

PILOTS PROTEST CLEVELAND RACE AWARD HANDLING

CLEVELAND, Sept. 6.—(AP) Complaints of mismanagement and insufficient awards were voiced by some of the pilots who took part in the nation's air races as official results and \$10,000 prize winners were being tallied today.

Lack of details in management of some of the races, country derbies and assertions that prizes were too small were the chief complaints. Among the critics of the races were Mrs. Phoebe Fairgrave Omlie, winner of the light plane class in the women's derby from Santa Monica, Cal., to Cleveland; Dick Myres, Defiant, Ohio, who said he had to wait 30 days to receive his prize money; H. A. Speer, Marshall, Mo.; Charles W. Meyers, Verne Roberts, Tex.; Rankin and Theo. Haasche, Tex., said the derby from Miami, Fla., was routed over some of the worst country he had ever flown.

Use Old Law.—(AP)—A law half a century old has been drafted off by Circuit Judge Olney Allen to curb liquor law violations in Kane county. The law provides that bootleggers and other illegal purveyors of intoxicants may be made to work out fines at the rate of \$1.50 a day, and that jailers are privileged "to attach balls and chains to them" to prevent escape.

Astoria Gets Mills.—(AP)—Operation of two flour mills with a daily capacity of 5000 barrels will be undertaken here immediately by the Pillsbury-Astoria Flour Mills company, which completed organization yesterday.

Peevishness Proves More Prevalent Between Ages Forty and Sixty Years; Women Easily Annoyed at All Ages

NEW HAVEN, Conn., Sept. 6.—(AP)—A directory of life's principal annoyances, 507 pet peevish, was given to the International Congress of Psychology at Yale university yesterday by Professor Halsey Cason of the University of Rochester.

It may be used to minimize some of the day's discontent to learning to be on guard against undue irritation. Virtually all the annoyances, said Professor Cason, "are learned," or acquired. A few, like the scratch of a piece of chalk on a blackboard, are inherited, sure to grate on the nerves of the world over.

Women of all ages averaged uniformly more susceptibility to annoyances. There are exceptions. Men, for example, object nearly twice as much as women to dancing with a fat person. Men are distinctly more annoyed at seeing a person wearing mourning clothes or seeing an adult weep.

PRODUCE CHEAPER PORTLAND MARKET ELECT REPUBLICAN CHIEFTAIN MONDAY

PORTLAND, Ore., Sept. 6.—(AP)—Corn, tomatoes and peaches were cheap and plentiful at the East Side market of the Gardeners' and Farmers' association today. Corn and tomatoes were particularly abundant with a wide spread in prices. Corn ranged from 50 to 75 cents for sacks of six dozen ears, and tomatoes could be purchased on a range of 35 to 50c.

Elberta peaches from The Dalles brought 75 to 80c. The peach canning season will be in full swing from now until the middle of next week.

Other prices were: Turnips 75c dozen bunches; carrots, 29c; peppers, \$1 box; Jumbo celery 85c, No. 1 celery 70c. No. 2 celery 50c; celery hearts, \$1.25; beets, 20 to 25c dozen bunches; Green Gage plums, 25c box; Danish squash, \$1.75 box; potatoes, \$1.60 box of 30 pounds; cauliflower, No. 1, \$1.50 to \$1.75; No. 2 \$1.25; cabbage, 1 1/2 to 2c; table cucumbers 50c; pickling cucumbers, 75c; spinach, \$1.50 box; Gravenstein apples, \$1.50 to \$1.60 box.

Screen Life in Hollywood

By Robbin Coons.
HOLLYWOOD. — It may be that this city of squeaking celluloid soon will offer a modern counterpart of the Tower of Babel, with its multiplicity of tongues, but not with its resulting confusion.

Already there are concrete indications of the coming of foreign language versions of talkies to satisfy a large foreign market abroad which cannot long be expected to remain content with subtitled silent issues of American "talkies."

Universal now is engaged in inserting in its "Broadway" in German and Spanish, authenticity of accent and pronunciation being assured by the use of native sons and daughters of the respective countries as doubles for the voices of the Hollywood players.

Word comes from France that Adolphe Menjou, lately departed from Hollywood, has been signed by the French Pathe company to make talkies in English, which will be issued also in French, German, Spanish and Italian.

And here in Hollywood, Paramount has imported Balthus-Henri, noted French song writer, to compose the French lyrics for Maurice Chevalier's second starring picture. The all-English version will be shown in America and English-speaking countries, but for France, while the dialog will remain in English, several of the songs will be re-filmed and recorded in the Gallic tongue, Chevalier being a national entertainment idol there.

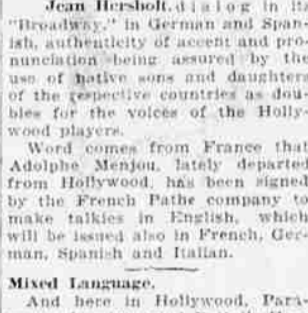

So producer as yet has come forward with definite plans for all-foreign language talkies, nor is it likely that such will be undertaken now in view of the small number of wired houses abroad, to say nothing of unsettled conditions in the foreign market.

