HARRY SMITHE PHILLY HURLER GOOD IN DEBUT

Recruit Holds Pirates Hitless in Five Innings of Blue Monday Twin Bill—Rain Cuts National League Program.

By William R. Chipman.
Associated Press Sports Writer

Moisture in the box office at Brooklyn and New York and some degree of real rain at Boston so curtailed the National league program yesterday that Blue Monday was almost a holiday. From a Pittsburg viewpoint, the only mistake of the afternoon was the failure of the furious Phillies to call off their double-header with the Pirates. As events turned out, the Phils trimmed the Dreyfuss Dragoons in both ends of the bargain bill by 7 to 6 and 8 to 5, and left Herr Barney's flag hopes decidedly flat.

The double reverse dropped the Pirates to a position nine games behind the Cubs, who idled in New York sunshine. What is even worse for Pittsburg chances is that the differences between the Bruins and the Buccaneers is 10 games in the all-important losing column. Donie Bush now needs six straight in that "crucial" series to be played at Forbes field next week with the Cubs as guests.

From the debris of the Pittsburg pennant dream emerged a young Philadelphia pitching recruit who hoisted high his standard in the afternoon of his big league debut, a hero for a day if no more. But in the vicinity of North Broad street and the railroad tracks they will tell you that Harry Smythe of Asheville and the Sally league has come to the big time to stay.

This southpaw recruit from the land which gave Nap Rucker to the major league tossed back the slugging Pirates hitless in five innings of the two games yesterday. He took charge of the opener in the sixth with the teams tied at 6 to 6, and blazed away faultlessly as the Phillies gave him a margin of one run, with which he won.

In the second game he pitched only the last round, after official credit for the victory had been handed out to Bob McGraw for the reason that McGraw was on hand when the winning rally was unleashed.

The Macks got back into their winning stride in the American league campaign, downing the Browns by 8 to 2 behind Bill Shores and evening the series. The Yankees also won, and the lead of the A's remained unchanged at 12 games. The Yankee victory was a more or less personal triumph for young Roy Sherid, who shaded Hal McKain and the White Sox by 3 to 2.

The run of complete games by Red Sox pitchers was halted at nine. After Milton Gaston had hurled the Bostonese to a 3 to 2 triumph over the Tigers in the first game at Detroit yesterday, Jack Russell gave way under pressure of Bengal bats in the nightcap. He yielded the reins to Dobens in the sixth as the home team won by 6 to 2.

Washington turned the tables on Cleveland, defeating the Indians by 5 to 3.

Golf Clubhouse Burns

PORTLAND, Ore., Aug. 20.—(AP)—The Riverside Golf Club clubhouse was destroyed by fire of undetermined origin late yesterday, entailing an estimated loss of $10,000. Several golf player were on the course when the fire broke out.

Babe Ruth is no longer home run king but still he stays in the headlines. One day the papers had him angling for the White Sox managership and the next they had him asking $100,000 for his 1930 services with the Yankees.

Wes Ferrell, young Cleveland pitching star, has two brothers in organized baseball.

Johnny Weismuller is a regular on the metropolitan golf links.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mrs. Annie Waters, of 2752 44th Ave. S.W., Seattle, Wash., says: "I suffered from nerve-wracking stomach trouble. Every available remedy brought no results until I tried Tanlac. It built me up till my stomach trouble was cured."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.

Coast League Yesterday

By the Associated Press.

First game:	R.	H.	E.
Portland	3	6	2
Seattle	1	5	0

Walters and Tomlin; Pipgras and Borreani.

Second game forfeited to Portland 9 to 0 in second inning with score standing Portland 3, Seattle 1, when Manager Ernie Johnson of the Indians refused to leave the field after an argument. Empire Kohl ordered him off, and when Johnson refused, announced the game was forfeited to the Portland team. Johnson declared he would protest the decision.

Fights Last Night

By the Associated Press.

Philadelphia—Andy Divodi, New York outpointed Young Ketchell, Chester, a., (10); Al Fay, Charleroi, Pa., stopped Tony Talarico, Aberdeen, Wash., (16); Johnny Farr, Cleveland, outpointed Henry de Wanchker, France, (10).

WALKER VICTOR IN SLASHING BATTLE WITH LEO LOMSKI

PHILADELPHIA, Aug. 20.—(AP)—Mickey Walker, ruler of the middleweight realm, was a step nearer the light heavyweight throne today by virtue of his convincing victory over Leo Lomski, the mauling light heavy of Aberdeen, Wash.

Walker took the Aberdeen assassin handily in 10 sizzling rounds at the municipal stadium last night, not by a knockout, as Manager Jack Kearns had predicted, but by a comfortable margin. Kearns is already laying claim to the light-heavyweight title, soon to be vacated by Tommy Loughran, and victory over Lomski, also an important contender, was pointed to today as adding emphasis to the claim.

