

MINISTER'S SON WINS HIGHEST MARK, YALE

NEW HAVEN—(AP)—Having the highest marks in the 225-year history of Yale, Saunders Maclean of Norwalk, Conn., minister's son who has earned his way through college, has won the prize of the Montclair, N. J., Yale club for the brightest senior. His average on all subjects for three years has been 96 1/2, which Dean Mendell says is unapproached in the history of the college.

CONTINUE SEARCH FOR BREMERTON AVIATOR

SEATTLE, Wash., Nov. 1.—(AP)—Search was continued today for the body of Don Monroe, 23, pilot of the Gorst Air Transport Seattle-Bremerton air ferry, which plunged into the waters of Puget Sound of Manette Point yesterday afternoon, taking Monroe and Albert Van Vleet, 25, mechanic, to their deaths. Van Vleet's body was recovered shortly after the crash when navy tugs succeeded in raising the submerged plane. Cause of the tragedy remained unsolved.

NO MONOPOLY GIVEN FOR PHYSIOTHERAPY

SALEM, Ore., Nov. 1.—(AP)—Chiropractors, under the Oregon laws, do not have a monopoly on the practice of physiotherapy, says an opinion from the office of Attorney General Van Winkle to Miles D. Warren, secretary and treasurer of the state board of chiropractic examiners. The opinion says that the practice of physiotherapy, electrotherapy and hydrotherapy is open to duly licensed practitioners of medicine and surgery, optopathy and chiropractic and that persons not so licensed are subject to prosecution if they practice these lines.

High Class Grocers and Markets In Detroit Report Bosc Demand

The second regular weekly report of the Bosc salesman covering all of the fruit jobbers, grocery stores and markets in Detroit has been received by the Winter Pear committee. The salesman reports: "We have 4000 independent grocers and fruit markets in the city of Detroit. It would take months to cover all of these intelligently, so I am calling on all the high-class grocers and fruit markets only. All of the jobbers have been covered and they report a good demand with stock selling freely. I believe you can look forward to an increasing demand as the trade and public learn about the splendid quality of Bosc pears. The weather here has been bitterly cold during the week October 21 to October 26 and heavy rains have undoubtedly kept sales down to a minimum. To date the salesman of the Winter Pear committee has distributed 4867 samples of Bosc pears to the Detroit trade. This involved 137 interviews, the average interview requiring 20 minutes. In addition to the foregoing, the members of the Detroit committee have personally solicited the patronage of all the large wholesalers.

WILLOW SPRINGS BOY HONORED AT COLLEGE

OREGON STATE COLLEGE, Corvallis, Nov. 1.—(Special) Geo. Elden, sophomore in commerce at Oregon State college, has just been appointed to a position with the service department of the Oregon State Barometer, a daily paper edited and managed by the industrial journalism students.

CARE OF DOG CAUSES SUICIDE OF LANDLADY

SAN JOSE, Cal., Nov. 1.—(AP)—Mrs. Helen Roger, 40, proprietress of a local rooming house, committed suicide by swallowing poison last night following a quarrel with her husband over the care and treatment of a pet Pomeranian dog. She was the mother of five children, offspring of two previous marriages.

Rep. Garner Was "Whispering Johnny" to Lobby Workers, Probers Are Told

WASHINGTON, Nov. 1.—(AP)—J. A. Arnold, vice president and general manager of the Southern Tariff association, testified before the senate lobby committee today that the organization had suggested that "men be sent to congress" to vote for a protective tariff. Under questioning, Arnold said this was the only way to obtain protection. "Do you help elect or try to elect congressmen in any districts?" asked Senator Walsh, Democrat, Montana. "I can't say that we have," the witness answered. Arnold testified members of the tariff association had discussed the pending tariff bill with some senators. "What did you do?" asked Walsh. "I spoke to the Florida senators and we presented a memorial to Senator Watson of Indiana (the senate Republican leader)," he replied, adding a committee of which he was a member talked with Senators Connally of Texas, Black of Alabama, and Harris of Georgia, all Democrats.

