

REISMAN TO BOOK CREAM OF MOVIES FOR CITY SCREENS

Reorganization of the Hunt-Craterian and Italo theaters, acquired this week by Fox West Coast Theaters, has been completed by Jules Reisman, resident manager, to conform with established Fox policy.

There will be no radical changes from the policy set by Mr. Hunt," said Manager Reisman today. "The theaters will continue to be an integral part of the civic life of the city and community, just as they are in other cities where they have interests. The magnitude of the Fox organization in no wise lessens their interest in the city. They have prosperity and general welfare of the city as much at heart as any other established business."

Manager Reisman will leave Sunday night for Portland, where he will book for this city the cream of the current films for presentation at the Craterian and Italo theaters.

"Under the Fox management, Medford will be on a parity with San Francisco and Portland in the showing of new films, and we will be able to present them to the Medford movie public upon the same dates, or nearly so, as they are shown in metropolitan areas. Medford people will be given the latest film attractions as speedily as it is possible to do so."

Manager Reisman said that as fast as new movie equipment was procured, the local theaters would be equipped with it. A newly processed full stage width curtain is among the new improvements contemplated. The curtain is now in the experimental stage.

CHINESE SAILORS PROVOKE RIOT IN MANILA'S HARBOR

MANILA, Sept. 20.—(AP)—Eight persons, including two American and one Philippine customs inspector and five Chinese, were injured in a riot that began here today when Chinese of the crew of the British steamer Tascasua tried to fight their way ashore.

Swarming over the side of the vessel, the Chinese attacked the customs inspectors with knives and clubs. The riot was quelled when two companies of military police and civilian police reserves were called into action. None of the eight persons was seriously injured.

UNCLE SAM TIRES OF TRAINING ACES TO AID COMMERCE

WASHINGTON, Sept. 20.—(AP)—A shortage of nearly 300 flying officers in the army air corps under the five year expansion program has caused the war department to issue regulations requiring graduates of the advanced flying school at Kelly Field, Texas, to remain in service two years.

This drastic departure from the previous practice of permitting graduates either to continue in the military service or enter the commercial field was considered necessary to assure completion of the program, which calls for 1450 regular and 250 reserve officers by June 30, 1932.

The great demand for army trained aviators in commercial flying and the comparative scarcity of cadets who graduate from the rigid course have brought about an acute situation in the army program at the end of its second year.

The war department takes the position it should be entitled to some service from graduates after training them, particularly in view of the limited funds provided for this purpose. Under the new regulations, cadets will enlist for a period of three years, one of which will be devoted to training at flying schools and the remainder to active duty as regular or reserve officers with the rank of second lieutenant.

CALIFORNIANS OF WEALTH ON ROGUE

Charles N. (Captain) Black, wealthy business man of San Francisco, has just acquired 260 acres on the Rogue river, 11 miles north of Medford, where he contemplates building a substantial summer fishing headquarters.

An imposing list of wealthy Californians have bought properties along the Rogue river the past few years, their summer homes being scattered throughout a 35-mile area.

They include Nion Tucker, president of Bond, Goodwin & Tucker, investment bankers of San Francisco; Harry Scott, insurance man of San Francisco; J. F. Rowie, retired capitalist of San Francisco; Frank G. Noyes, multi-millionaire and prominent California lumberman; Fred Burnham, internationally known sportsman; Andrew Welch, official of the California Hawaiian sugar company; Herbert Eisenbacher, banker of San Francisco; and Walter Lambert, Los Angeles business man.

It is also reported that Wallace Beery, well known movie actor, who recently flew his own plane to Medford and spent a few days fishing in the Rogue, may soon acquire property along the Rogue. —(Oregonian.)

SPRIT SOLDIERS KILL FRANCISCAN FATHERS

HANKOW, China, Sept. 20.—(AP)—The Franciscan mission here has been advised from Peking that Bishop Trude Jans and two Franciscan fathers, Bruno and Esperanza, who were killed last week, were the victims of "spirit soldiers," members of a fanatical anti-military organization throughout the province of Hupeh.
