Dad's Night Friday at Jackson School

The Jackson school P. T. A. and teachers are planning and looking forward to the biggest and best "Daddy's night" ever held in Medford. The evening of entertainment will begin at 6:30 p. m. Friday with a covered dish dinner at which time we hope to have every hungry dad in the school system as a guest of honor.

The teachers are equal to any in the Medford schools, want you as a parent to come and meet and talk to them, and thereby have a better understanding of the problems confronting both.

Johnny and Mary are very proud to have "My Teacher" meet "My Dad." All who were so fortunate to attend dinner last term still remember the fine eats but they also remember a most enjoyable reading given by one of our popular dads. We will again be favored by this same dad. There, that was supposed to be a secret, but what good is a secret if you don't tell it? There will be a few other enjoyable numbers.

Each mother is asked to bring her own and dad's little service, but don't forget to bring dad.

Ira Gabrielson Speaker Medford Garden Club

"The Siskiyou mountains have approximately 70 varieties of wild flowers, some of them that are not found any other place," said Ira N. Gabrielson, member of the United States biological survey in his address last night before the members of the Medford Garden club at Hotel Medford. Mr. Gabrielson is an Oregon man, with his home near Portland. He has spent much time in this work, and has discovered many interesting facts concerning the native plants and flowers.

Mr. Gabrielson told the group that these flowers were very easily transplanted, but because most people attempted to do this while the flowers were in bloom was the reason for their failure. He also mentioned the methods of caring for the plants and gathering seed.

"Oregon is one of the five places in the world that has a climate adaptable to the growing of lilies," he said, "and because of
