

**BROADER POLICY OF NEW ROAD WORK IS URGED**

The committee on roads and highways of the Chamber of Commerce at a meeting held last night adopted the following resolution, outlining the future policy of the organization, insofar as it affects the trade and industrial welfare of the entire southern Oregon district.

After 20 years of consistent growth, yearly increasing production and solid substantial industrial development, Medford finds herself occupying a pre-eminence in a constantly enlarging trade territory. Therefore, to extend, foster and develop our trade territory should be the problem of paramount importance to ensure the consideration and energies of the Medford Chamber of Commerce.

Experiences covering the past 20 years has shown that isolated valleys, remote or inaccessible sections—however rich potentially they may be, or how great their natural resources—will not attract actual settlement and development without modern all-year-round highways and roads.

We believe that any proposed construction that will open up to settlement and development any isolated or bottlenecked sections of southern Oregon, or which will connect to recreational sections within our great national forests tributary to our sister cities of Roseburg, Grants Pass, Ashland and Klamath Falls, will in a measure contribute to our growth and prosperity as well as theirs.

Therefore, be it resolved that the committee on roads and highways of the Medford Chamber of Commerce do hereby recommend a broad policy of road and highway construction for all of southern Oregon in the end that modern transportation and travel service may be brought to every section in our great undeveloped territory.

Signed: JACK WARRICK, Chairman; LERT ANDERSON, Secy; GLEN ARNSPAGER, R. V. WILLIAMS, ARTHUR HILL, Members; S. W. CARL SWIGART, President Medford C. of C.

**CHILD VICTIM OF AUTO CRASH NOT EXPECTED TO LIVE**

Little Jack Taylor, age 10 years, of A. J. Taylor of Medford, Ore., in a very severe road test but has a fighting chance following a double fracture of the skull which he received last night in a fatal accident at Jackson. The accident, according to a report received from the Jackson Community Hospital, was as follows: Jack Taylor, 10 years of age, a Dodge automobile driven by the father, was en route to the city by the hospital at 10:30 p.m. on the night of the accident. The father drove the car down the hill and struck the telephone pole at 10:30 p.m. and Jack Taylor, 10 years of age, was killed. The father was injured and the car was damaged.

**NEW TRAFFIC CODE FOR MEDFORD TO BE SOON IN FORCE**

Enforcement of Medford's new traffic regulations will probably be started within a few days. The new code is a complete revision of the old one and will be in force by the end of the month.

A statement of the Medford Traffic Department, No. 2100, released from the Medford Municipal Building, says that the new code is being enforced by the police and will be in force by the end of the month.

When a driver is stopped for a traffic violation, he should be polite and cooperative. The police are only doing their duty and will be lenient if the driver is cooperative.

It is the duty of every driver to obey the traffic laws. This is not only for the safety of the driver but also for the safety of the other people on the road.

Don't drink more than is recommended. Don't drink and drive. Don't drink and operate machinery. Don't drink and be on the road.
