

Today

By Arthur Brisbane. Hand to the Plough. Make Him a Broker. What a Bargain. Big Business Rolls On.

(Copyright by King Features Syndicate, Inc.)

Jews in America and other countries, worried about ecologists in Palestine, may find comfort in the fact, as regards future events, that the British empire cannot allow Arabs to defy British authority.

Let Jerusalem riots get beyond control, and the Moslem world become convinced of its ability to defy the British, or convinced that the British have had all the fighting they want, and there will be trouble, serious and widespread.

The Jerusalem riots involve not merely the safety of Jews in Palestine but the safety of the British empire wherever Mohammedans are numerous.

Lord Rothermere's newspapers suggest that British repudiate the Palestine mandate and wash its hands of the whole responsibility.

Before repudiating a mandate solemnly as suggested, Ramsey MacDonald's government should read again the last five verses of the ninth chapter of St. Luke, including these lines:

"No man, having put his hand to the plough, and looking back, is fit for the kingdom of God."

If you think prosperity will continue—as it will unless foolishness interferes—buy your little boy a seat on some stock exchange.

He will make money as a broker, and his seat while he sits in it, may make him rich apart from his own work.

You can't say that of many seats.

Chicago's exchange seats are to be doubled in number from 235 to 470, rich gift for the 235.

Stock exchange seats in Los Angeles, San Francisco, Seattle are doubling and tripling in value.

A stock broker has such a "clean" business, buying and selling as ordered, a profit on every transaction. Wise brokers don't gamble. They let customers do that.

It is suggested that New foundland will sell Labrador to Canada for \$110,000,000. This country would gladly buy it, but could not. It would not be sold outside the British empire, which shows wisdom.

(Continued on Page Four)

The most I can say for some fingers is they don't lie. The only time some women are ever seen with their husbands is when the husbands are being tried for homicide in their sweethearts to death.

SIGHT GRAF AT CHICAGO LATE TODAY

Sky Liner Over Mid-West Metropolis 4:25 — Left Kansas City at 9:49 — Greeted By Airplanes On Kansas Visit — Thousands Watch Balloon Disappear in Clouds.

CHICAGO, Aug. 28.—(AP) The Graf Zeppelin was over Chicago at 4:25 p. m., central standard time.

KANSAS CITY, Aug. 28.—(AP) The Graf Zeppelin reached the southwestern outskirts of Kansas City at 9:49 a. m., C. S. T., today.

The giant ship after entering the city with its nose pointed almost due east swung around in a circle to the south as it reached the business district. A dozen airplanes hovered around the air giant.

After circling the city, the dirigible struck a course northeast, apparently heading on a beam-line for Chicago. It disappeared into a murky, heavily clouded sky at 9:59 a. m.

Tens of thousands of persons watched the skies to catch a glimpse of the Graf Zeppelin as the giant dirigible passed over the city.

Clouds hung low and the visibility was poor, although the sun was peering its way through the haze in the east.

A huge crowd gathered about the Liberty memorial and in the Union station plaza. Many persons had remained awake all night in order not to miss a view of the sky visitor.

Roots of downtown buildings were dotted with spectators and many office workers gathered at windows. Business was virtually at a standstill.

All parks and open spaces in the city were gathering places for crowds of eager watchers.

A squadron of airplanes from local fields went out to meet the Graf Zeppelin and escorted it over the city.

PENDLETON, Ore., Aug. 28.—(AP) — A 14-year-old boy, Glenn Moore, was in the county jail here today while authorities investigated the shooting of Helms Moore, 36, prominent astern Oregon rancher, whom the youth is alleged to have shot and wounded fatally to protect his mother.

Authorities said today Glenn confessed shooting his father when the elder Moore returned home late last night in an alleged drunken condition and beat Mrs. Moore, Glenn told authorities he saw his father standing over his mother's bed threatening her.

