

# OWEN REPORTS FEASIBILITY OF RAILROAD LINE

### Lengthy Statement On The Proposed Extension Of Logging Railroad Butte Falls to Klamath Sent To General Manager.

The survey for the proposed construction of an Owen-Oregon Lumber company railroad, from a point seven miles beyond Butte Falls to Klamath county, has been completed and James H. Owen, general manager of the timber company has reported to the board of directors that "the road is feasible and practical from an engineering and financial standpoint."

The lengthy report of Owen will be acted upon by the board of directors, it is expected, at their annual meeting next February.

The survey runs from camp No. 2, in the Butte Falls district, to the Weyerhaeuser Junction on Spencer creek, with an easy grade from that point into Klamath Falls. The distance to Spencer creek from camp No. 2, is 37 miles from Medford to camp No. 2, is 44 miles. The Weyerhaeuser company is planning to extend its lines from five to seven miles northeast from the present terminal, further shortening the distance.

The survey calls for a junction with the Weyerhaeuser line or transcontinental lines at Klamath Falls.

No figures on the estimated cost per mile were made public by General Manager Owen.

The report sets forth that "eventually a railroad will be built from Klamath county tapping the Dead Indian district, the Big Butte basin and the upper Rogue River valley, shortening the distance east for fruit and lumber shipments."

**Past Matrons Have Luncheon**  
A no-hostess luncheon was served to the members of the Past Matrons club at the Hotel Medford yesterday at 1 o'clock. The tables were beautifully decorated in autumn flowers and leaves. Covers were laid for twenty-five.

Following the luncheon, the members went to the Eastern Star rooms, where the afternoon was spent playing bridge. Mrs. Kate Young received the prize for high score, and Mrs. Boyd for low score.

Mrs. C. D. Thompson and Mrs. H. C. Fowler were in charge of the afternoon entertainment.

**Parent-Teachers Convention Opens**  
The State Parent-Teachers convention opened this morning in Grants Pass at 10:30, with the registration of all delegates. A short program was arranged for the afternoon, and a reception for all delegates to be held this evening.

Medford delegates include Mesdames Pichtner, Kroeschel, D'Albini and James.

**Women Golfers Have Luncheon**  
A luncheon for the women of the Rogue River Valley Golf association who are taking part in the qualifying rounds of the tournament was held this noon at the club home. The luncheon was in charge of Mrs. Cain Robinson. Covers were laid for thirty.

Mr. and Mrs. W. H. Merritt returned home Sunday from a two weeks vacation trip to Seattle.

Mrs. Ernestine Flury of Chiloquin, formerly of Medford, is in the city visiting friends.

**The Wednesday Study Club** will meet tomorrow afternoon at the public library at 2:30. The subject for discussion will be "Japan."

The annual St. Mark's Guild dinner will be served at the Parish hall on North Oakdale avenue, tomorrow at 6:30 p. m.

The regular meeting of the St. Ann's Altar society was held in the parish hall at 3:30 this afternoon.

**FILLING STATION MEN THREATEN JOIN STRIKE**  
NEW YORK, Oct. 15.—(AP)—A threat of filling station attendants to join the strike of tank truck drivers today increased the gravity of the motor fuel distribution situation precipitated by the dispute between the oil companies and their employees.

Three persons have been injured in disturbances attending the strike.

Police Commissioner Grover A. Whalen said 1600 police have been assigned to strike duty. He threatened to withdraw police protection from truck and property of companies employing "guerrillas," whom he blamed for the outbreaks of violence.

**REHEARING DENIED FOR THE SUIT ON SUNCREST**  
SALEM, Ore., Oct. 15.—(AP)—The supreme court, among other opinions handed down today, denied the petition for rehearing of a suit involving the Suncrest orchards.

**BUDGET COMMITTEE IN STUDY OF FUND NEED**  
The budget committee met with the county court today and perused over the financial state of the county before taking up the allotment of funds to the different departments. The committee will be in session until the first Tuesday

**PHOENIX AID SOCIETY GUESTS MRS. HARTLEY**  
PHOENIX, Ore., Oct. 15.—(Special)—Members of the Ladies' Aid society and the Ladies' Missionary society and their husbands gathered at the home of Mrs. C. C. Hartley on Monday evening for a surprise party. The party was given in honor of Mrs. Hartley's birthday.

Between thirty-five and forty were present to enjoy the visiting and singing. Refreshments of sandwiches, cake and coffee were served. Mrs. Hartley was presented with a lovely floor lamp.

**DIAMOND DYES**  
The most beautiful black you've ever seen! "All my friends admire my new black silk!" "The coat I thought was hopelessly spotted is now a new, beautiful black!" These are typical comments from women who have used these true, jet black dyes.

Diamond Dyes Black never gives cloth a greenish or bronzy look, as so many black dyes do. Like Diamond Dyes Red and all the other Diamond colors, it is easy to use and gives such beautiful results because it is rich in pure anilines. It's the anilines in dyes that give them brilliance, depth and fastness; make them go on smoothly and evenly, without streaking or spotting. And Diamond Dyes contain the highest quality anilines that money can buy. The white package of Diamond Dyes is the highest quality dye, prepared for general use. It will dye or tint silk, wool, cotton, linen, rayon, or any mixture of materials. The blue package is a special dye, for silk and wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this: The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

**Diamond Dyes**  
Sun Proof  
EASY TO USE—BETTER RESULTS

*Diamond Dyes contain the highest quality anilines money can buy. And it is the anilines that count. They are the life of that dye; the source of their rich colors; brilliant and permanent.*
