Manufacturers of safes, cooperating with electricians, have made a gigantic steel box so delicately arranged that it sounds an alarm if a burglar so much as lays his hand on it. The slightest touch, even the laying of a hat on top of the safe, is felt, reported, and brings policemen.

Such things amaze us, but each of us is just such a safe. A system of nerves covering the whole body, sounds the alarm when anything is punctured or touched. And the brain always knows what is going on in the outside world. Lying, cold and gray, inside its "ivory temple" it sees, hears, feels, tastes and smells, and we don't know how.

There's a really wonderful safe.

Ramsay MacDonald's work in America is well done. The United States and Britain have solemnly pledged themselves against war as between the two countries, and to the promotion of peace by all proper means everywhere.

What the future will bring forth, what the British government, following the present labor government, or what American public opinion may desire in the future, no one can say. But at least, war has been classed as barbarous. The two most powerful nations in the world have declared against it—and that is progress.

It took human beings thousands of centuries to abandon cannibalism; undoubtedly, they resolved to eat men no longer. And over and over the resolution was broken when hunger came and the edible man was easily caught.

But cannibalism has disappeared.

AND WAR WILL DISAPPEAR. Nevertheless, in days when more civilized men were giving up cannibalism, they kept themselves ready to repel those that might come to eat them.

The United States and Great Britain, denouncing and abandoning war as between Britain and America, should keep ready and able to repel others that might seek to enforce war upon them.

ATHLETICS TAKE THIRD GAME 10-8

Ten-Run Rally in Seventh Inning Overcomes Eight-Run Lead of Cubs—World's Series Record Is Broken—Small, But Hysterical Crowd Sees Game—Monday May End Play.

SHIRE BALL PARK, Philadelphia, Pa., Oct. 12.—(AP)—Overhauling the Chicago Cubs with an amazing 10-run rally in the seventh inning, the greatest in world's series history, the Philadelphia Athletics today battered their way to victory, 10 to 8, before an hysterical home-town crowd of 20,000.

It gave the American league champions their third triumph in four games.

Leading by 3 to 1, the men of Mack now need only one more victory to win the world's baseball championship.

They can settle it in the fifth game, scheduled here Monday. Trailing by eight runs going into the seventh, with the Cubs seemingly headed for a one-sided win that would even the series count, the Athletics let loose an attack that dwarfed anything in series records.

They batted four pitchers for 10 hits, including home runs by Al Simmons and George Haas, and 15 men went to the plate in an orgy that held the crowd wild.

The big barrage eclipsed the former record of eight hits and eight runs in a single series inning, made on October 7, 1921, by the New York Giants, who also staged their rally in the seventh and finally won by 13 to 5.

Nothing in the batting line, however, had ever been as dramatic as this comeback. The Athletics looked a dejected, beaten team after being shut out by Charley Root for the first six innings, with only three hits. The Chicago machine guns, Hornsby, Wilson, Cuyler, Stephenson and Grimm, had knocked old Jack Quinn out of the box in the sixth and continued an attack on Rube Walberg to stage a five-run rally. Grimm's homer, with Cuyler on base, had started their scoring in the fourth and it looked like a rout until the lightning hit Root at the outset of the seventh.

FALL ON STAND FOR TESTIMONY ON OIL LEASES

Former Secretary of Interior Appears in Court Despite Physicians' Warning That Exertion Might Endanger Life.

WASHINGTON, Oct. 12.—(AP)—Appearing somewhat stronger, Albert B. Fall appeared in District of Columbia supreme court today as E. C. Finney, first assistant secretary of interior at the time Fall was secretary, took the witness stand to testify in the bribery charges against Fall growing out of the Elk Hills naval oil lease to Edward L. Doherty.

Fall's family said the former interior department head had rested well last night and apparently was none the worse for his presence at the trial although four physicians reported he would endanger his life if the case continued.

COUNTY TO SHARE BIG ROAD FUND

Jackson's Portion of Auto Registration Fees Fixed at \$14,230—Bus and Truck Funds \$950 for Six Months' Period Ending September 15—Based On Registration.

