## Keeping Down Costs

The cost of foods, like all other merchandise, depends greatly upon the cost of getting them to you. Fully half and in many cases more than half of what you pay goes for distribution — so the easiest way to cut costs is to keep down the cost of distribution.

That is the secret of our always lower prices — cutting expenses here and there — yet always adding to the pleasure of shopping.

Come in and shop the Groceteria Way — inspect our stock of quality foods — all of the old familiar brands—the brands you know — Del Monte, S & W, and Monarch—all the finest the market affords—and all priced on the basis of our lower business costs.

Again we say — "It costs no more to be sure of quality" — Come in and prove it for yourself.
