**ATTENTION!**  
School notes are requested to be in by Friday evening at 6 o'clock. They will not be accepted after 10 o'clock Saturday morning.

## Jackson School

Every week two pupils of the Sixth B's, visit a little crippled boy. They will take him books to read and tell him about sights and stories they know.

The Sixth B's went to the library Friday afternoon. They learned about who kept up the library and the librarian read to us a story about the Labrador country.—John Barker, 6-B.

**Spelling**  
The 3-B's were the highest in this school with 99.9 per cent. The 3-A's came second with 99.6 per cent. The school average was 97.1 per cent. I neglected to put the lower division percentages in the newspaper last week. I'm very sorry this happened.—Thomas Harvey, 6-B.

**Sport**  
Jackson school plays Washington Saturday at 9:30 a. m. It will be a very exciting game because Washington school has a good team this year.

The girls are playing volleyball every day. Even some of the boys play with them at noon.—Marvin Burke, 6-B.

**Primary News**  
John Utting has entered the 3-B. He came from Bend, Ore.—Donald Price, 6-B.

**Banking**  
The banking average for the building was 86.6 per cent. Mrs. Laidley's room made 100 per cent while Miss MacNiven's and Miss Briggs' rooms came next, each with only two pupils not banking. We hope to do better next time.—John Dallaire, 6-B.

**Health**  
The rooms who had the highest in health were Mrs. Laidley's, who had 99.8 per cent; Mrs. Gifford's, who had 99.4 per cent and Miss MacNiven's, who had 99.44 per cent. The school average was 98.8 per cent.—Dorothy Powell, 6-A.

**Volley Ball**  
The fifth and sixth grade girls are having very much fun playing volleyball. Dorothy Powell sprained her wrist, so we will have to do without her until her wrist gets well. Waineta Wilson is so small that the ball pushed her over. The children enjoy it very much.—Maxine Kleinhamer, 6-A.

**Glee Club**  
The music teacher, Mrs. Laidley, started a Glee club Thursday. About thirty children reported at 8:30. If the boys and girls keep as interested as they have been, we think it will be a credit to the school.—Raymond Hubbard, 6-B.

**Playground News**  
This week all of the grades are taking care of the playground. This morning Mr. Gustin gave a talk about the playground and lawn. He said we were doing a good job. He said they looked much nicer than they did.—William Milhvan.

## Washington School

With an enrollment of 348 pupils the per cent of attendance last month was 95.6; number of tardies only 13. Children neither tardy nor absent were 210 and 21 parents came to visit our school. When parents come to visit, we feel they are truly interested in what we are doing.

New pupils this week are Clyde McCargue in the 3B; Dorothy Valo 3A; and Grace Chesley, 4B. From Lincoln school came Bobby Upshaw, 3A, and Woodrow Upshaw, 4B.

Pupils in Mrs. Cooney's room led in spelling last week. The 3B's had a grade of 99.4 and the 3A's an average of 98.8 percent. The average for the school was 92.6 percent.

Last week the Washington school stood third in banking, with an average of 94.8 per cent. This week four rooms had over one hundred percent: 6A, 5B, 3B-3A, and 1B-1A. Building average was 95.6 per cent. 6A room keeps the banner with a per cent of 117.6.

We think Washington pupils are rather good at keeping health rules. This week's inspection showed an average for the building of 99.3 per cent. Pupils in Miss Anschutz's room were highest with a mark of 99.8. Second in line came Mrs. Cooney's room with a percent of 99.6.

Mrs. O'Neal has devised a system of six thermometers by means of which she can record the "temperature" of six spelling classes. The children are keenly interested in watching the "mercury" rise, and large are the promises of each pupil that their class thermometer shall register the highest.

## Roosevelt School

This week's reporters are Amy Elliott, Virginia Lindley, Betty Vilm, Frank Hill, Delores Sloper.

**Spelling**  
This week's spelling record was a little lower than last week. The highest was made by Miss Welch's 2B's, 99.7 percent. The building average was 95.5 percent. The 6B class are working especially hard for a hundred percent record just now.