Rep. Garner Was "Whispering Johnny" to Lobby Workers, Probers Are Told

Walsh produced a letter written to Brown White of San Benito, Texas, by Arnold, October 9, which referred to "whispering friends." "Who was referred to?" Walsh inquired. "I suppose it referred to Congressman Garner of Texas," Arnold said. "Garner is house Democratic leader." Another letter read by Walsh written by White to Arnold referred "to our friend, Whispering Johnny," which Arnold said also referred to Garner. Walsh read again from White's letter which said he was glad C. C. Becker of Del Rio, Texas, was running for congress. "Is he a Democrat or Republican?" Walsh asked. "I don't know," Arnold previously had testified it made no difference to him what party a man belonged to. Another letter from Arnold to White said "our whispering friend" was "rumoring a big bluff down there" and added that Senator Watson asked Arnold to appear before the senate finance committee.

BOOST MULCAHY IN S. P. RANKS

PORTLAND, Ore., Nov. 1.—(AP)—J. H. Mulcahy, now assistant freight manager at Portland of the Southern Pacific railroad, has been promoted to freight traffic manager of the northern district, and James A. Ormanly, assistant passenger traffic manager at Portland, has been appointed passenger traffic manager for the northern district. The promotions followed an announcement yesterday at the New York headquarters of the railroad of a new policy of system decentralization that puts the Oregon division "on its own feet." This recognition of the northern division follows closely on the heels of the completion of the Cascade cutoff and the Alturas cutoff, in the construction of which the company spent many millions of dollars.

FIREMEN INJURED IN FRISCO BLAZE

SAN FRANCISCO, Cal., Nov. 1.—(AP)—Three firemen were seriously injured, one perhaps fatally, early today when a brick wall collapsed during a fire at the G. Martin Trunk company, 424 Pacific avenue, and trapped them beneath the debris. The collapse of the wall followed a series of explosions as the flames ignited chemicals, paints and gasoline in the plant, where a considerable number of automobiles was stored. The injured: Captain George Hartman, truck No. 13. George Scott, engine company No. 1. Thomas Walsh, engine company No. 1. Additional fire fighting forces arrived at the scene of the conflagration in response to a third and general alarm as the walls crashed down. The new arrivals were immediately put to work digging for the missing men in the debris.

Newspaper Holds Major Place for Advertising Value

ATLANTA, Ga., Nov. 1.—(AP)—Radio, talking and motion pictures and other mediums of advertising still are and probably always will be supplementary to the printed word, in the opinion of A. E. Bryson of Chicago, vice-president and in line for the presidency of the financial and advertisers' association. Addressing the fourteenth annual convention of the association here last night, Mr. Bryson said radio and other forms of advertising had their advantages, but newspapers and magazines were leading the field.

KLAMATH HAS NEIGHBOR INTEREST HARBOR PLAN

KLAMATH FALLS, Ore., Nov. 1.—(AP)—Klamath Falls has only a neighborly interest in the proposed Crescent City, Cal., harbor move, according to the chamber of commerce directors. The directors have voted to sanction the program as outlined by the Northern California-Southern Oregon Development association, but will not participate in the financing of it.

Oregon News in Brief

(By the Associated Press) EUGENE—Seven nurses of the Pacific Christian hospital were injured, but not seriously, when a bus in which they were riding after a bakery truck struck it. PORTLAND—Mayor George Baker, who has been seriously ill at his home here, was reported "very much better." ROSEBURG—Resumption of oil drilling at the Leeper Dome property in the Sutherlin district is expected within a few days. THE DALLES—A box of Wasco county apples that won sweepstakes at the Pacific International Livestock exposition will be sent President Hoover. ROSEBURG—Charles F. Thomas was sentenced to six months in jail and fined \$500 after he pleaded guilty to a charge of possessing a mask. ALBANY—Purchase of 9.54 acres of land at Sweet Home to be used as the site for a railway line by the Oregon Electric was indicated in a deed filed here. PELEE ERUPTS ROCKS. FOIT DE FRANCE, Martinique, Nov. 1.—(AP)—La Mont Pelee, famous West Indian volcano, which had been active for some weeks, cast up rocks weighing more than 6000 pounds during its recent eruptions of gas and ash.