Walker, former welterweight king and holder of the middleweight crown, spotted Lomski six and three-quarters pounds, but more than overcame the weight handicap by his ring generalship and punishing punches. The Associated Press score sheet gave Walker six rounds and Lomski three. The tenth was even.

Both fighters were in splendid condition and from the opening bell there was never a letup. At times Walker ran into Lomski's whistling right. Mickey always came back and belted the Aberdeen blonde soundly in the third and seventh and in the ninth Walker had the westerner on the verge of a knockout, but Lomski weathered the storm. The champion too was badly stung at times and was forced back, but for the most part he was always leering in and willing to slug it out toe to toe. Science played little part in the battle. It was a rushing, slashing fight all the way.

RICH STAKES PUT UP FOR GOLF TOURNEYS IN WEST THIS FALL

LOS ANGELES.—(AP)—Western fairways will be paved with gold this winter.

The annual golfing drive—a series of "money" tournaments—will be far richer than any of the past. Already purses aggregating more than $60,000 have been announced, and other events appear likely to swell the total to more than $100,000.

Featuring a string of tournaments will be the national professional golf association championship, with its $15,000 purse, over the picturesque LaCumbre country club course at Santa Barbara, Cal., the first week in December. Leo Diegel will defend the crown he won last year in Baltimore.

Outclassing the national championship from a monetary standpoint will be the $25,000 open to be staged by the Agua Caliente Country club in Mexico. Out of this purse, greatest ever offered for open play, will come $10,000 for the winner. The remainder will be divided among other high finishers.

The treasure hunters then will have a $10,000 pocket to dig for in the fifth annual Los Angeles open. On Santa Catalina island, the golfers will vie for $7,500 in prizes.

A half dozen other tournaments with purses ranging from $2500 to $5000, tentatively have been announced by other cities.

YOUNG STRIBLING ADDS SEKYRA TO DEFEATED

KANSAS CITY, Aug. 20.—(AP)—W. L. "Young" Stribling, Georgia heavyweight, added another victory to his growing string in a 10-round bout here last night when his body attack proved too much for Moe Sekyra, blonde Bohemian mitman, of Dayton, Ohio.

The Ohioan fought gamely but was no match for Stribling when the latter got under way. The sixth round saw the bout made interesting by Stribling's aggressiveness and the contest ended with the Georgian flailing Sekyra viciously to the body.

Stribling outweighed Sekyra 180 to 176.

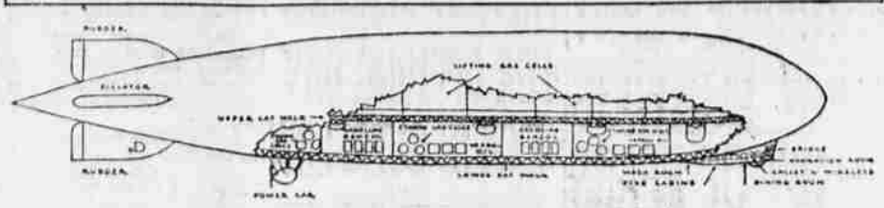
Zep Uses Gas and Liquid Fuel, Veedol Motor Oil



This photograph prepared by the Maybach Motor Company shows how the Graf Zeppelin on her round the world flight carries her lifting gas, her liquid and gas fuel and her motor oil. The ship carries 2,700,000 cubic feet of hydrogen to lift her, 1,000,000 cubic feet of ethane gas as her principal motor fuel, 8 tons of gasoline-benzol mixture as auxiliary fuel, and 8 tons of Veedol motor oil supplied by the Tide Water Oil Company to lubricate her five motors.

COMMITTEE TO PLAN SURVEY OF WILLIAMS ROAD

Steps towards a preliminary survey of the proposed Williams Creek road cut-off, to form a connection between the Ruch market road and the Oregon Caves road, will be taken tonight at a meeting of the roads and highway committee of the chamber of commerce.

The reports of County Engineer Paul Rynning and City Engineer Frank Dillard, who last week made a reconnaissance of the Williams Creek district, will be made.

The purpose of the preliminary survey is to establish the facts as to distance of the road, feasibility of construction, the grades, and estimates on cost of construction.

The present plan is for the chamber of commerce, the city of Medford, and Jackson county each to furnish a surveyor for the preliminary survey. Residents of the Williams Creek district have volunteered to furnish brush cutters and other workers.

Engineers Rynning and Dillard spent three days last week in the Williams creek country. Ralph Cowgill expected to make the trip, but was suddenly called the mouth of Rogue river by a new angle in the fish situation.

