a 25-cent piece which he swallowed when an automobile hit in which he was riding equipped three hours. The boy is the youngest son of Mr. and Mrs. Albert Bush of Creswell.

SINNOTT RESTING IN FAMILY PLOT

THE DALLES, Ore., July 27.—(AP)—Nicholas J. Sinnott, for many years representative in congress from the second Oregon district, rested with other departed members of his family today in a hillside cemetery near this city. Nearly one thousand persons yesterday attended funeral services for the congressman who was appointed to the United States court of claims by President Coolidge.

The state paid honor to Judge Sinnott in services at the city auditorium where R. R. Butler, present congressman, delivered the eulogy. After this service the body was taken to St. Peter's Catholic church for requiem mass.

All stores and public offices in this city were closed for the funeral and flags were carried at half mast throughout the city.

KILAUEA CAULDRON CONTINUES ACTIVE

Volcanologists at Kilauea observatory meanwhile reiterated their inability to predict how long the lava flow would continue.

The eruption is one of a series of minor short-lived flows characteristic of this period of volcanic activity at Kilauea, said an official statement from the observatory. "It cannot be stated how long the flow will continue, although at present it is strong."

# U-BOAT SKIPPER OF 1916 VISIT BACK ON BREMEN

NEW YORK, July 27.—(AP)—Carrying a capacity booking of 2300 passengers, the liner Bremen, new speed queen of the seas, left today for Cherbourg in quest of further trans-Atlantic laurels.

A star-warrior world found its attention momentarily diverted from the European conflict by word that a giant submarine with a valuable cargo in its hold had successfully eluded the British naval blockade to complete its maiden visit to the United States.

At the helm of the submersible Deutschland when its ocean-borne steel shell came to anchor off Baltimore to surprise the world, was Capt. Paul Koenig. Now he has returned to America's shores on the maiden voyage of Germany's newest pride of the seas—the S. S. Bremen.

In the less active role of an executive of the North German Lloyd company, the veteran Teuton skipper has come as a visitor to America, still valuable in his praise of the creative ability of the shipbuilders of the Fatherland.

Bremen, proud old Hanseatic city, rich in traditions of the sea, from which Captain Koenig hailed, conceived both the Deutschland and the Bremen.

In contrast to the secrecy which surrounded the progress of his voyage on 1916, necessitated by the exigencies of war, Captain Koenig has come back to the scene of his triumph with the progress of the fastest liner known to the world.

Both the old and the new world were startled by the achievement of the Deutschland when it arrived at Baltimore July 19, 1916, to write an epoch in maritime commerce. Germany, suffering from the blows dealt its commerce by the enemy blockade, was jubilant. The Allies minimized it as only a spectacular feat which could have no military effect. America, still viewing Germany through friendly eyes, was stirred by the feat.

A \$1,000,000 cargo of dyestuffs for an eager American market was the evidence of its peaceful mission the submarine brought to the United States.

Leaving Bremen, it had tied up at Heligoland for eight days to throw the enemy off its track. Then it had literally nosed its way beneath the screen of armed British war craft which patrolled the North Sea and English Channel, running the gauntlet to survive the menace of British guns, the merchant submarine steamed across the Atlantic.

Twice the submarine repeated its feat, bringing German merchandise.

Both in peacetime and war, the sea has held Captain Koenig. Before the World war he was master of the German steamship Necker, and post-bellum days found him again on the deck of a steamship—the S. S. Columbus. Since then he has retired to the quiet of the executive offices of the North German Lloyd company.

ENGINEER SAWYER OF HIGHWAY DEPT. QUILTS

SALEM, Ore., July 27.—(AP)—J. E. Sawyer, director of the state highway department, has resigned, and on September 1 will join the engineering staff of the Shell Oil company at San Francisco in a newly created executive position. For the last six years Sawyer has been in supervisory charge of the state highway construction in Benton, Lincoln, Linn, Lane, northern Douglas and southern Marion and Polk counties.

Sawyer will be succeeded by Ethan A. Collier, who for the last four years has been assistant market road engineer.

RECRUIT MEN FIGHT FIRE IN MICHIGAN

GRAND MARIAS, Mich., July 27.—(AP)—Nearly 500 men had been recruited today to fight threatening fires in Superior national forest.

The fire broke out of control of 350 men late yesterday and burned over 1000 acres in the Brule and Cascade lake districts. High winds and excessive heat combined to defeat the efforts of the forest ranger crews.

ENGINE JUST BROKEN IN (Continued from Page One.)

able country up here—not even a speed car.

Mr. and Mrs. Henry Jackson of Fairbault, Minn., announced their arrival to their son by the words blazoned on the side of their ship: "Hello, son. Here is Pa and Ma Jackson."

And in turn their son sent down a note: "Everything is fine, but you'll have to wait a long time to see us."

The rewards for the fliers continue to grow, another \$100 a day being added as well as an additional offer of \$1 an hour, bringing the total 24-hour "payroll" to \$2700. It was figured their earnings, based on the time they have remained aloft, and exclusive of a jackpot being contributed through the chamber of commerce and other fan clubs, was \$1000 last night. This sum did not include their regular pay as commercial pilots.

# CASUALTIES OF CORSARS HURT CHANCE AT FLAG

### Long List of Cripples Slows Pittsburg Rush—Grantham and Waner Hurt in Fielders' Choice Collision Yesterday.

By Herbert W. Barker, Associated Press Sports Writer.

Donie Bush, fiery little leader of the Pittsburg Pirates, is having a lot of luck these days, but it's all bad.

