

TALENT BREEDER ENTERS RABBITS AT OREGON FAIR

TALENT, Ore., Sept. 26.—(Sp.)—Mr. and Mrs. Harry Lowe of this city left for Portland and other northern points. They will also visit the state fair at Salem where Mr. Lowe will exhibit some of his prize winning rabbits.

Mr. and Mrs. Spangenberg and son of Lakeview, Ore., visited over the weekend with their daughter, Miss Ester Spangenberg, teacher of this city.

Mr. and Mrs. Archie Esten, accompanied by Mrs. Lottie Purvis, Mrs. Cliff Garven and Mrs. Mary Works spent the week-end at the home of Mrs. Esten's parents, Mr. and Mrs. William Smith in Glen Dale.

Mr. and Mrs. Mahon returned from a two weeks' vacation at Oakland and the California cities September 23.

Mrs. Bates of the Bates service station and her daughter Iral, motored to northern California towns and returned September 22.

ORDER TO SERVE UNION GASOLINE

Union oil, "success tested," scored again when the new Older Tire Service, Inc., installed a blue and white tank in order to serve their customers with the popular oil and gasoline.

The Union Oil company, one of the pioneer independent oil companies on the Pacific coast, came into the eastern Washington market only five years ago, and in a short time has met with remarkable favor. The same is true of every other state in the union where "success tested" products are carried.

In the state of California alone, domestic and export sales of gasoline and kerosene by the Union Oil company of California are running at an annual rate in excess of 500,000,000 gallons and promise to exceed by a good margin the sales record of any previous year, according to statistics.

Such important organizations as the Pacific Gas and Electric company have found that Union gasoline meets their needs. This western company furnishes light for 1,000,000 individual users who testify to its unflinching service. Naturally, a company such as this, the world's largest hydro-electric company, demands more than the ordinary gasoline. It must have power, dependability and mileage.

Every Saturday evening from 8:30 to 10 o'clock, the Union Oil company broadcasts the Hollywood Bowl concert over the Pacific Coast network of the National Broadcasting company's stations KFI, KPO, KGO, KGW, KO and KHQ.

MEXICAN AIR DERBYIST FOUND IN DAZED STATE

BROWNSVILLE, Tex., Sept. 26.—(AP)—Lieutenant-Colonel Fernando Proal, Mexico-Kansas City air derbyist, was found in a dazed condition on the Mexican beach 90 miles south of Brownsville Wednesday by J. P. Squaire, Mexican aviation company pilot.

Proal was brought to Brownsville, but was unable to explain what had happened to him. Squaire said he searched the vicinity where he found the Mexican army officer, but was unable to locate his plane.

Prize-Winning Hands

"Lovely Hands Due To Washing Dishes" Says Winner of Prize for Most Beautiful Hands

Miss Helen Broderick, winner of a nation-wide contest for beautiful hands conducted by John Murray Anderson, noted producer, and of a \$2,500 prize, has a unique method of keeping her hands smooth and white.

Miss Broderick's hands will be used as models by a great Italian sculptor, who searched Europe in vain for hands lovely enough.

"Honestly, the only 'hands' secret I have," she said in a recent interview, "is washing my fine things, my dishes, with Lux. The gorgeous Lux suds soothe the skin, leave it divinely smooth and white."

And not only Miss Broderick, but the beauty experts in 395 famous beauty shops all over the country, advise using Lux for all soap and water tasks, in order to give the hands real beauty care.

"On the Air"

National Broadcasting Co.
6 to 6:30 p. m.—Halsey Stuart program.

With Andy Sanella in the conductor's stand, the Halsey Stuart orchestra will play again tonight. A striking march tune from Notre Dame university will herald the arrival before the microphone of Sanella and his musicians. Turning to syncopated melodies, "So Are You," from Gerchwin's "Show Girl," will be played. "Dance Caprice" by Grieg is the closing composition.