It is the aim of the chamber of commerce committee to assemble all the engineering facts in connection with the proposed cut-off.

It is probable that the preliminary survey will be started at once and the work completed within a month.

SEEKS DIVORCE FROM ALLEGED HOLDUP MAN

A divorce complaint was filed this morning by Alice Irene Cox of Ashland against Clarence Wesley Cox, now being held in the county jail following an alleged attempted holdup on the Greensprings mountain.

Mrs. Cox charges that her husband has treated her cruelly and has persisted in gambling for several years. Also, that his actions have been such as to cause her much worry. She seeks the custody of three children.

Cox is being held on insanity charges, sheriff's officials report. The Greensprings holdup was attempted with a toy pistol.

LOCAL BUILDING ACTIVITY SHOWS GOOD INCREASE

Straus Survey Reports $44,405 Increase in July Over Same Month Last Year—Entire Coast Area Has Slight Gain.

That Medford has made a substantial increase in building in the last year is shown by the national monthly building survey prepared by S. W. Straus and company. Permits for building or alteration for July of this year were issued to the value of $55,709 which is an increase of $44,404 over July, 1928. The report states 50 per cent should be added to these figures to arrive at the real cost because of under-valuation. In nine cities in Oregon permits were issued for building to the value of $2,273,490 for July of this year.

Building construction according to the report, based on plans filed or permits issued for 577 cities in 48 states and the District of Columbia, shows a loss of 13 per cent compared to July 1928, but an increase of 9 per cent over June of this year.

Conditions on the Pacific coast indicated a slight gain in building over last year, but a loss of 10 per cent in July from June of this year. The total for July for 64 California cities showed a four per cent gain over last year.

Little changes were noted in the building material markets from the preceding month and prices remained stable. Most of the fluctuations reported were local in character. The brick and lumber outlook showed a tendency for weakness but the other materials are holding their own.

PRISONER BURNED TO DEATH IN JAIL

TACOMA, Wash., Aug. 20.—(AP)—Billy McVee, 25, a Hoquiam pugilist, better known in sporting circles as Kid Ritchey, was burned to death last night in a fire which destroyed the town jail at Toledo, a village south of Chehalis, Wash.

McVee was to have appeared on a smoker program at Toledo last night, but was jailed early in the evening on a charge of drunkenness. The jail was discovered on fire by men leaving the smoker at its close but were powerless to save McVee, its only occupant. It is not known how the fire started.

Putting Out Fires and Changing Tires Keeps Weber Busy

CRATER LAKE, Aug. 20.—(Special)—It's all in the day's work.

The aptness of this famous slogan of the National Park Service was proved at Crater Lake National park, by Ward Webber, resident engineer. Returning home at the end of a strenuous day, Mr. Webber observed a traffic jam on the road to Anna Spring. Investigating, he found that a truck had burst into flames. Equal to the emergency, it took him exactly 10 seconds to put out the fire with an extinguisher which he had in his car. In a few moments the highway was once more clear.

Satisfied that his good deed for the day had been accomplished, Mr. Webber once more started for home. This time he was interrupted by signals of distress from a car by the road-side. The feminine occupants had a flat tire, and didn't know how to change it. What was more, it was getting dark, and they were afraid of the bears. Would the man in uniform help them? He did, and in reply to their profuse thanks, gave the standard answer of the National Park Service to every emergency: "It's all in the day's work!"

Community House Popular.

Averaging a weekly attendance of 1500 people, the community house at the rim, has lived up to its name this season, in being the meeting place for visitors to Crater Lake National park. From every state in the union, from Canada, from Europe, they come together to compare experiences and enjoy the evening's entertainment. Old friendships are renewed and new ones made, as they sit around the great fire-place.

The only fixed feature of the program is sponsored by the educational division under the direction of E. P. Horsuth, acting park naturalist. This lecture, given by Ranger-Naturalist Dale Leslie, of the University of Oregon conferrs the geological, legendary and historical development of Crater lake. Conducted by Ranger Henderson, the community sings have been very popular. Impromptu entertainment, in which every one participates, and dancing to the music of a small orchestra, completes the evening.

MILITARY PRISONS RELIEVE CROWDING

WASHINGTON, Aug. 20.—(AP)—A plan to solve in part the overcrowding in federal penitentiaries has been agreed upon between President Hoover, Secretary of War Good and Attorney General Mitchell.

It contemplates, among other things the transfer to the justice department of military prisons now but slightly used.

Such prisons are at Leavenworth, Kansas; Blackwell's Island and Alcatraz. These now have only a few inmates and can accommodate more.

The first move in the new plan will be to turn over the Leavenworth military prison to the department of justice.