A formidable hospital list has so crippled the Corsairs in recent weeks that it will take all Donie's skill to jockey his lineup around so that the Pirates remain within hailing distance of the Chicago Cubs, current pace-setters in the National League.

The Pirates sailed along in serene fashion until Pie Traynor was hurt in Philadelphia. Then Burleigh Grimes, ace of the pitching staff, suffered a dislocated thumb. George Grantham looked up with a lame shoulder and in yesterday's battle with the Boston Braves, Grantham and Paul Waner collided as both chased a short fly and were so badly shaken up they had to retire from the game.

The collision did Grantham's shoulder no good and "Big Poison" Paul suffered a sprain in leg and arm that may keep him out of the lineup for several days.

Notwithstanding the loss of two of their most effective batters, the Pirates rallied in the ninth to nose out the Braves in a knock-down and drag-out battle, 9 to 8. The Braves had scored three runs in their half of the last frame, but the Corsairs tied up the game on Clark Klein's first homer in the winning run on a single by Pinch Hitter Ervin Frame.

The Cubs maintained their one-game lead over Pittsburg by trimming the Phillies, 13 to 10, in a game in which 35 safe hits were scored, 17 for the Phils and 18 for the Cubs. The Phils scored seven runs in the first two innings.

Four of them counting over on Clark Klein's first homer in the second inning with the bases loaded. But the Phillies couldn't hold this lead, the league leaders clustering 11 hits for as many runs in the third and fourth innings. Cliff Heathcote, subbing for the injured Cuyler, got five hits in as many times at bat.

Showing a further return to form, the St. Louis Cardinals downed the New York Giants for their fourth straight victory, 4 to 3, and advanced to within two games and a half of third place.

Jakie May led the Brooklyn Dodgers down with six hits and Cincinnati trotted off with a 4 to 1 triumph.

In the American League, the Philadelphia Athletics retained a 10 1/2 game lead over the Yankees by downing Chicago, 3 to 1. Howard Ehmke led the Sox down with four hits. Ted Lyons was touched for two runs in the first inning, but allowed only one hit—a home run by Jimmy Dykes—after the third inning.

Richard "Ed" Vaile's eight-hit pitching Yankee pounded Sammy Gray and Lefty Stewart of the Browns for 11 hits and a 9-0 shutout. Lou Gehrig hit his 24th homer and Bill Dickey drove out two.

Walter Miller was too much for Senator batsmen and Cleveland beat Washington, 4 to 2.

Behind steady pitching by Owen Carroll, Detroit beat the Boston Red Sox, 4 to 1. Harry Heilmann got a double and a home run to lead the Tigers' 11-hit offensive against Bill Gaston.

# WOMEN ATHLETES IN COMPETITION

CHICAGO, July 27.—(AP)—National titles in 11 events and the team championship for 1929 today were the goals of the greatest field of women athletes assembled in the United States, in the women's track and field championships at Soldier Field.

In the dash events, Betty Robinson of Chicago, winner of the 100 meters in the 1928 Olympic games, was entered with such stars as Olive Krueger, Chattanooga, Tenn.; Mary Washburn, New York; Olive Hasenstun of Boston; Delores Henderson, Eureka, Calif., and Eleanor Egg, Paterson, N. J., as her opposition.

The field events promised to develop in a duel between Rena McDonald of Boston former and local champion, and Gloria Russell, Eureka, Calif., who finished second in the javelin throw in last year's championship meet.

# YANKEE YOUTHS STEM TIDE OF FRENCH TENNIS

ROLAND GARROS STADIUM, Paris, July 27.—(AP)—The sensational American team of John Van Ryn and Wilmer Allison today won the doubles match of the Davis Cup challenge round from Henri Cochet and Jean Borotra in straight sets, 6-1, 8-6, 6-4.

The victory for the youthful American collegians over the French pair which had scored two singles triumphs yesterday, put the United States back in the running in the battle for the famous tennis trophy; however, with a lead of 2-1, France needed to win only one of the two remaining singles contests tomorrow to successfully defend the cup.

The victory for the young American team—Allison is only 24 and Van Ryn 23—was the climax of one of the greatest winning streaks ever scored in doubles play. Their Wimbledon championship and defeat of the Germans in the inter-zone final at Berlin. This is the first year either has participated in Davis Cup competition.

The Americans outplayed the French veterans consistently, capturing 11 of the first 13 games with a whirling attack and then possessing sufficient reserve to offset French rallies in the last two hours of the match.

Their team work was superior at all times. Allison's dynamic service was a vital factor in the victory. It was broken through only once in eight times, while VanRyn lost his delivery three times. The latter, however, was unbeatable in the third set. Cochet dropped his service four times, as did Borotra.

# MANY ENTRIES FOR STATE FAIR RACES

SALEM, Ore., July 27.—(AP)—The faster races at the state fair September 23 to 28, particularly the 2000 pace, the 2:12 trot and the free-for-all events, will show a larger number of entries than at previous fairs here, according to Ellis S. Wilson, secretary of the state fair board. The racing entries have closed. The largest number of entries is in the 214 pace with 20 on the list.

# 'RAINMAKER' HANSEN FAMED CYCLIST DIES

MINNEAPOLIS, Minn., July 27.—(AP)—A. A. ("Rainmaker") Hansen of Minneapolis, nationally known bicycle rider of a quarter of a century ago, died last night after an illness of two years.

Hansen established two amateur records which will stand. They are the 100-mile road record of 32 hours and 32 minutes and the 24-hour dirt track mark of 375 miles.
