

MOVIE ACTOR NEAR DEATH AS RESULT OF MOB ATTACK

LOS ANGELES, Aug. 9.—(AP)—Harvey G. Perry and George E. Wilson were arrested early today and accused of participating in an attack last night on two actors who said they refused to join the Actors Equity association and were beaten by six men. Officers said four other men, two of whom were said to be Eddie Welch and Sam Cummings, were expected to be taken into custody momentarily.

Frank Goddard was taken to a hospital where he underwent an emergency operation last night in what authorities said was an attempt to forestall possible fatality as a result of having been kicked in the stomach by his assailants.

Harry Deck, who was badly beaten by the sextet, said Goddard had come to his assistance after the attackers had pummeled upon him following refusal to listen to demands that they join the Equity. Lieut. William Higgins of the police intelligence bureau reported that he had the names and addresses of the men who are believed to have made the attack. He said arrests would follow today.

Several weeks ago a group of ex-service men employed at a studio dragged two of three persons, accused of being Equity sympathizers, from an automobile and destroyed several hundred feet of films found in their possession, after the trio had lapsed and booted them as they were leaving the movie lot.

Disclosure was made last night that committee of the Association of Motion Picture Producers, Inc., and of Equity had terminated their series of four meetings held in an effort to reach a compromise over the demands that only members of equity be employed in motion picture productions.

MISSED FLYING TACKLE BREAKS WRESTLER'S ARM

SAN FRANCISCO, Aug. 9.—(AP)—The wrestling match between Jimmy London of Greece and Charley Strack of Oklahoma, at Dreamland auditorium last night ended in disaster for the Oklahoman when he missed a flying tackle and fell out of the ring, breaking his shoulder. Strack had taken the first fall with a combination flying tackle and headlock and came to grief while trying for the same hold after 1 hour and 15 seconds of wrestling.

Gene La Deaux, of Canada, threw Jack O'Malley, Iowa, in 35 minutes.

BOAT OVERTURNS IN ROGUE RIVER

GIANTS PASS, Ore., Aug. 9.—(AP)—C. E. Miller of Portland, his son Charles, 2, and Cal Allen, guide, had a narrow escape from drowning when their outboard motorboat overturned and sank as they were trying to negotiate the Russian Rapids, 40 miles down the Rogue river. The accident occurred Monday, but word of it was first received here today when a forest ranger arrived from that section.

The three gained shore with the greatest of difficulty, the ranger said. All supplies and extra clothing were lost.

The party started down the Rogue from here last Friday on a fishing trip, planned to end at Gold Beach, the mouth of the river.

W. STEEL MEETS ONLY SURVIVOR OF 1885 PARTY

CRATER LAKE, Aug. 9.—(Special.) Memories of other days were revived when Rev. E. T. Lockard of Santa Barbara and U. S. Commissioner Will G. Steel met on the rim of Crater Lake recently, for the first time in 44 years. The original party, of which these are the only survivors, included "Jimmy" Breck, Captain Dutton of the army engineers, and Professor Joseph Lacombe of the University of California. Their trip, which was made in 1885, has a deep significance for all those who enjoy the unique beauty of Crater Lake National park today, for it originated the first attempt to have this section of the Cascades preserved in its natural state for the enjoyment of future generations.

Forty-four years ago it was an adventure to make the trip to Crater Lake. This party came in by way of Ft. Klamath, where they were compelled to pay the Indians tribute for camping privileges on their reservations. According to Rev. Lockard, the road from the fort to Crater Lake was fairly good. However, it took them the better part of a day to travel the distance which now takes an hour.

Deeply moved by the mystic beauty of the lake, the party strove to interview a Congressman, Ringer Herman at Roseburg on their return, proposing that a lake and the surrounding country be set aside as a reserve to prevent it falling into private hands thru homestead and timber-claim filing. This was the start of the long drawn out battle, which lasted 17 years, or until May 22, 1902, when President Roosevelt approved the act which created Crater Lake National park.

Man o' War, which cost \$5,000, earned for its owner \$249,000 in 20 races.

HELEN WILLS IS WINNER AFTER A HARD STRUGGLE

FOREST HILLS, N. Y., Aug. 9.—(AP)—Helen Wills, American queen of the tennis courts, overcame unexpectedly sturdy opposition today to beat Mrs. Poche Watson of England, 6-1, 6-4, and gave the United States victory in the first match of the series for the Wightman cup, international women's championship trophy.

