

# HANDIWORK OF SCHOOLS DISPLAYED

Educational Building at Jackson County Fair Houses Interesting Exhibits—Lincoln Outfit in Miniature—Humane Society Has Booth.

Presenting a variety of exhibits from the majority of the city and county schools in Jackson county, the Educational building is a feature of the Jackson county fair, which opened last Wednesday. Medford schools are well represented and include a number of exhibits of special interest.

The Lincoln school booth has an interesting "covered wagon" project, including a number of small but realistic primitive schoolers used in days long gone by. One, though fashioned from toy woodstove filled dogs, present a natural appearance. The wagon train is apparently stopped near a water course, which even has little miniature fish. A hanger is leaning against a wagon blowing a silent horn, and babies can be seen in the rear of one or two of the wagons. Not far away is an aged couple seemingly taking an evening stroll toward a man who is in the act of repairing a broken wheel. In addition to this, the school has an interesting array of work by the students.

Dresses are one of the features of the Junior High school exhibit and pennmanship certificates are a feature of the Jackson school exhibit.

**High School Exhibit.** The High school exhibit is divided into several departments, presenting high grade work in each. Well carved soap statuettes are a feature exhibit, and in the farm shop division, products of the forge and work done with leather are interesting. The manual training department is represented by woodwork, including a number of well made desks and blue prints. Stuck away in this department is also a collection of preserved small reptiles and insects.

**Normal School Attracts.** The Southern Oregon Normal school of Ashland features are on project work which has attracted the close inspection of hundreds of visitors. The Ashland Bible school

## JEWES PROTEST TO STIMSON

American Jewish leaders called on Secretary Stimson in Washington to protest against "unspeakable atrocities" against the Jews in Palestine.

also has an interesting exhibit, as well as the Ashland high and Grammar schools.

Rural schools represented in the building include the following: Butte Falls, Evans Valley, Antelope, Liberty, Crater Lake, Mendocino, Sterling, Clifton, Little Antelope, Hatchery, Debenner Gap, Alderbrook, Lake Creek, Laurel Hill, Lost Creek, Upper Trail, North Phoenix, Baskin, Seal Creek, Little Butte Creek, Anderson Creek, Howard, Oak Grove, Willow Springs, Warner Creek, Acacia, West Side, Derby, Dalview, Independence, Table Rock, Foothills, Lone Pine, Rossa Creek, Griffin Creek, Rogue River, Sams Valley, Eagle Point and Antioch.

The Jacksonville, Gold Hill, Talent, Phoenix and Central Point schools are also represented.

**Humane Society Booth.** The Jackson County Humane society has an interesting booth and displays a number of posters, made by school children from all parts of the nation, encouraging kindness toward animals and abolition of rodeos. There is also a supply of literature available for all interested in humane society work.

**4-H Work Shown.** An exhibit of 4-H Boys' and Girls' club work is also on display in the building and features dresses, posters and home-worked foods. One exhibit is that of a boys' sewing club and includes

some remarkably good work. Vegetables grown by boys are also shown.

## AMERICAN GIFT AIDS VERDUN'S CATHEDRAL

VERDUN, France (AP)—An anonymous American has given 100,000 francs—about \$4,000—to help repair war damage to the Cathedral of Verdun. The letter which accompanied the gift asked the Bishop of Verdun not to reveal the American's name.

"Although I am a Protestant," the donor said, "I realize that the Catholic church is the real mother of Christianity. Without her we would become barbarians in a pagan world."

The terrific bombardments of 1916 reduced the ancient cathedral, which is one of those thick stone structures built to last for ages, to a mere shell. Much progress had already been made in restoring the old building, and the American's donation will go further in overcoming damage by German shells.

## Iron Works Burns

MARSHFIELD, Ore., Sept. 13.—(AP)—Fire, believed to have started from the furnace, late last night destroyed the North Bend Iron Works and Foundry in North Bend with a loss estimated at more than \$10,000. The loss of patterns and machinery was the greatest.

## BAR ASSOCIATION PROGRAM PLANS ARE ANNOUNCED

Arrangements have been made to use the court room in the federal building for the sessions during the Oregon bar association convention to be held here September 27 and 28, according to A. E. Reimes, chairman of general committee, in charge of the local portion of the program.

A dinner dance will be one of the main entertainment features during the convention—this to be held on Friday evening, September 27, at the Hotel Medford. On Saturday evening the annual banquet of the association will be held at the hotel, the program of which will be provided for by the state executive committee. Interesting speakers from various sections of the state will be heard at that time on subjects both serious and humorous, it is said.

The local bar association has added a number of features for the entertainment of the large body of distinguished visitors and delegates, including a trip to Crater Lake, and a scenic tour of the valley to be conducted through the courtesy of the Business and Professional Women's club of Medford.

A record breaking attendance of attorneys is expected from various cities throughout the state, most of the circuit judges and the judges of the supreme court.

## PARK EMPLOYEES TO FIGHT FIRES IN GOOS COUNTY

Two men of the Crater National park personnel, W. L. Jones, superintendent of road construction, and Wm. Hughes, foreman of roads, who are members of the flying squadron of fire fighters of Southern Oregon, have left this city to assist the many fire fighters in quelling the bad fires in Coos county.

Mr. Jones is chief of the flying squadron and Mr. Hughes is one of its foremen, as is also A. F. Jackson, forest examiner, and L. E. Quisenberry, assistant ranger of the Siskiyou national forest with headquarters at Grants Pass, and Mr. Meacham of the Umpqua national forest at Roseburg, all of whom also went to the scene of the Coos county fires yesterday.

It is the business of the above mentioned men to organize the fire fighting crews and look after their maintenance while engaged in the fighting.

No new fires had been reported in the Crater national forest up to this noon.

## POLITICAL WORKER OF CHICAGO TAKEN FOR RIDE BY GANG

CHICAGO, Sept. 13.—(AP)—Gang members, with a background of politics, confronted police today in the death of Charles S. Brown, 25-year-old precinct captain for Alderman Dorsey Crowe of the 42nd ward.

Brown, dying from four bullet wounds in the head, was pitched into the street from a curtained automobile as with lights out, it purred through the "foaming fountains" south side here yesterday last night. His hands had been bound behind him with wire, and he had been robbed.

Police immediately sought to fit the crime into the jigsaw puzzle of the past month's slayings. They saw in Brown's death possible reprisal for the slaying September 1 of Henry Connor in a gun fight at the C. and O. cabaret on North Clark street.

## CANADIAN WHEAT HAS BETTER FOOD VALUES

WASHINGTON, Sept. 12.—(AP)—The high protein content of Canadian wheat, suitable storage facilities and favorable transportation rates were cited today by officials of the bureau of agricultural economics as important factors contributing to the disparity between Canadian and American wheat prices.

The bureau yesterday undertook an investigation at the request of the federal farm board to learn the causes of the disparity and what bearing storage facilities in this country had on it.

## EYESIGHT SAVED FOR RESIDENT OF RIVIERA

RIVIERA, Ore., Sept. 12.—(AP)—Millard Hull has returned from San Francisco, where he has been in a hospital receiving treatment for eye trouble. Mr. Hull has lost the sight of his left eye, but feels quite fortunate that the sight of his right eye was saved.

# Last Day TOMORROW

At the Big

# Jackson Co. Fair

It Will Be

# GRANGE and GRANTS PASS DAY

It will be the biggest and best day of the entire Fair. All prize winners in every department will be wearing their ribbons.