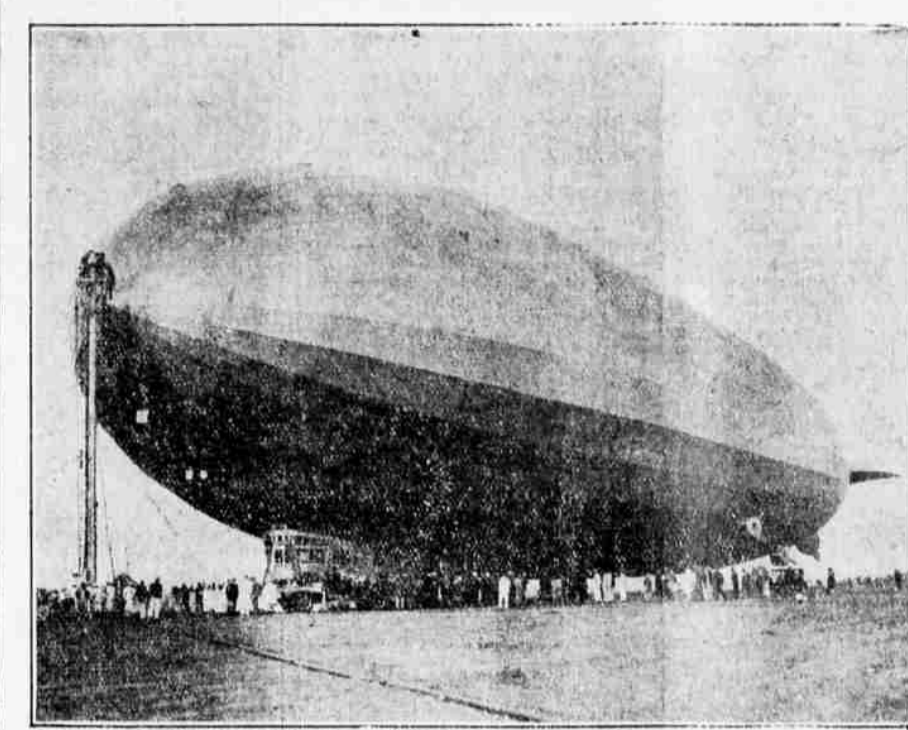

The youth entered the room with a shotgun, intending, he said, to intimidate his father.

The gun discharged accidentally, young Moore told officials. The elder Moore died in a Pendleton hospital from gunshot wounds in his arm and abdomen.

The youth then fled in his father's car in relative, where he told of shooting his father. Two hired men and a girl told authorities they heard the gunshot and saw the youth. They said Moore was intoxicated and that Mrs. Moore was in a nervous condition since an operation a short time ago.

Moore is well known throughout eastern Oregon, having ranched in the Hermiston district.

SAFELY MOORED AFTER TOKYO-LOS ANGELES HOP

Dirigible Graf Zeppelin is tied up to stub mooring mast at Municipal Airport, Los Angeles, a few minutes after her lines first were dropped into hands of United States marines and sailors at 5:11 a. m. Pacific standard time, Monday, Aug. 26. She arrived at Los Angeles from Kasumigaura Airport, Japan, at 1:16 a. m., cruising about city and nearby beaches awaiting first streaks of dawn before gliding gently downward to stub mast. Arrival in Los Angeles marked next to last leg of around the world trip which started from Lakemur at August 7. She was to fly across American continent to complete circuiting of globe at Lakemur after refueling at Los Angeles.

BOSC ADVICE ON TEMPORARILY BI-PARTISAN LEAFLET SEEN ANNEX PORTION AS MARKET AID SODA SPRINGS RECOMMENDED

Winter Pear Committee Advises Shippers, Growers Place Educational Dodger in Each Box—Good Result Last Year.

The Winter Pear committee, David E. Wood, chairman, advises that shippers and growers of Bosc pears place as usual in Bosc boxes the leaflet containing educational material on the ripening and history of the fruit.

The leaflet, with the heading: GOLDEN • RUSSET • LUSCIOUS BOSC PEARS is as follows:

When properly ripened the Bosc pear is one of the finest flavored fruits in the world.

For highest quality, BOSC PEARS MUST ALWAYS BE RIPPENED AT MODERATELY HIGH TEMPERATURES.

During the warm fall months of September and October Bosc pears may be ripened with finest quality prevailing outside temperatures.

During cold months of November and December they must be taken from cold storage and ripened in a warm room at a temperature of 60 to 75 degrees. Bosc pears will not ripen properly in cold storage or at cool temperatures.

Bosc is a fall and early winter variety. They may be held satisfactorily in cold storage until the Christmas holidays if held at a temperature of 32 degrees and humidity of 80 degrees. If kept longer than this the fruit often loses eating quality and breaks down.