Miss Wills won because of her superlative control when hard pressed, which she was from start to finish. Although the American took the first set handily, four of the seven games were "hard fought battles." The second set was a ding-dong affair in which Mrs. Watson actually outdrew the American champion on many occasions as they engaged in protracted base-line exchanges.

A crowd exceeding 7,000 cheered the courageous fight of the Englishwoman against her famous opponent. Last year Mrs. Watson was able to take only three games from Miss Wills in the Wightman cup play.

FOREST HILLS, N. Y., Aug. 9.—(AP)—America swept the opening two singles matches of the tennis series for the Wightman Cup today when Helen Jacobs scored a hard fought victory over Betty Nuthall, youthful ace of the British team, 7-5, 8-6.

FIND VANITY BAG IN ANCIENT TOMB

DUNAPESST, Aug. 9.—(AP) In the old, historic Roman city of Aquileia, now known as Taboe III, half-an-hour distant from Budapest, a mummy has been excavated which is believed to date from the second century A. D.

The tomb is lined with elaborate stone slabs illustrating episodes of animal life which are believed to have formed the ceiling of the sanctuary. The mummy, believed to be that of a wife of a rich merchant, suffered considerable damage after it was exposed to daylight. The embalming was done with resin and is so perfect that experts attribute it to an Egyptian who had been summoned from Alexandria for this purpose.

In the stone coffin were a pair of silver sandals, elaborate jewelry, food vessels, a "vanity bag" containing various beauty ointments, a curved silver comb, bronze hairpins, an oil-lamp and some coins of bronze.

I MAN KILLED IN GRAVEYARD STRIKE

NEW YORK, Aug. 9.—(AP)—One man was shot dead when a crowd of striking grave diggers charged a bus load of strikebreakers near the Calvary cemetery, Queens, today.

Stanley Zasadzinski, 25, Brooklyn, one of the strikers, was the man killed.

SICHEL ELECTED CHEF DE GARE

SALEM, Ore., Aug. 9.—(AP)—Herbert E. Sichel of Portland was elected grand chef de gare of the 40 at 8 at the grand promenade at the Elks' club Thursday afternoon, succeeding Neil Moffitt of Astoria. Other major officers elected were: Mark Gano, Max Whiting, chief de train; H. E. McGraw, secretary, conductor; and Rex Parlow, Portland, correspondent.

THREE MEN DIE IN FLAMING SHIP

CASPER, Wyo., Aug. 9.—(AP) A flaming airplane, sent into a spin here last night and crashed several hundred feet, killing the pilot and two passengers. The victims were Major D. P. Wardwell, 33, of Casper, and Earl Holtz, 35, and George Cameron of Worland, Wyo.

Wardwell, member of the Lafayette escadrille in the World war and later with the United States air force abroad, was the pilot of the plane. He had been engaged by the two for a "bird flight" over the city. The men were accompanied to the airport and there was only one witness to the flaming descent and wreck of the plane. Wardwell came here with the United States geological survey and while in that service, he was engaged in Wyoming. Always, line, of which he was the manager at the time of his death. He is survived by his widow and four children.

N. CALIFORNIA RANCHERS FLEE FOREST FIRES

YUBA, Cal., Aug. 9.—(AP)—Half a dozen ranchers in the Badger mountain area prepared early this morning to evacuate their homes as a forest fire swept down the mountains toward Hawksville, six miles from here.

Later last night the fire swept over the crest of the mountains and headed down the opposite side toward Hawksville. Two thousand acres of brush and scattered timber had been burned over and the fire was still out of control. Fighters expressed no belief, however, that it would be subdued before it reached the floor of the Shasta valley at Hawksville.

SAN LUIS OBISPO, Cal., Aug. 9.—(AP)—A crew of 250 fire fighters today battled one of the largest forest and brush fires in the history of San Luis Obispo county. The fire in the Rinconada section east of Santa Margarita has burned over 25,000 acres, including some grain and grass land, since Wednesday, forest rangers asserted. Falls have been sent out for more men.

Robbie Veach, the old Detroit star, is playing good ball for Toledo in the American association.