**Substitutes**  
This week two substitutes were taking places at the Roosevelt school. They were, Mrs. Crane for Miss Webb; then some illness in Mrs. Crane's family made it so she had to leave. Mrs. Russell substituted for her. We hope there

will be no need of substitutes next week.

**Banking**  
Thrifty are we. Just come over and see. The banner this week was given to five rooms. Out of all that did seek. The 4A, 123.3 percent; the 1B-1A, 108.3; 6B, 104.2; 1B, 100; 5A-6A, 100 percent. The building average was 95.8 percent.

**Volley Ball**  
The Roosevelt girls' volleyball team is progressing very fast now. The girls have been playing with a basketball for the past week or so. Mrs. Jones has promised us a new volleyball. We will be very glad when we get it.

**Roosevelt Speed Ball**  
Roosevelt's speed ball team will go into action again on Saturday when we play Lincoln school. They have not lost a game yet. Last Saturday we were beaten by Washington, 12 to 6.

**Pupils Leaving**  
The pupils leaving Roosevelt school this week were: Wendell Goble, 5B; Max Goble, 3B; Ruth Goble, 1B; to Bakersfield, Calif.; William Springer, 5B; Julia Springer, 2A; to Butte Falls; Louisa Klump, 6A; Richard Klump, 5B; to Jackson school. We are all sorry they are leaving.

**Hallowe'en Frolic**  
On Friday evening the Roosevelt P. T. A. gave a Hallowe'en frolic. There were witches, goblins, and goops there. People played to see a lighthouse tragedy and a hypnotist. Punch and jelly were there too. The building was full of people. All the money taken in has not yet been reported. But it was a successful evening.

**New Books Catalogued**  
The books which were donated to the Roosevelt school have all been catalogued. The pupils who have been waiting eagerly to take them out were made happy this week when it was announced that all were ready.

## Junior High

**Reporter**, Lucian Clement.  
With Hallowe'en as the prevailing spirit, a very interesting assembly was presented by the Girls' League on Friday, November 1, 1929. The climax of the assembly was a clever Hallowe'en skit given by the Girls' League, with Evelyn Herman as the reader, Louise Eldred, Helen McCallister, Dorothy Burgess and LaMerle Beck, from Eve Benson's dancing academy, delighted the children and finally with a presentation of a modern tap dance.

**Banking**  
The assembly under Mr. Fitch banked 100 per cent this week. Other rooms banking 100 per cent were room 10, under Mr. Koese; room 2, under Mrs. MacCallister; room 6, under Mrs. Matheny; Room 5, under Miss Haldeman, banked 92.3 per cent; room 7, under Miss Bliss, 69 per cent; room 8, under Miss Wise, 59.2 per cent, and room 2, under Mr. Marshall, 68 per cent.

Less than sixty of the high schools of the state have been accredited so far, and most of these are the large high schools.

**Enrollment**  
The high school enrollment has reached 719, the largest in the history of the school. This is a fifteen percent increase over last year. Grades and high school combined have an enrollment of 405. QUALITY so fine that half the world doesn't realize that Buick is priced so low!

It is an impressive fact that men and women are buying from two to five times as many Buicks as any other car priced above \$1200. Moreover, during August and September, Buick monopolized its market to such a degree that it won 41% of the total sales of the 15 makes of cars in its price class. And yet this marked preference for Buick would be still greater if all motorists realized that they can buy six of the fourteen luxurious Buick body types for less than \$1300, f. o. b. factory.

These are Buicks through and through, embodying the full array of Buick quality features: Buick's new and surpassingly beautiful Bodies by Fisher; the famous Buick Valve-in-Head engine—most powerful engine of its size in the world; Buick's new Controlled Servo Enclosed Mechanical Brakes; the new Buick steering gear; new Road Shock Eliminator; and Buick's new, longer rear springs with Lovejoy Duoradial Shock Absorbers.