The Bosc is the supreme achievement of the pear breeder's art. It was produced in Belgium in 1807 by Dr. Van Mons, that pioneer pear breeder. He planted thousands of pear seeds and from the best trees thus produced again selected and planted thousands of seeds. This was continued generation after generation until eighty thousand trees had been produced. From all these, one tree was selected because of the wonderful quality and appearance of its fruit—this originated the Bosc pear.

This box of Bosc pears was produced in the Rogue River valley of Oregon, where, owing to unique climatic and soil conditions, this variety attains a greater degree of perfection than in any other part of the world.

Highly advantageous results were obtained by the use of the leaflet in previous years, and the Winter Pear committee is anxious that there be no decrease in its use, with an intensified dose marketing and advertising game in the offing.

Boundary Board Enables Early Opening of School—Petition Pinehurst and Soda Springs Residents to Be Studied.

Petitions of residents of the Pinehurst and Soda Springs school districts, asking that portions of the Soda Springs district be annexed to the Pinehurst district, were taken under advisement today by the school boundary board.

The board, composed of County Superintendent Susanne Homes Carter, and the county court.

No final action was taken, but another meeting was called for two weeks hence.

In order that a start could be made, an opening school at an early date, the boundary board temporarily granted the petition asking that four sections be annexed. This petition asked that eight sections be annexed. Another petition was filed this morning, asking that a strip two sections wide, running the entire length of the Soda Springs district be annexed. Action was delayed until both sides could be annexed.

The purpose of annexation is to centralize the school attendance at the new town of Lincoln. The town is located on the line between the two districts, and the annexation would put all the school children in one district. There are 32 or more pupils.

County Judge Sparrow advocated going slow, for fear of reviving the school row that has been raging in the two districts for some months.

The annexation would give the Pinehurst district some of the valuations as well as two children.

County Road Plea. The county court took no action on the petition for the improvement of the Ashland-Clinax road, for logging operations. The court held that the road would serve no interest save the logging operations, but that whenever the district was repopulated, it would render financial assistance. Catmon and home owners of the district have moved away. The petitioner claimed that the improvement of the road would cost him about \$200, and maintained that after he had improved it, others would use the road, without making any payments.

The county court held this expense was one of the penalties of pioneering. They further declared that heavily traveled roads on the floor of the valley, would receive first attention.

A widow lady from Washington asked aid of the court. She said she had come from that state expecting to find work, but had been unable to find it. She was referred to the Red Cross.

The rest of the session was devoted to the signing of bills and routine matters.

Oregon Weather. Generally fair tonight and Thursday, but cloudy and unsettled near the coast; probably thunder storms in mountains of east portion. Temperatures generally above normal in interior. Moderate variable winds, mostly southerly, on the coast.

Republican Members Senate Finance Committee Make Recommendations On Tariff Bill—Reorganization Favored.

WASHINGTON, Aug. 28.—(AP)—President Hoover would be given power to reorganize the tariff commission, but required to keep it bi-partisan under a revision approved by Republican members of the senate finance committee in the house tariff bill.

The decision was disclosed in the 485 page text of the document made public today by Chairman Snodgrass.

The president in his message to the special session, recommended that provision be made for reorganization of the tariff body.

An unwritten bill provides for a commission of six members, the same as at present, as against seven in the house bill, with terms of six years as against twelve now and seven in the house measure.

The president under the written bill would be empowered to end the term of one or all of the commissioners but in selecting their successors he would be bound by a provision in existing law that not more than three could be of the same political party. The house bill proposed that appointments be made without regard to party affiliations.

Under the reorganization, the Carnation Milk Products company and the Albers Brothers Miling company was announced today by Philip G. Kinzer, vice-president of the Carnation company.

Headquarters of the \$6,000,000 Albers Brothers company, now located at San Francisco, Kinzer said probably will be removed to Seattle and consolidated with those of the Carnation Milk Products.

Under the consolidation, the \$20,000,000 Carnation company obtains the Carnation brand name of the Albers Brothers under which the latter had been marketing several products. The new company will be known as the Carnation Milk Products company, though it is believed the trade name of Albers would be continued.

The merger, Kinzer said, was brought about by direct negotiations of officers of the two companies and is on the basis of two and one-half shares of Carnation common for one Albers preferred and two Carnation common for one Albers common.

Eugene—Contract will soon be awarded for building Firestone Tire company distributing plant in this place.

POGROM IN MID-EAST IS FEARED

Horrors of Fire and Sword Loom Unless British Crush Moslem Fanatics—Look to King of Hedjaz to Turn Scales—Dead Number 143—Beersheba Tribes Arming.

