

School Notes From the City and Valley

Lincoln School

Reporters for this week were chosen from the 5B language class. They are as follows: Emory Culbertson, banking, spelling, and health habits; Maxine White, essay content and news from the department; Ruth Prince, play-ground and lower grades; Billy Wilson, assemblies, new pupils and pupils who have left.

Lower Grades

The 3B pupils illustrated a poem by making moving pictures. The 3B's and 3A's are making cut cards for Halloween. Miss Tucker's children are very interested in the new library shelves. Adeline Breeding is the librarian.

The girls and boys in Mrs. Harris' room are making brownies and jack-o'-lanterns out of oat meal boxes. They are coloring them orange. They are going to put candles in them to scare their fathers and mothers.

The 1B pupils in Miss Abbott's room had a hundred percent in attendance all week.

We are going to take turn about in keeping the school grounds free from waste paper and rubbish. This week Mrs. Turner's girls and boys did it. Mr. Kirkpatrick, our janitor, has offered a prize of \$2.00 to the room that does the most thorough job.

We have a new walk in front of our building, a new flag pole, and best of all, a new flag. Monday morning we had a brief assembly. We saluted the new flag together, sang the first and last stanzas of "America," and then marched into the building.

Thursday afternoon we met again, this time at the rear of the building. Miss Cox told us that we are fortunate enough to have won again "Peter Poor Posture" and "Peter Perfect Posture." These two stanzas are provided by Mrs. Maude Barriger Jones, our physical education supervisor. We won them the first semester of last year by having the lowest percent-

age of defects in posture. Last semester we lost to Jackson school and the two little boys were taken from us. Now we have won them back again.

New Pupils and Pupils Who Have Left
We regret the loss of Elenore Kenaston from the 5B class. On account of ill health she will spend the winter in southern California with her parents.

Charles Reed of the 2A left on Monday. It is said that he was going to Klamath Falls.

Vera Byrd left for Pohnona, Cal., Tuesday morning.

We have three new boys in the 4B. Their names are Orval Hampton, Ralph Lanning, and Carl McPheters.

Honor Roll
In the 1B, Elinor Alcock received 4 A's and 3 B's; for the 2A Helma Wall received 1A and 4 B's; Vernon Kline 2 A's and 5 B's, and Glenn Jewett 7 B's. In the 2B, Gladys Kelley received 2 A's and 5 B's. In the 2A, Iva Schrader received 2 A's and 5 B's, Coleen Stephenson 2 A's and 6 B's, and Jeanette White 3 A's and 5 B's. In the 3B, Betty Hare received 8 A's and 1 B. In the 6B, John Dickinson received 4 A's and 7 B's, and Leah Etta Evans 7 A's and 4 B's.

Upper Grades
The pupils in the geography classes are finding much of interest in the reference library recently installed in room 5.

We are glad to know that Roberta Fletcher who underwent a major operation last week is rapidly recovering and will soon be with us again.

Mrs. Turner's art classes have finished working on their alphabets. Now they are making Halloween things. They made little pumpkin carts pulled by black cats.

Mrs. Turner left for Berkeley Thursday evening after school. She will be back Monday. Mrs. Russell substituted for her Friday.

Miss Webber's classes are making little booklets about the life of the salmon.

Trip to Library
It was the turn of the 5A's to visit the library last Thursday. The

Jackson School

Spelling
The sixth B came first with 99.1 per cent, which was the highest percentage for the semester. The Fifth A came second with 97.4 per cent. The school average for this week is 95.8 per cent. If any of the grades get 100 per cent in spelling they will be given a treat.
Thomas Harvey, 6B.

Bank News
The Jackson school had 86.5 per cent in banking. The rooms with the highest percentages were Mrs. Laidley's, 100 per cent; Miss MacNiven's, 100 per cent; and Miss Smith's, 94.9 per cent.
Glen Yaple, 6A.

Pottery
As an appreciation of the beautiful picture, "Deer in the Forest," painted by Rosa Bonheur, Raymond Hubbard wrote this poem. Each child painted his picture in words, some preferred prose to poetry. We wish there were more room to print some of the others, as they are very interesting.

"Deer in the forest twilight,
In the woods which is their home,
The delicate creatures love it,
To be alive and to roam.

"The creatures are very contented
Where they can roam wild and free,
And in the dusk of evening
Lie down 'neath the wild oak tree."
Raymond Hubbard, 6B.

Sport
There will be a game with Lincoln Saturday morning at 9:30.

The boys and girls enjoyed the football game last week when Glendale lost, 12 to 6, to the junior high team.
Marvin, B-6B.

Playground News
This week the fifth grade is taking care of the playground. They will have a job, for Verne Campbell brought some corn stalks for daddy's night and they got scattered all around.
William M., 6B.

Savings Club
We enjoy the gold bond savings club very much. We are voting for our school editor. We are all anxious to know who it's going to be.
Norine Gannan, 6B.

Primary News
Dorothy Davis entered the third B here. She came from the Roosevelt school.

The first As are studying about the Indians and are fixing up their sand table with wigwams and Indians.
Donald Price, 6B.

Health
The rooms that had the highest averages were Mrs. Murray's, who had 99.51 per cent; Miss MacNiven's, who had 99.5 per cent; and Mrs. Gifford's, who had 99.62. The school average was 98.5 per cent.
Dorothy Powell, 6A.

New Pictures
The children in the fifth and sixth grades are having new pictures for English. They are very prettily colored.

There is a large one of the same type of pictures. Each child gets a small picture to study, too.

The children of the Jackson school think they are very interesting and lovely.
Flora Sullivan, 6A.

Oak Grove School

The following articles are contributed by pupils of the Oak Grove school.

Doris Houston, Seventh Grade
We are working out a new project in spelling at the Shady Cove school. There are four of us girls in this grade. We do not study our words on the day that we write them. On Monday we write our words, on Tuesday we study the words we missed on Monday. On Wednesday we write all the words again. On Thursday we study the words we missed Wednesday; then on Friday we write all of them again.

We are finding that it helps us to remember our words better.

Jessie Walton
I am in the sixth grade. I am going to write and tell you what projects we have been working out. We have made our hygiene booklets.

We molded a map of the world and put in the directions of the winds. We molded a map of Oregon and put in the mountains and the important rivers. We have been taking tests on Thursday and Friday.

We have made some lamp shades in our art work.

Orange Thielde
I am in the fifth grade. We are drawing a map of South America, but we cannot mold them, until we get them drawn real nice.

We also made a hygiene booklet. First we took some paper and folded it, then we took some water and wet the paper. We took paints and daubed them on; we let it dry. When it got dry we scribbled the paper, then put some shellac on; let it dry, then pasted pictures in it.

Battery values fade when quality is sacrificed to price. For a poor battery, no matter how low its cost, is an expensive investment if it continually requires re-charging.

The safe way to save on batteries is to buy at the safety point, where dependable quality is not sacrificed for low price. Buy a Willard of the correct electrical size for your car, and you'll get known value.
