

ALTURAS CUTOFF COMPLETION HAS ECONOMIC ANGLE

Southern Oregon residents may well celebrate completion of the Southern Pacific's new Klamath Falls-Alturas cutoff even though they are unable to be present when the golden spike is driven Saturday at Harkness Junction, declares James A. Ormandy, assistant passenger traffic manager of the Southern Pacific company. In a statement just received here:

Completion of the 96-mile stretch of railroad that links two great divisions of the southern Pacific system will do at least three outstanding things, he says. It will open a new market to southern Oregon producers; will provide a greatly speeded freight service to the east for mill operators, producers and merchants; and will provide a direct transcontinental passenger service to the east via the Oregon gateway.

"The millions of dollars the Southern Pacific has spent to link its Cascade route with the old Nevada, California & Oregon unit is opening hundreds of square miles of territory that does not even produce its own foodstuffs," he points out. "The Alturas country is a region of timber and stock ranches, spread over a great plateau. Its residents import everything from the outside. Southern Oregon should find a great market there—and a growing one, for the Pickering mill operation just now getting started is merely the forerunner of a vast lumber industry. Think of the months that must be lost when their lumber industry really hits its stride."

"The benefits of the new passenger service and of the freight service that will cut many hours from the present Sacramento valley route, are readily apparent and go without saying."

"The ceremonies attendant to the driving of the golden spike will be well worth witnessing," he continued. "and the occasion should enable plenty of opportunity for business men to contact purchasers in the Alturas country. For after the luncheon Saturday noon at Harkness Junction, when the Southern Pacific company will be host, the special trains from Oregon will proceed to Alturas, that the delegation may spend the afternoon in that town. That night the Alturas Chamber of Commerce will be host at a banquet for all the visitors, before the trains start on the return trip."

"The celebration will be vividly western," says Mr. Ormandy, with cowboy, Indian and pioneer costumes with railroad officials and with civic organizations of Klamath Falls and Alturas that are staging the event."

Special low round trip excursion fares have been established by the Southern Pacific company for the point.

Summer Months
Hard on Stomach
Sufferers

Quick, Natural Relief from
Simple Herbal Compound

How much suffering a weak stomach can cause! Painful gas, bloating, sleeplessness, loss of weight, vigor. Bad enough at any time, but when exhausting summer heat is added, strength is drained from the sturdiest boy.

But here is one of many thousands who found a way to relief: Mrs. Minnie Huber, of 925 E. 20th St., Portland, Ore., says: "Ever since I was a girl I suffered from sick headaches and vomiting spells. I weakened so I had no strength for anything. After taking Tanlac, my headaches and sick spells disappeared altogether."

It's never too late to try Tanlac. So go to your druggist now and get a bottle. No mineral drugs—only Nature's own medicinal herbs, but its efficacy is so apparent that often only one bottle is needed to bring desired relief. Money back if it doesn't help.

CLOSEUP PICTURE OF WRECKED PLANE ON MT. TAYLOR

First closeup picture of the wreck of the Transcontinental Air Transport's City of San Francisco, which dove headlong into the rugged, tree-grown slope of Mt. Taylor in New Mexico, last Tuesday, killing the five passengers and crew of three. A photographer who scaled the mountainside snapped the scene and they were brought by airplane to Los Angeles. The crowd is the group of searchers examining the wreck. Jagged holes can be seen in a wing of the ship, caused by trees puncturing the metal as the plane crashed.

Wing of Wrecked Plane Aided Discovery From Air

The wing of the ill-fated Transcontinental Air Transport's City of San Francisco, heading the mangled "snatch" which Lt. George H. Rice of the Western Air Express saw from the skies as he searched for the missing ship and enabled him to locate the wreck after seventy planes and hundreds of men had searched five days for it. The transport crashed on the rugged south slope of Mt. Taylor in New Mexico last Tuesday, killing its eight occupants. One of the stout pine trees such as the ship struck when it dove headlong into the mountainside, wrecking it, can be seen in the foreground.

AIR MAIL CONTRACT
PRICE SLASH SOUGHT

WASHINGTON, Sept. 12.—(AP)—Postmaster General Brown today summoned air mail contractors to a conference beginning Sept. 30 at which he will endeavor to reduce rates paid by the government for air mail transportation.

At this meeting it was decided the post office department should submit to the contractors a questionnaire to secure information on

THIN BLUE RANKS
RENEW MEMORIES

PORTLAND, Maine, Sept. 12.—(AP)—The "boys in blue" marched in review today in the official opening of the 63rd national encampment of the Grand Army of the Republic. Less than 1000 were afoot. Another 500 rode in automobiles.

Their ranks depleted and their years showing in their faces, the aged men who marched gaily away to the civil war, renewed their memories as four abreast they paraded for a mile and then passed the reviewing stand where they saluted their commander, John Reese, of Broken Bow, Nebraska, Governor William Tudor Gardiner, his staff and civic officials.

Milton Movie Burned
PENDLETON, Ore., Sept. 12.—(AP) Fire starting from film in a motion picture theater at Milton last night destroyed the interior of the theater and damaged an adjoining cafe and a plumbing shop. Damage was estimated at \$10,000. No one was injured.

HIGH SCHOOL OF EAGLE POINT TO PUBLISH PAPER

EAGLE POINT, Ore., Sept. 12.—(Special). The junior and senior class of Eagle Point high school will publish the first edition of the high school paper Thursday, September 19th. This paper is to be written and printed by the students of the English III class under the supervision of Miss Miller, English teacher. They plan to cover many incidents and details of interest to local people.

The joke column will catch the eye of the younger folks, editorials will interest the older folks and perhaps the comic section by the art editor, Gladys Cowden, will also be scanned by them. The sport page will be a center of interest and the advertising section will be of great help to those in search of bargains and information.

Weather forecast will be one of the major subjects of the paper.

The book reviews will be of value to English students. The present staff of officers are: Editor, Mary Hannaford; assistant editor, Marguerite Marshall; business manager, Elsa Whitely; advertising manager, Margaret Brophy; with Peile as assistant. The other reporters and editors will be English students.

RACE IMPROVEMENT URGED BY LEAGUERS

LONDON, Sept. 12.—(AP)—Sterilization of the unfit as a national policy was urged today at a session of the third international congress of the World League for Sexual Reform.

Dr. Norman Haire, secretary of the congress, and English delegate to the sixth international birth control congress in New York in 1925, declared public opinion should be educated so that sterilization of people unfit for parenthood would be as far as possible. Dr. J. Leinhardt of Copenhagen said sterilization was the most important means available for race improvement.

No Yankee Films in French Shows; Fans Stay Home

PARIS, Sept. 12.—(AP)—Disappearance of American films from French screens, Courrier Cinematographique said today, has caused a decrease of 50 per cent in the revenues of French movie houses during the past month as compared with the same period in 1928.

The paper added that officials of the French film syndicate were being pressed by exhibitors to resign because they had failed to reach an agreement with the American producers. Some movie houses in Paris unable to procure good new drawing card pictures, have been reduced to reproductions of films shown in the past few years.

OREGON FORESTS RETURN BIG SUM

WASHINGTON, Sept. 12.—(AP)—More than \$1,500,000 is due 30 states from the federal government as their share of receipts from national forests lying within their borders for the fiscal year ending June 30, 1929.

A statement by the United States department of agriculture to the comptroller general shows the great bulk of the sum owed to the western states, in which the pri-

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies attracts water from the system into the large, dry evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. West Side Pharmacy.