Broadcast through KHQ, KO, MO, KGW, KGO, KPO and KFI, 6:30 to 7 p. m.—Victor program.

Musical comedy successes and the season's most important motion picture theme songs provide selections for tonight's Victor program. "Low Down Rhythm" from "Hollywood Revue" is the scintillating jazz tune which opens the program. Two numbers from "Murray Anderson's Almanac" follow. These are "I May Be Wrong, But I Think You're Wonderful" and "Happy Ending." "Show Girl" syncopations still rank high, and from these the High Hatters have chosen the tuneful "Liza."

Broadcast through KHQ, KO, MO, KGW, KGO, KPO and KFI, 7:30 to 8:30 p. m.—Standard Symphony Hour.

Stirring music composed in the spirit of the fiery-tempered Slavs will mark the opening of the Standard Symphony Hour tonight as Friedman's "Slavonic Rhapsody" begins the broadcast through NBC system stations.

Max Dolin will direct the orchestra in two characteristic songs, "All Souls' Day," a Strauss number suggestive of a religious occasion, and Leroux's descriptive piece, "The Nile," in the "Gavotte," and the overture from Thomas' "Mignon," and in works of Smetana, Schumann, Wagner, Bizet and Haydn.

Broadcast through KHQ, KO, MO, KGW, KGO and KFI, 8:30 to 9 p. m.—Max Dolin and his Kyelectrons.

A symphonic arrangement of the popular "Pagan Love Song" will be featured during Kyelectrons. Opening with a fanfare, the Kyelectrons will continue with a list of love songs, including "Where the Sweet Forget-Me-Not Remember" and "Believe Me, That's Love."

Broadcast through KHQ, KO, MO, KGW, KGO, KPO, KFI, KFI and KOA.

9 to 9:30 p. m.—Memory Lane.

Billy Page is the juvenile star of this radio comedy into which H. C. Connette writes faithfully an episode of midwestern life.

Broadcast through KGO and KGW.

8:30 to 10 p. m.—Phileas Hour.

"One Sweet Kiss" is the opening number scheduled for the orchestra which Charles Hart directs.

Eva Gruninger Atkinson, Ethel Wakefield, John Teel and Myran Niesley are the artists of the hour.

Broadcast through KHQ, KO, MO, KGW, KGO, KPO and KFI, 10 to 11 p. m.—Slumber Hour.

An hour of classical music will be offered for NBC system auditors tonight between 10 and 11 o'clock with the presentation of the Slumber Hour program by a full concert orchestra under Max Dolin's baton.

Harold Spaulding will sing "I Hear a Thrush at Eve" and Schipa's "Liebestraum" as an additional feature.

Broadcast through KGO and KFI, with KPO from 10:30 to 11 p. m.

11 to 12 midnight—Musical Musketees.

Dance tunes by the Musical Musketees, directed by Walter Egan will be broadcast through KGO and KPO and KOMO from 11:15 to 12 midnight.

OLDER HAS MODEL STATION

(Continued from Page One)

ment, brake drums that are not true, brakes that need relining and axles that are not true—all reduce tire mileage by thousands of miles.

"When our new home was being built, departments were established to take care of these matters. It is our belief that before a customer buys a tire from us that he should know the condition of his automobile and what should be done to it in order to increase his mileage of rubber and thereby decrease his running expense. And so that we may be assured that this work is of the highest type we have placed experts at the heads of our various departments who are responsible to me.

"We have, we believe, the most complete vulcanizing department in Medford. I am of the opinion that our establishment is the only one in this city that can care for every size of tire made, so far as vulcanizing is concerned.

"It has always been my contention that the customer is entitled to more than he pays for. As an instance of this, whenever a motorist comes into our headquarters to have his oil drained we clean the interior of the car free of charge. In addition if he has his automobile washed and we find that the finish underneath the fenders has been chipped off we spray them with black paint at no cost to the owner."