GRANTS PASS HAS A WATER HEARING

GRANTS PASS, Ore., Aug. 9.—(AP)—After viewing actual tests of water pressure in the municipal water mains here, members of the state utility commission today resumed hearing of the city's petition for better water service and fire protection. The service is provided by the Grants Pass Water company, a Delaware corporation.

The tests were made at the suggestion of Chairman Frank J. Miller and Commissioner Bertramer. Witnesses said sticks, stones and pebbles were ejected from the hydrants when the water was turned on.

Mayor George Fox—Edward Miller, state senator; C. A. Dug, city auditor; Dr. J. C. Smith, health officer, and other witnesses testified as to the inadequacy of the water supply.

COPCO STARTS ON AIR BEACONS AT PASS

GRANTS PASS, Ore., Aug. 9.—(AP)—Preliminary work on six new air beacons in the Grants Pass district was reported under way today when survey crews of the California Oregon

LEGION MEMBERS ACCUSE SHERIFF OF POISON PLOT

SALEM, Ore., Aug. 9.—(AP) Accused of causing ptomaine poisoning among several thousands of Salem and Willamette valley people who partook of his barbecued meat at the dedication of the municipal airport Thursday afternoon, Sheriff Cy Bingham, of Clatsop county, was held before the state department of the American Legion during the business session Friday morning and then presented with a gold star.

"He should be put in jail for failure to provide food for the 10,000 people at the event," Ben S. Fisher, of Marsden, state commander said in his introduction.

Described as a picturesque sheriff of the west, with two guns and two furs, Douglas McKay, commander of Capital Post No. 9, stood beside the massive officer and pinned the badge of authority upon his coat lapel. The pin, of gold, bears the words "Sheriff Clatsop County" and on the reverse "Sheriff Cy Bingham, commander of Capital Post No. 9, American Legion, 1929."

"I want to thank you all" was the brief remark of the recipient. Henry Thestrom, golf captain at Dartmouth, is the new state four-champion of New Hampshire.

M'NARY PREDICTS OREGON PROSPERITY

PORTLAND, Ore., Aug. 9.—(AP) Senator Charles L. McNary declared today that he believes "congress has solved the farm problem in a way that is going to work out most successfully."

This statement was made in an address before the Clay club here. "When the farmer returns to the markets of the country, when he is able to sell his products and has other products offered, it will aid in all other lines of business," the senator declared. "It will do much to make our lumber market more in its former position; more than tariffs or agreements with foreign nations."

"I look to see Oregon's lumber business increase. This winter will see better times in this state."

Portland — Bids will be opened for construction of two new large type hangars and adjoining administration building for Swan Island airport at an expenditure of \$75,000.

Saturday Brings Savings at the M. M. DEPT. STORE

- Figured Georgette \$1.75 (Regular price \$1.98. Special for Saturday \$1.75. 39 inches wide. Very attractive patterns for evening or afternoon frocks.)

WARDWEAR TIRES

a 10,000-mile guaranteed tire at the lowest price ever known!

THE Standard WARDWEAR - while it is our lowest priced tire - is made in the same factories, has the same fine design and carefully supervised construction, as our first-quality RIVERSIDE line.

We emphasize this fact because it is important. Too many motorists are today being confused with price-and-quality comparisons which are deceptive. Many manufacturers insist on calling "first-quality" what are actually their "second-line" tires - and suggesting that their prices are lower than Ward's by comparing them with the prices of Ward's first-quality lines!

This sort of "tangled talk" should be straightened out. All such comparisons should in reality be made only between leading makers' second lines and the WARDWEAR. When they are, Ward's prices will always be found to be lower.

In buying your tires, therefore, don't be misled by off-hand "claims" of any kind. Insist on getting the FACTS. Do not be induced to pay first-quality prices for second-quality tires. Do not be satisfied by less than a definite, specific guarantee, backed by the manufacturer, for 10,000 miles of service. Do this, and you will reach but one conclusion: that WARDWEAR prices save you MORE, and WARDWEAR quality is guaranteed to serve you BETTER, than any other tires in their class!

Visit your nearest Ward Retail Store... examine these splendid-value tires for yourself. Tremendous sales volume, and distribution to the car-owner direct, explain why we can give you such remarkable guaranteed performances at such unusually low prices.

We carry all sizes of tires and tubes to fit all cars - at proportionate savings.