JERUSALEM, Aug. 28.—(AP)—Moslem uprising throughout Palestine, Syria and Transjordan with attendant horrors of fire and sword loomed today as a possibility unless British power in the Middle East could crush quickly the rising spirit of unrest among fanatical tribesmen.

The situation already today seemed to have passed beyond the original dispute between Arabs and Jews over use of the Wailing Wall, and observers generally here looked to Iban Saud, mighty king of the Hedjaz, whose ultimate attitude could turn the scales one way or the other.

It was considered certain that facts rapidly being assembled did not bear out the optimistic tone of official communications.

These, fixed the dead and wounded in the last five days fighting between Jews and Moslem Arabs at 143, and 426, divided as follows: 93 Jews, 4 Christians; 39 Christians, and 269 Jews. It was added an accurate check of casualties was impossible.

Upheaval among the Transjordanian Arabs growing out of the Palestine fighting has become so violent the government has found it necessary to close the eastern Jordan frontier against possible invasion by sympathetic nomads, but armed Bedouins crossed the Jordan despite guards placed on the bridges.

Beersheba Tribes Arming. The Beersheba tribes were said here to be arming and gathering by the thousands for the northward march which gave rise to fear of a clash with British soldiers at Hebron, scene Saturday of a massacre in which Arabs literally cut to pieces Jewish men, women, and children. Refugees arriving from Transjordan said the situation there was becoming worse.

Although the Jews thus far have been made the object of the Arab attacks, the situation has become such that a few fanatical "holy men" might easily turn the tables—Moslem passions—against the Christians and British rulers. Some idea of the widespread Moslem sympathy with the Palestine Arabs could be gleaned from the demonstration yesterday of 24,000 Moslems in the Jezzi quarter of Damascus. Troops finally dispersed the tribesmen.

Children Molested. Haifa, seems to have suffered from considerable fighting, with many deaths in the Sephardic quarter near the railway station. The American consul here asked the British authorities for immediate help to prevent any trouble in the children's village there, where many refugee children from the Ukraine are being cared for by the Near East Relief.

Sniping continued in Jerusalem, but it was expected the arrival today of Sir John Chancellor, high commissioner, and continual arrival of British troops by air from Egypt should result in restoration of complete order here. Foreign consuls have been in frequent conference regarding the seriousness of the situation.

NEW YORK, Aug. 28.—(AP)—As a memorial to those of their race who have been killed in Palestine and as a protest against the anti-Jewish outbreaks, thousands of men and women of the Jewish faith will gather from many eastern cities at a mass meeting in Madison Square garden tomorrow night.

Samuel Untermyer will preside, the committee in charge of the meeting announced today, and among the speakers will be senator William E. Borah, chairman of the senate foreign relations committee.

100,000 VISITORS CHECKED IN PARK. GOVERNMENT HEADQUARTERS, Crater National Park, Aug. 28.—(Special)—At 10:12 a. m. today the 100,000th visitor at Crater National Park for the season of 1929 checked in at the Anna Springs entrance.

This number of park visitors was reached last year on September 10, when, at the end of the day 100,229 visitors were recorded for the season.

A travel comparison over last year to date shows an increase of 6,172 cars and 10,455 people.

Mail Tribune Bargain Days Coming Soon

The Mail Tribune will soon announce its annual Bargain Days, when this paper will be sent seven days a week for a year for \$5, which will be a saving of from \$2.50 to \$4 per year, according to whether you receive your paper by mail or by carrier, and whether you pay by month or by the year.

This rate will apply to both present and new subscribers, anywhere in the city or United States. The only conditions being you must be paid up to September 1, 1929, or thereafter, and that your subscription must either be paid at this office or mailed on one of the Bargain Day dates to be announced soon.

Rural Delivery. The Mail Tribune will also furnish a low free, put it up in front of your place, and deliver the paper every evening and Sunday morning, if you reside on one of our many established routes, covering about 250 miles of the all-year valley routes between Gold Hill and Ashland.

See ad elsewhere in this paper.

WORK IN FRUIT WILL NOT DELAY SCHOOL'S START

Survey By Superintendent's Office Shows Few High School Students Employed—Tuesday Opening Stands Unchanged.

One survey up to date shows that there are not over forty Medford high school students working in the fruit, and I believe there are less actually employed, said Supt. E. H. Hedrick this morning.