SALEM, Ore., Oct. 12.—(AP)—The Oregon state highway fund received \$1,095,653.83 and Oregon counties a total of \$365,217.94 in the apportionment and distribution of receipts from motor vehicle and motor vehicle operator registrations for the six months ending September 15. The apportionment was announced today by Secretary of State Hess.

The law provides that of the net receipts the state highway fund shall receive 75 per cent and the counties 25 percent, the apportionment to the counties being on the basis of their contribution to the fund in registrations.

The total collected for the period was \$1,618,086.21. Refunds from this were \$1,848.77, leaving gross receipts of \$1,616,237.44. From this sum administrative expenses of \$153,365.77 were deducted, leaving net receipts of \$1,462,871.67.

Apportionments to counties included the following: Baker, \$940,157; Douglas, \$884,457; Jackson, \$14,230.12; Josephine, \$1466.86; Klamath, \$18,287.13; Lane, \$20,148.79; Marion, \$18,261.48; Multnomah, \$113,119.24; Umatilla, \$12,489.99; Union, \$10,429.23.

During the same period fees collected by the public service commission from busses and trucks under automotive transportation act totaled \$87,608.90, of which 75 percent, or \$73,206.68 was turned over to the highway fund and \$24,402.22 or 25 per cent was apportioned to the counties.

Among the counties sharing were: Baker, \$628.17; Douglas, \$593.62; Jackson, \$259.79; Josephine, \$311.82; Klamath, \$121.86; Lane, \$134.25; Marion, \$126.92; Multnomah, \$758.12.

1929 LEGISLATURE COST STATE LESS

Unless the supreme court, where the case is pending, should reverse the lower court in the litigation involving the question whether members of the 1929 legislature shall be allowed \$5 daily compensation in addition to the constitutional \$3, the 1929 session shows a saving in cost of \$24,293.22 as compared with the 1927 session, according to Secretary of State Hess.

In 1927 the legislators voted themselves the additional compensation and it was not challenged in the courts. The total cost of the 1929 session, not counting the additional pay, was \$126,246.96.

FALSE TESTIMONY ORDER WAS GIVEN PANTAGES AIDES

LOS ANGELES, Oct. 12.—(AP)—Tillie Russo, former usherette employed by Alexander Pantages who has testified that she was instructed by the theater man to falsify statements to District Attorney Burton Fitts, again will face the battery of defense attorneys when the trial of the multi-millionaire showman on a statutory charge preferred by 17-year-old Eunice Pringle, is resumed in superior court Monday morning.

Cross examination of the witness was interrupted when court adjourned yesterday for the weekend holiday. Her testimony had followed that of William Jobberman, Pantages' publicity man, and Roy Keene, assistant manager of the Pantages theatre, both of whom had testified that the theater magnate had ordered them to color their stories in his favor.

SA AIMEE M'DONALD TOOK FUNDS OF TEMPLE IN GOTHAM

Five Pastors of Four Square Sect Join in Fraud Charge Against Evangelist—Mrs. McPherson Ridicules Accusations—Pantages and Wife Drawn Into Investigation.

LOS ANGELES, Oct. 12.—(AP)—Investigation of the monetary affairs of Angelus Temple, and of Aimee Semple McPherson's disposal of temple funds, was under way by the Los Angeles district attorney's office today, as the result of charges of misappropriation brought by five pastors of the evangelist's Four Square Gospel Lighthouse church. Two of the complaining pastors had been dismissed by Mrs. McPherson within the past week.

Chief among the complaining pastors was the Rev. John Goben, ousted as assistant pastor of Angelus Temple in a disagreement over policies with Mrs. McPherson. Dr. Goben appeared at the district attorney's office yesterday with books covering receipts and expenditures from August, 1927, to September, 1928, and said the alleged fraud would be revealed in the entries.

Other pastors who accuse the temple leader are the Rev. H. E. Alford of Los Angeles; the Rev. Willard Pope of Pomona, Cal., dismissed recently; the Rev. R. L. Larson of Hollywood; and the Rev. J. H. Stilton of El Monte, Cal.

Deputy District Attorney Daniel Beecher, into whose care the books were placed, and his aides were busy scanning the accounts for alleged irregularities. Beecher announced also that the district attorney's office is seeking two women, who were said to know what disposition was made of the funds which complaining pastors assert were misused. The names of the two women were withheld.

