

EGG PRICES ON LOWER LEVELS

PORTLAND, Ore., Aug. 26.—(AP) Jobbers began sliding the price of top grade eggs Saturday afternoon and as a result quotations are two cents lower on fresh extras and standard firsts. The supply, however, is still somewhat short. Butter prices were firm. Crabbapies made their appearance at the East Side market Monday. They brought an average of 25 cents a box. Scalded cream sold for \$1 to \$1.25; cantaloupes \$1.25, corn \$1 a sack; 6 dozen ears, tomatoes 50c and green beans \$1.25. Other prices were unchanged.

Wall Street Report

NEW YORK, Aug. 26.—(AP) Strength shown by the high grade rails accelerated the late rise in today's stock market. In which utilities and specialties rose substantially. Midland steel products preferred was up 15 points to a new top at 395, while U. S. freight touched 126, a new high, on a gain of 1 1/2 points. American Telephone and Telegraph gained 3 1/2 to 302 1/2, also a new high. There was some selling of U. S. steel in the final hour. The closing tone was irregular, with sales approximating 4,200,000 shares. Heavy realizing in the final dealings carried stocks of the day's leaders off 3 to 6 1/2 points from their best levels of the day, and depressed several important issues such as American Can, U. S. Steel and Westinghouse Electric 4 to 6 points under last Saturday's final quotations.

JACKSONVILLE FOLK ENJOY STAY AT SEA

JACKSONVILLE, Ore., Aug. 26.—(Special). The families of several of the men who are employed at the county sheds in Jacksonville have spent a couple of weeks vacation at Crescent City. Among them were the families of Rollie Rinabarger, Tom Roseberry and Ray Crawford. Mrs. Charley Hale and two children of Medford also accompanied them. Mrs. Roseberry and children returned Thursday evening and the others will return Sunday. Miss Audrey Metzger is visiting this week at the home of Mrs. and Mr. Lester Walker at Ashland. John R. Knight left Saturday morning for Portland. Mrs. Knight who has been visiting in Portland and vicinity for several weeks will accompany him home. Mrs. Luella Dunnington and son Tommie, Mrs. Hazel White and children enjoyed a swimming party at Central's swimming hole on an appetizing Friday afternoon. Salem—Rapid progress is being made on construction of \$150,000 grand stand at Oregon state fair grounds.

GERMAN EXPERTS DISCUSS DANGERS OF DUST IN ETHER

ROENIGSBERG.—(AP) Dust is something about which the most scientific of German engineering experts admit they know little. Everyone knows that dust, be it of coal, wood, flour, or paper, is sometimes explosive. It depends on just the exact admixture with air—a grain too little or a grain too much—but no one knows the exact danger point. The Society of German Engineers devoted a special session of "dust experts" here to look into the degree of explosiveness and also into the injury done by industrial dust to human organisms, notably the lungs and the skin. Dr. Teleyk of Dusseldorf said that there are no adequate means for measuring dust particles, which would be highly desirable, as such machinery could be adjusted accordingly. Injury to the human system depends not so much on whether dust particles are sharp edged, but on their size and chemical composition. The most dangerous, according to Dr. Teleyk, are those between one half and two microns in size, a micron being one twenty-five thousandth of an inch. These sizes are readily absorbed by the cellular tissues and cause "dusty lung." Some metal dust is so fine that it enters the pores of the skin and causes dangerous subcutaneous incrustations. Relations between dust and humidity also remain much of a mystery. Experiments have shown the fallacy of the belief that humid air is necessarily more dust-free than dry air. The reverse is often the case. DONALD NICHOLSON, a missionary who returned with an American scientific party aboard the yacht Hylia, brought to Sydney interesting tales of feminine obedience among the tribesmen. "Warfare among the tribes is almost constant," said Nicholson, "but the women in times of conflict are allowed to pass unharmed."

FEW FEMINISTS ON NEW HEBRIDES ISLE

SYDNEY, Australia.—(AP) The problem of equal rights for women apparently has never reached its head among the Bignambis, a cannibal tribe of Malekula, New Hebrides. Donald Nicholson, a missionary who returned with an American scientific party aboard the yacht Hylia, brought to Sydney interesting tales of feminine obedience among the tribesmen. "Warfare among the tribes is almost constant," said Nicholson, "but the women in times of conflict are allowed to pass unharmed."

ILLITERACY WANING IN ITALY IS SHOWN

ROME.—(AP) The Italian government's steady fight against illiteracy is beginning to show results in census figures. In 1921, before the Fascist government came into power, illiteracy in Italy reached 34 per cent, meaning that practically one out of every three persons could not read or write. This figure has been reduced to 27 per cent, as of the end of 1927, when the census started. A still further reduction could be accomplished today. The reduction is going on at the rate of about one per cent a year. At the same time the number of elementary schools is on the increase. In 1922-1923 there were 112,073. Today there are over 121,000. The southern provinces of Calabria, Puglia and Sicily, together with the island of Sardinia, show the heaviest figures of illiteracy. Calabria still is unable to produce more than 52 per cent of her people who can read and write.