"Which means that the high school will start Tuesday, Sept. 3, the same as the other city schools."

Mr. Hedrick stated that because of the great expense involved in making the survey, it was not quite as thorough this year as previously, but they were confident that few of the high school students were employed in the orchards and packing plants.

Due to the state child labor law being enforced, a large number of the younger students are unable to work.

From a business standpoint alone it is not advisable to postpone school, he said, as there are 30 teachers employed at the high school, who are on the district pay roll, and approximately 700 students that would be waiting for the opening of school.

For those who are working in the fruit school start later, arrangements will be made at the high school office.

AMERICAN JEWS READY TO FIGHT FANATIC ARABS

NEW YORK, Aug. 28.—(AP)—The American Palestine Jewish Legion in a telegram today to Sir E. Howard, British ambassador to the United States at Washington, offered the services of 10,000 fighting men to aid in the restoration of peace in Palestine.

Most of the 10,000 American Jews are war veterans, the telegram stated, and a great number of them fought with Lord Allenby in Palestine in the World War.

"Despite the gratitude of world Jewry to the British troops in Palestine, we voice the prevalent Jewish sentiment in saying that protection of the Jews in Palestine shall be shared by them with the British," the message said.

One battalion of Legion members can be entrained at once for Canada to be shipped overseas, the message said.

LOANS FOR WHEAT GET BOARD'S OK

Federal Farm Loan Bureau Announces Approval All Wheat Co-operatives Loan Requests—Farmers National Grain Corporation Plan Rejected By Committee.

WASHINGTON, Aug. 28.—(AP)—The federal farm loan bureau announced today that all applications of wheat cooperative organizations for loans for intermediate banks had been approved.

CHICAGO, Aug. 28.—(AP)—A subcommittee appointed to draft an organization plan for the Farmers' National Grain corporation, reported back to the committee of sixteen cooperatives today with an unsatisfactory scheme.

W. H. Settle of Indianapolis, chairman of the committee of sixteen, announced that the subcommittee would be sent back to re-draft the plan.

The Farmers' National Grain corporation was proposed by the federal farm board when it met with the representatives of cooperative groups from all over the country last July. The object being to create a clearing house through which the new farm board might make supplemental loans to farmers for marketing grain.

Chairman Settle, Alexander Legge, chairman of the federal farm board, who is sitting in the meetings in an advisory capacity, and M. A. Thatcher, representative of the Farmers' Union Commission agency, who was quoted in news dispatches yesterday, held an extraordinary session with press representatives today to straighten out several recent reports relative to the meeting which they said were erroneous.

SEE SETTLEMENT YOUNG PLAN NEAR

THE HAGUE, Aug. 28.—(AP)—The big six inviting powers of the reparations conference held three sessions today and tonight to settle the question of Germany's contribution to the compromise effected last night among the creditors. A full public session of the conference, which will be broadcast by wireless, has been arranged for tomorrow in the belief that a settlement is at hand on both financial and political aspects of the Young plan.

Klamath Falls—This opened for construction of Joseph Canger school building to cost approximately \$45,000.

Will Rogers Says: BEVERLY HILLS, Cal., Aug. 27.—It was a warm, sultry night, and Dr. Eckener of the Zeppelin didn't know if that still air would raise him high enough to get over the mountains, so Los Angeles had a banquet, and 20 local townsmen spoke. They rushed from the dinner to the field and the ship raised so fast they had to throw 14 typewriters and two radio announcers overboard to get it back to a flying level.

Dr. Eckener and Mr. William R. Hearst made the best speeches. Mr. Hearst is the Queen Isabella of the voyage.

And by the way, this Chaden that won the lady's derby is from Rentonville and Rogers, Ark., the same town I dug a high flyer out of 29 years ago. She might have flown over Pittsburgh but her wings were sprouted in old Arkansas. Give the home town a break.

Yours, WILL ROGERS.

Wire Report on the Pear Market

NEW YORK, Aug. 28.—(U. S. D. A.) Pear market: 1 California, 1 Oregon, 1 Alabama arrived; 35 California, 3 others, unloaded; 13 California on track. California Bartlett: 23,220 boxes, best \$4 to \$4.50; ordinary \$2.50 to \$2.90; average \$3.75. Oregon Bartlett: 220 boxes; best \$2.80 to \$3.70; few \$2.65 to \$2.70; average \$3.25.
