RANCH HOMES IN HILLSBORO DIST. IN PATH OF FIRE

HILLSBORO, Ore., Aug. 10.—(AP) A combined prairie and forest fire, which already has destroyed 15 acres of shocked grain, a vacant house and barn in eastern Washington county, today was sweeping into a 2,000-acre area of logged-off land toward the homes of numerous settlers.

The fire, of undetermined origin, broke out late yesterday after federal forest officials thought the forest fire situation in Oregon was under control. Fifty men, who had been fighting a large blaze in Klamath county, southern Oregon, were ordered to the Washington county.

Several homes between Shady Brook and Mason Hill are said to be in the path of the flames. One tongue of the fire crept into green timber 15 miles east of here and imperiled the home of Otto Solberger.

The area is owned by the Brix Lumber company and in an area of 2,000 acres it is said that nothing has been burned for three years, and the entire region is tinder-like.

FIND BODY OF MAN TAKEN FOR A RIDE

NEWARK, N. J., Aug. 10.—(AP)—Apparently the victim of a gangster "ride," the badly charred body of an unidentified man was found in a blazing automobile on the city dump last night.

Frank Ferrara, foreman at the dumping grounds, told the police the car was driven to the dump by two men who drove off in another machine a moment before the car burst into flames. Police expressed the belief that the man either had been unconscious or dead when the match was applied to the gasoline that saturated his clothing and the machine.

The abandoned machine carried no license plates and the police said the engine number had been chiseled off. The body was removed to the morgue for an autopsy.

Hilgard—Bids opened for construction of school building for district No. 22.

4 DROWNED IN LAKE AT YAKIMA

YAKIMA, Wash., Aug. 9.—(AP)—Efforts were under way today to recover the bodies of four persons who were drowned late yesterday at Rimrock lake, near here.

The dead are John Practorius, 24; Richard, 22; Junior, 9, and J. H. Shaver of Ohio, a visiting relative of the Practorius family. With six others they had gone to Rimrock lake for a sail. A sudden gust of wind swept the boat over and spilled them all into the chill mountain water. Mrs. Practorius, who was on shore, at once started down the mountain trail to get help.

The two elder Practorius boys could swim but Junior was sucked down and the two brothers and Shaver at once relinquished their hold on the boat and attempted to save him.

Mrs. Richard Practorious, a bride of a few months, managed to pull herself into a rowboat and with only a stick as an oar rowed to shore.

Despite the efforts of Mrs. Practorious, it was more than an hour before the alarm reached M. J. Hadkor, caretaker of the dam. The five still clinging to the boat were then saved.

Using army airplanes to make war on the locust hordes in the Philippines was successful until recently when the insects, apparently by intuition, have learned to avoid the attacks. The planes were used to spray poisonous dust on the crop destroyers and, at first, left the dead in windrows on the plantations the insects attacked.

Most farmers utilize their poor-quality hay by feeding it to bulls and dry cows, but it is better to dispose of it in other ways. Dry cows must be well fed if they are to produce large quantities of milk after calving. Very little poor hay should be given them.

Once a haven for outlaw bands, the "Devil's Den" has become a beauty spot to lure Oklahoma tourists.

TEX RANKIN TO HOP TOMORROW

PORTLAND, Ore., Aug. 10.—(AP) With about 75 gallons of gasoline aboard, Tex Rankin, Portland flier, took his tiny plane off the Port of Portland airport after a run of only 600 feet. It was his first load test for his projected non-stop flight from Vancouver, B. C., to Agua Caliente, Lower California. He will leave Vancouver tomorrow morning and hopes to arrive at his goal tomorrow night.

In today's test the plane climbed 2000 feet in about ten minutes, observers said.

Rankin planned a test take-off with a full cargo of 105 gallons of fuel later in the day.

"Because of the possibility of being mistaken for signals, wearing of red clothing about the right of way is forbidden," reads a safety booklet recently published by a western railroad. The decree officially bars the red flannel shirt and necessitates hiding the red bandana handkerchief.
