HOME OF BREAD LIKE MOTHER MADE

VACATIONS ARE OVER

Now that most of us have returned from our summer outings, and the kiddies are again attending school, and all nature is preparing for the winter to come, it is customary for most of us to lay in a reserve of supplies. This year it will be particularly advantageous to do so on account of the advancing markets on most of the staples, such as flour, sugar, canned goods, etc. And remember that the Groceteria is able to supply all your needs at a saving of time and money and while buying them you can outfit the children with school supplies, shoes, etc.