Mrs. McPherson branded the charges as "false and ridiculous." "Dr. Goben's statements are merely an effort at reprisal because I fired him. Anybody can look at the books of the church. I have had them audited frequently, and I am too busy to pay any attention to Dr. Goben's charges," Mrs. Minnie Kennedy, mother of the evangelist, who arrived in Los Angeles yesterday from Seattle, where she had been the defendant in a breach of promise suit, said that her visit would take no part in the fight.

"It is just a coincidence that I arrived here at the time Dr. Goben brought his charges against the church," said Mrs. Kennedy. "While I am willing to help my daughter in what little ways I can, I will take no part in the controversy. As soon as I have finished my work here, I will return to the north and continue my own church work."

Pantages Drawn In
Alexander Pantages, retired theater magnate now on trial for an alleged attack on Eunice Pringle, 17-year-old dancer; Mrs. Lois Pantages, his wife, recently convicted of manslaughter in connection with the death of a Japanese partygoer at a motor accident; Pantages' two sons and the Pantages' attorneys were drawn into the temple charges by Dr. Goben, who informed the district attorney's office that a conference attended by Mrs. McPherson took place at the Pantages home within an hour after the theater man's wife was found guilty.

Superior Judge Carlos E. Hardy, who presided over the trial of Mrs. Pantages, and who recently was tried on charges of having accepted a \$2000 love offering from Mrs. McPherson, by the California state senate, before which body impeachment proceedings against him failed, issued a statement in which he said he had not been aware of any conference, and did not see how it could affect him in any way. It was not alleged by Dr. Goben that Judge Hardy had attended the meeting.

Judge Hardy requested the presiding judge of the Los Angeles superior court to designate two judges to sit with him at Mrs. Pantages' probation hearing on October 25.

"The case has assumed such public importance," Judge Hardy said, "that in order to render a decision which will be fair, both to the state and the defendant, the opinions of three judges should decide the issue."

BRITISH SPOKESMAN TIRED BY EFFORTS OF PAST WEEK—GOES TO CANADA MONDAY TO IRON OUT PROBLEMS OF PEACE—APPEALS TO U. S. FOR PATIENCE AND GOOD WILL.

By JAMES L. WEST
Associated Press Staff Writer
NEW YORK, Oct. 12.—(AP)—With a last appealing message, not alone to the British and American people but to all the nations of the earth, Prime Minister Ramsay MacDonald has brought to an end his peace mission to the United States.

A very tired man after the efforts of the past week, the British statesman today began a two days' rest before going to Canada to begin there the stupendous task that lies ahead in working out the many problems to the solution of which he and President Hoover have pledged themselves.

In his talk, which continued for nearly an hour, the prime minister spoke with a feeling which was apparent alike in his voice and his gesture. He gave some intimate details of how he and the president carried on their personal negotiations in the wilderness of the Virginia mountains and the Lincoln study at the White House.

More than that, he undertook to again reassure the world that took place was solely for the promotion of universal peace and he appealed to the American people for patience, for understanding, for good will, while the British people are replacing the old furniture in their minds with new and more modern furniture of naval limitation and parity.

His message to the other nations regarding the conversations between President Hoover and himself was briefly but earnestly delivered.

"I want to say quite definitely and clearly," he said, "I want the whole world to know it, and I say it without any reserve and any withholding of any kind whatever, that during the entire course of our conversations there has never been any idea whatever of an exclusive understanding between Great Britain and the United States."

DISBARMENT ACTION WILL COME THURSDAY

PORTLAND, Ore., Oct. 12.—(AP) Action on the complaint filed with the Multnomah County Bar association by George W. Joseph, attorney, against Thomas Mannix, attorney, was delayed until next Thursday by the organization's investigating committee.

The action seeks disbarment of Mannix. Inability of members to be present last night caused the postponement.

By the way, an old country boy banker from Colorado slobbered the city slicker bankers out of one half million bucks and they give him 15 years so fast that you would have thought he had assassinated a big government official.

You let a city banker slobber an old country boy out of something and before night he will merge with another bank and finally wind up as a member of the federal reserve. Yours, WILL ROGERS.
