CONCLUDE SALE OF HOLLYWOOD ORCHARD TRACT

Final Papers in Big Deal Signed Today—Braytons, Alenderfer and Bradley New Owners—Brayton to Be Manager.

The sale of the Hollywood orchards to W. E. Brayton, Everett Brayton, O. O. Alenderfer and Thos. G. Bradley, all of this city, was completed this morning with the signing of the final papers.

The price was not made public, "but was slightly in excess of $100,000," William E. Brayton said. The purchase includes this year's crop.

The new owners will take possession at once. The orchard, noted as the largest producer of Comice pears in the world, was owned by the Kesh estate of Salt Lake City and the negotiations were conducted through the Bankers' Trust company of that city.

The deal includes 108 acres of 28-year-old Comice pears and apples and 100 acres of farm land, including a 15-acre oak grove, situated on the Medford-Jacksonville highway. It is regarded as one of the most productive orchards in the Rogue River valley.

The deal has been pending for several weeks.

William Brayton, one of the new owners, has been manager of the orchard for the past 14 years and will continue in that capacity. He will be assisted by his son, Everett.

O. O. Alenderfer is a well-known local business man and former mayor. T. G. Bradley, identified with the Braytons in the enterprise, is a veteran employe and official of the California-Oregon Power company.

PEBBLE BEACH ENTRANT LIST REDUCED TO 150

Johnny Dawson and Eleven Others Withdraw From National Amateur Golf Lists—Monday and Tuesday Will See More Drop.

By Alan J. Gould
Associated Press Sports Editor

DEL MONTE, Cal., Aug. 30.—(AP) The withdrawal thus far of twelve of the original field, including Johnny Dawson, curly haired Chicagoan and one of the top ranking contenders, has cut to exactly 150 the number of prospective starters in the national amateur golf championship over picturesque Pebble Beach.

The hazards of this ocean golf course will complete the reducing process in the qualifying competition next Monday and Tuesday.

The elimination of Dawson, who scratched his name voluntarily because he chose to remain connected with a nationally known sporting goods manufacturer in preference to an unquestioned amateur status, shared the main pre-battle interest today with the prospect of another attack upon the title [illegible] for the Pebble Beach [illegible] by the one and only Bobby Jones.

This is a familiar "Jones country" in this California resort, [illegible] with fantastic beauty and [illegible] charm along the rocky shores of Monterey Peninsula. It apparently will be a bigger shock to California than it would be to Georgia, should any unexpected upsets keep Bobby from winning his fifth championship.

Dawson Was Threat

Nevertheless the golfing clan manifested keen regret over the removal of Dawson, who was the top American threat in the British amateur championship this year and whose play in practice here justified the expectation he would be a serious threat here to the champion.

Bobby, himself, seems to be working up his game gradually to concert pitch. His comment after negotiating the Cypress Point links in 71, one under par and the fairest official record, was: "I can't putt but otherwise everything is fine."

Most impressive in practice so far among the contenders have been George Von Elm of Detroit, [illegible] Jess Sweetser, the former British as well as American champion, Dr. O. F. Willing and Don Moe, two campaigners from Portland, Ore.

Fortune for Edith Mathies

PORTLAND, Ore., Aug. 30.—(AP) A search for Edith Mathies, daughter of H. G. Mathies, veteran Portland newspaperman, who died here in 1921, was started today by Adolph H. Ebert, Milwaukie, who said he had a $12,000 estate to give Miss Mathies.

HUNDRED REGISTER AT MEDFORD HIGH SCHOOL

Approximately one hundred students registered at the high school this forenoon, according to H. H. Conkle, principal. A number of freshmen from outlying school districts, and upper classmen from other high schools made up the group. Few of the students who attended school here last year registered, as they had registered last spring.

RUSHING IMPROVEMENT ON DEAD INDIAN ROAD

ASHLAND, Ore., Aug. 30.—(Special) With a full crew at work on the Dead Indian road under the supervision of the county engineer, Paul Rynning, it seems likely that the work to be done on that highway will be completed before the interference of rains and bad weather. By the middle of next week the rock crusher will be assembled and in operation, and in the intervening time, the crew will be getting the roadbed into condition to receive the rock. Mr. Rynning announces that there will be no detours although some spots in the road will be rather rough traveling.

Practically all the county force of workmen and the county road machinery is employed on the Dead Indian work.

ARCHITECT NOW IN FINE HEALTH; PRAISES SARGON

"I do not hesitate to endorse a medicine that has accomplished such remarkable results for me as Sargon. It is an actual fact that I am stronger and mentally more alert than I have been in twenty-five years.

CHRISTOPHER C. ROBBINS

"Because of bad stomach trouble I lived for four years on bread and [illegible] and other liquid foods. My kidneys were badly out of order, my sleep was restless and I was extremely nervous. A sharp pain in the region of my liver troubled me a lot. I was also constipated and suffered with biliousness.

"After I began taking Sargon and Sargon Soft Mass Pills, before I realized it almost, I had a splendid appetite, ate practically anything I wanted and never had the least stomach trouble. My nervousness has disappeared completely now. I sleep splendidly and feel strong and energetic in the mornings. [illegible] corrected my constipation and biliousness and never yet have nauseated me.

"I'm perfectly honest when I say I never dreamed a medicine could do so much for me."

Christopher C. Robbins, 42 E. 28th St., Portland, architect and engineer of note, recently made the remarkable statement above.

Sargon may be obtained in Medford at the Magill Drug Store.
