Ye Smudge Pot
By Arthur Perry
An the underlined does not feel like working today (the usual feeling), we will write an editorial, and they fill up space first and do not require any brains or fancy thinking.

SMOKE
The atmosphere is badly blurred with smoke, which indicates there must be a fire some place in the immediate vicinity.

A LULL BETWEEN WET-DRY BATTLES
THE women of California have entered the wet-dry fight. A few days ago 5000 women organized an association in San Francisco to fight Prohibition.

QUESTIONS AND ANSWERS
Doctors Ever Easy Marks
An unscrupulous vendor of physicians' equipment is using, without my consent, material from this column to promote his own kind of machine for administering a therapeutic method which I have commended here.

Hunter Is Lost
RED BLUFF, Cal. Sept. 15—(AP) Search of the Hunt Springs section 20 miles northeast of here, by a volunteer party failed to reveal any trace of E. A. Hunt, 25-year-old hunter of Sasquatch, who has been missing since Monday.

WILL ALTURAS BUY IN OREGON?

FRANK JENKINS of the Eugene Register (now morning and evening) apparently found the atmosphere of Alturas, California, very stimulating. He has returned from the recent railroad celebration there, convinced that a new and large trading territory for Eugene has been opened.

WE hope Mr. Jenkins is right. For if this railroad does open up a large trading territory for Oregon, Medford and Jackson County will get a share of it.

BUT somehow we have "our doubts." Alturas is a new development, but it is in California, and California people have an irritating habit of preferring California products.

SO while this Alturas out-of-it is important, particularly in facilitating Eastern shipments from this part of the state, we are decidedly skeptical about it opening up a new and large trading territory, either for the Willamette Valley or any other part of Oregon.

Yesterday in the same city a "woman's committee of 5000" was formed—said to represent 7000 California club women—to uphold Prohibition and boycott all social functions where liquor is served.

All of which is very interesting, but we fear will not change the situation very much one way or the other.

Yet the true philanthropist is the flyverite. John D. merely collects it.

The final test of this no stocking fad will come on December 24th.

Clarence R. Hotchkiss wants to retain his job as United States marshal for Oregon, and as we don't want the job we are perfectly willing he should have it.

Personal Health Service
By WILLIAM BRADY, M. D.

Signed letters pertaining to personal health and hygiene, not to disease diagnosis or treatment, will be answered by Dr. Brady if a stamped, self-addressed envelope is enclosed. Letters should be brief and written in ink. Owing to the large number of letters received, only a few can be answered. All other letters will be made by mail to the printer. Address Dr. William Brady, in care of this newspaper.

THE CHILD KEEPS DRY IF HE SO DESIRES

Next to a psychologist explaining anything under the sun whether it happens or not, there is probably nothing quite so plausible and interesting as the explanation of why a child keeps dry.

It is stopped when the child so desires. It is of prime importance that the child should assume responsibility for its conduct in its sleep.

The child keeps dry if he so desires. It is of prime importance that the child should assume responsibility for its conduct in its sleep.
