The Difference. Between a crime and a misdemeanor has nothing on the utter lack of intelligence shown by our financial powers in permitting the bulk of our Bartlett pears to be moved out of this valley to be processed by outside canneries, when our local people need the cost of processing to help make ends meet or one end bread and the other end meat, in preparation for the coming winter. But—it all works to the good of the grower. AND THAT REMINDS US A good orchard is now a good investment. We have the orchard. You rustle up the money to buy and we'll both make money.