Bomb Chicago Theater

CHICAGO, Sept. 26.—(AP)—The Academy theatre, a burlesque house at Halstead and Madison streets, was bombed last night after the evening performance but while a chorus rehearsal was in progress on the stage. Choristers and actors still in costume ran to the street when the bomb tore away masonry at the stage entrance.

Those Who Serve You at Older's Station

The staff of the new Older Tire Service, Inc., station are all well known in Medford and southern Oregon. All who are connected with the station are experienced automobile men, capable of rendering the very finest of service.

Top row, left to right: L. P. Older, general manager of the new station. Center: Thomas W. Vernon, floor salesman. Right: William Coy, gas and oil department.

Bottom, left: Bert Wilson, brake department, and bottom right: R. P. Carroll, vulcanizing department.

Life of tires, Older sent Coy to Los Angeles to attend the lubrication school.

While Older has made it a policy to have specialists head his various departments, he also feels that he should have one man in his organization who is qualified to fill any post in case of emergency. He has such a gentleman in the person of Jack Rice. Rice recently spent a number of weeks at the factory in Los Angeles where he took up the repairing, brake repairing, wheel aligning and lubrication.

Thomas Vernon, floor salesman, has the distinction of being the oldest man in point of service with the company. Before joining Older he was with the Standard Oil company and later with the Union Oil company. While with the latter concern he had charge of the refining department at El Segundo, California. However, the beauty of Oregon finally lured him from southern California, so he went in business for himself in Gold Hill. After four years he sold out and made his present connection.

of tire retreading. So Carroll was sent to the plant at Los Angeles for a course in this subject.

Bert Wilson recently spent a month in Los Angeles attending the Firestone brake school. He is in charge of the brake and wheel aligning department of the local company.

Before joining the Older Tire Service, Inc., William Coy held a responsible post with one of the largest firms of its kind in this section. When he made his present connection, he was placed in charge of the greasing department of the local concern. In addition he dispenses most of the gasoline and oil sold. When Firestone engineers announced that they had found several new things about lubrication and how it affected the

GAS TAX LEGALITY PENDING IN COURT FROM CALIFORNIA

WASHINGTON—(AP)—An attack on the legality of state gasoline taxes, affecting virtually all states and motorists generally, is pending before the United States supreme court.

The case, brought from California, is based on the contention that the gasoline tax is a toll within the meaning of the federal aid highway act, which prohibits the expenditure of federal funds on toll roads. The petitioners sought to enjoin the state of California from disbursing collections made under the state gasoline tax law amounting

to approximately \$32,000,000 a year.

The question involved has been raised and passed upon in United States district courts in Washington, Oregon and Idaho, but it is the first time it has come before the United States supreme court.

The petitioners contend the California tax is, in effect, a toll upon consumers of motor vehicle fuel who operate over the highways of the state. The state contends the levy an excise for the gasoline distributor for the privilege of selling his product in the state to those who use it to operate their automobiles on the highways.

Although the tax may be an indirect imposition on the consumer, the state asserts, it is not a toll within the meaning of the federal act, contending this has been indicated by the acquiescence of the federal government in the enforcement of gasoline tax laws in virtually all of the states.

Eugene.—\$100,000 Firestone Tire building will be erected at corner of 11th avenue East and Pearl street.

GIRLS WILL BE GIRLS SAYS BISHOP LOWE

PORTLAND, Ore., Sept. 26.—(AP) Take it from Bishop Titus Lowe, girls will be girls and use rouge despite the preacher who grumbles away his sermon hour condemning modern youth.

"It's just a bit silly to see a 65 year old preacher harping for an hour on the fact that girls use rouge," Bishop Lowe told delegates to the Oregon Methodist conference today. "But they'll do it, whatever the preacher says."

In favor of modern youth, Bishop Lowe, ever a champion of youth, said:

"There is nothing wrong with an age that produces a stripling, without cigars, without cigarettes, without wines or liquor, who climbs into a tiny cockpit and crosses the Atlantic, a feat called impossible."