But linguistic talent, nevertheless, is plentiful in Hollywood, should it be needed—especially for an all-Latin film for Mexico, Spain, Central America and South America, for Hollywood has Dolores del Rio, Lupe Velez, Mona Maris, Ramon Novarro, Gilbert Roland, Ricardo Cortez, Lupita Tovar, Raquel Torres, Armand and scores of others who speak their musical language.

Other linguists there are, too, such as Basiltonia and Vilma Banky, Lily Damita, Jean Harlow, Nils Asther and Greta Garbo, to mention only a few.

A drink that cheers and refreshes

Delicious lemonade is so quickly and easily made

Few drinks are so refreshing, so cooling and so healthful on warm summer days and evenings as lemonade made correctly. Lemonade is loved by children and adults, and it may be made in a jiffy.

We went to the famous California Fruit Growers for the following perfect recipe: Juice from 6 lemons; 3/4 to 1 cup sugar; 6 cups cold water. Put sugar in pitcher, add ice water, stir until sugar is dissolved; add lemon juice and serve immediately.

Sugar is nature's supreme flavorer. It makes fruits, vegetables and other healthful foods delightful to the taste. Authorities interested in having everyone eat a proper diet point out how tasteless many foods would be without the judicious use of sugar as a flavorer.

A sprinkling of sugar on cereals makes these beneficial foods enjoyable to children and adults. Sugar makes it possible for us to eat and enjoy lemon juice and pineapple, and all kinds of stewed fruits.

Two groups of women cooking experts recently rediscovered an old secret. A dash of sugar in vegetables while they are cooking makes these vitamin and mineral foods so good to the taste that everyone can now enjoy them. A dash of sugar does not make the vegetables taste sweet. On the contrary, it develops all their natural vegetable flavors otherwise somehow submerged in the cooking. Try a little sugar in cooking vegetables and just notice the difference. Good food promotes good health. The Sugar Institute.

MANDELL TO MEET A RUGGED CLOUTER

CHICAGO, Sept. 6.—(AP)—Light weight Champion Sammy Mandell tonight will attempt to disprove theories that he is slipping by matching his ring science against Luis Vicentini, rugged right-hand clouter from Chile, in a 10-round battle in Pauley Harmon's Chicago stadium punch bowl.

Sammy's title will not be at stake but if the Chilean can make it interesting he doubtlessly will give him a crack at the crown to satisfy boxing fans and the new Illinois state boxing commission.

Wall Street Report

NEW YORK, Sept. 6.—(AP) The stock market quickly recovered today from the sear which sent prices tumbling in the last hour of yesterday's session, bounding upward in impressive fashion under the leadership of the public utility issues. Some uneasiness was apparent at the opening but the resumption of large scale buying operations by professional poets restored speculative confidence and by early afternoon nearly all of the leading groups presented several outstanding strong spots.

Call money dropped successively by 3/8 and then by 1/2 per cent. in the last hour. Radio reached 112 3/4, up 10 points and within striking distance of 114, its record figure. Public utilities continued to lead. Standard Gas and Electric reached 18 1/2, up 1 1/2, more than 100 points above the year's low at 8 1/2.

The market closed strong. Total sales approximated 4,900,000 shares.

Heflin Forecasts Bond.
PHOENIX CITY, Ala., Sept. 6.—(AP)—Tom Heflin, Jr., son of the senior United States Senator from Alabama, and H. M. Haines, failed to appear in record's court today to answer to charges of drunkenness and violating the state over-bibbition law. Their bonds were forfeited.

LUNEBURG, Germany, Sept. 6.—(AP) A bomb exploded today in the total cellar of a building where the provincial government has its offices. The governor, Dr. Meplatz, resides in the building but was not injured.

Francis Quimet

winning the fourth, sinking a 10-foot putt for a birdie and then the 103rd hole. They halved the 502nd sixth.

They halved the seventh in par three.

Johnston went four up on the over-water eighth with par four.

Johnston took the tenth with a par four. Again on the 11th, the Bostonian's second was off line, stopping at the edge of a trap. He took three more to get down and Johnston with a par four, went six up. Quimet's put on the 155-yard 12th from 30 feet stopped an inch from the hole and they halved in three.

Johnston won the 14th and went six up again when Quimet was trapped off the tee, missed his third and put his fourth in a trap.

Quimet got a hole back at the 15th with a par four.

Johnston fired a great spoon 10 feet from the pin on the 218-yard line, while Johnston was 49 feet to the right with the hump between his ball and the pin. Johnston was four up.

Both were on the 18th in three. Johnston 15 feet away and Quimet on the back edge, 30 feet from the pin. They both missed the putts by inches and halved in five, leaving Johnston four up.

Well Digger Entombed.
OTTUMWA, Ia., Sept. 6.—(AP)—Buried alive beneath a pile of quicksand and rocks, which showered down on him yesterday morning, Wetmoren Priest, 55-year-old well digger, battled death early today, while rescuers attempted to free him from his well prison, 22 feet below the surface.
