

### MIDWAY HIGHWAY OPENING HALTED BY BRIDGE WORK

Opening of the Sams Valley, Medford (Midway) highway, scheduled for September 29, has been delayed by the failure of the start for the bridge across Bear creek to arrive, and it is not known when the bridge work will start. The contract for the erection of the bridge was left to Oscar Joslin of Portland.

The county court yesterday voted to Portland to speed up the arrival of material, and was informed that the delay was due to failure of eastern steel mills to fill the order in time.

The County Engineer's road crew this week moved a rock crusher to the road, preparatory to surfacing.

The road can be put in shape for use, within a couple of weeks. It is hoped to have the road in operation before winter comes.

### WOODBURN PLANE CRASHES IN ROAD

SALM, Ore., Sept. 19.—(Special)—A S. Bates of Woodburn received painful cuts and bruises about the face when an airplane piloted by his son, Kenneth, crashed on the highway in an attempted landing near Woodburn Wednesday afternoon. Rogers was uninjured.

The plane, which is owned by Kenneth and Fred Rogers of the Eugene flying field and been held at the West Woodburn airport, on account of smoke, and Kenneth was flying it to a field near the Bates home.

Rogers elected to land but had decided to circle the field again when the landing gear caught on some stumps and slashing near the highway, crushing the machine.

### To the Rescue

### Saves dress and film goes on!

HOLLYWOOD, CAL.—Alice White's ingenuity recently saved a temporary suspension of production on her new film—and a loss of thousands of dollars an hour to First National studios.

In the midst of a ballroom scene, Miss White spilled punch down the front of her chiffon dancing frock. Consternation reigned—then Alice White herself saved the day.

Calling her maid, she instructed her to wash the dress in Lux. In 30 minutes the dress, dried quickly by electric fans, looked like new!

"Every girl knows how marvelous her frocks look cleaned in Lux," Miss White said—and our own wardrobe department uses Lux regularly. Tests prove clothes can be kept gorgeously new looking ever so much longer with Lux. Today's incident merely illustrates dramatically the marvelous work Lux does in double-quick time."

### Evanston Elders Crowding Kiddies From Playground

EVANSTON, Ill., Sept. 19.—(Special)—A determined effort is being made in Evanston to make the playgrounds for the kiddies.

The adults have been making whistles on the children's playgrounds, much to the children's disgust. Police have had to order the parents out of the Grey Park playground where they became so numerous there wasn't room for the children even in the stands.

Police said the recreational complex which has suddenly developed among youngsters has caused many parents to spend hours on the playgrounds that previously were spent at home or at the office. These men and women have taken to the swings and slides, the baseball field and merry-go-rounds with enthusiasm.

### SMOKE OF FIRES SEEN IN REESE CREEK AREA

REESE CREEK, Ore., Sept. 19.—(Special)—The smoke from forest fires has given the appearance of fog, reminding one of winter of late. This year has, perhaps, been the worst for forest fires we have ever had and it is hoped a good rain will be forthcoming soon. The fire above Little Falls has at last been brought under control, and the fire near Trail, we understand, is not so bad as reported.

Robert Humphrey returned last Friday from a trip to Hood River, where he has been employed packing fruit. He reports having had a good trip.

Charley Humphrey has been putting the finishing touches on his new barn this week, getting ready for winter.

### STEERS AND BRONCS ENTERTAIN ROUNDUP

PENDLETON, Ore., Sept. 19.—(Special)—Steers and broncs had a shade better of the going on the opening day of the Pendleton roundup Wednesday.

The Texas animals caused their doggers and came to lose much time in their bids and ties, and some lost their steers entirely. Dick Tefft took his steer and tied him in 24 3/8 seconds, while Buck Logan bulldozed one in 22.1 seconds.

Six or seven riders went into the dirt in the northwest and world championship bucking contests.

### Trick Names of Big Ten Players Gag Announcers

CHICAGO, Sept. 19.—(Special)—The Gostersburgs, Mitterwalds, and Ullrichs, whose names harried headline writers and gagged radio announcers, have gone, but the Big Ten has plenty of trick names to replace them.

Ohio State offers Busch-senators, Ephel, Kanner, chik, Wirsog and Terf, which Indiana matches with Manna-bono, Antolin and Holmachi among others. Wisconsin's threats to easy football conversation are Lahrstovien and Kestalar which are not so bad when Minnesota presents Pulkratek, Kakeka and Oja.

### BRISBANE'S TODAY

Great Britain takes flying as a matter of course, and FLYING IS SAFE.

In the last five years, in all British civil flying, there have been only 15 deaths. During that period 113,012 passengers have flown 4,458,545 miles.

The British, concentrating on the building of great Zeppelins, have in mind the fact that airplanes and submarines might make it impossible for surface ships to feed the British islands in time of war.

Zeppelins could bring the food through the air. Soon, probably, they will be copying on a big scale the all-metal dirigible recently built by the United States.

eye Saturday because "call money" the kind with which you gamble, cost 10 per cent. The thoughtful gambler says to himself, "If I borrowed that kind of money for ten years all my original money would be gone, and interest on the interest would leave me about 50 per cent in debt."

However, the banks must live. The old fashioned 5 or 6 per cent interest no longer interests them.
