BY GUS NEWBURY TO INTERMEDIATE TERM IN PRISON

If there was to be a memory test held in Medford, it is probable Gus Newbury, well known Medford attorney, would rank near the top if his memory is as good on general matters as it is in recounting happenings of other days. It was the other day at the court house that he recalled the different sheriffs Jackson county has had since he came here in 1881. He named them one by one, gave their party affiliations and the time of their service.

Nine of the sheriffs were Democrats, five were Republicans and two were Populists. The list he gave is as follows: William Bybee, Democrat, 1878-82; A. S. Jacobs, Democrat, 1882-88; E. W. Deane, Democrat, 1888-88; J. G. Brinsley, Republican, 1888-92; J. E. Pelton, Democrat, 1892-94; Sylvester Patterson, Populist, 1894-96; A. S. Barnes, Populist, 1896-98; J. M. Baker, Democrat, 1898-98; D. H. Jackson, Republican, 1898-98; W. A. Jones, Democrat, 1898-12; August Singler, Republican, 1912-14; W. H. Singler, Republican, 1914-16; Ralph Jennings, Democrat, 1916-17; Leslie Stansell, 1917-18; C. E. Terrill, Republican, 1918-22; Ralph Jennings, Democrat, 1922.

When James Brinsley was sheriff, recalled Mr. Newbury, the old county jail at Jacksonville was destroyed by fire and its five prisoners were suffocated by the smoke. Four of the prisoners had been proven guilty of the crimes with which they had been charged, but the fifth was regarded innocent and relatives sued the county for his death. But the matter, as far as he could remember, was finally settled out of court by County Judge Noll, grandfather of Mrs. Sybil Noll, now employed at the county clerk's office.

Florida produced \$2,000,000 bulbs this season, nearly 43 per cent of the total production of the United States.

When he entered a plea of guilty late yesterday afternoon in circuit court, Robert Ford, 23, arrested Saturday for the holding of 150 Guches in Medford this week before, was sentenced to the state penitentiary for a term not to exceed 15 years. Ford confessed that he held up Guches with his partner and made him drive out on Ross Lane, where they released Guches of approximately \$40.

The pair took Guches' car, went over to Klamath county, came back a day or two later, escaped from a police chase, abandoned the car east of Medford and separated. Ford was arrested on Main street by Chief of Police McCredie Saturday afternoon and was identified by Guches, who looked him over and listened to him talk while Ford was being questioned by the officers. After being in solitary confinement for two days, Ford made a confession.

Similar sentences are promised for all hold-up men who come before Circuit Judge Norton and will also be recommended by the district attorney's office, especially in the case where guns are used.

MEDFORD DADS VISITORS ON UNIVERSITY CAMPUS

UNIVERSITY OF OREGON, Eugene.—(Special)—R. B. Hammond, Medford, was elected a member of the executive committee of the Oregon Dads last Saturday at the Dad's day business meeting. Other fathers from Medford included Edward Gore, J. C. Moore, C. M. Morgan and P. J. Spaulding. During the day the dads visited their children on the campus, saw the football game with U. C. L. A. and gained an insight into university life.

PLAYS HUESTON. READY TO HANDLE CHRISTMAS RUSH

Tomorrow afternoon at one-thirty Walter Hueston, former open champion and one of the leading golfers of the world, will tee off at the local club in a special 18 hole match against Jack Huston of the Medford pro.

With fair weather predicted it is expected the largest golf gallery ever seen in Medford will follow this match. To further encourage attendance the admission fee has been reduced from \$1.50 to 81—admission open to the public whether members of the golf club or not.

Hueston has been playing sensational golf recently and by has many backers who have wagered that he will not only hold his own but defeat the "Great Hail". Whatever the outcome, it is certain the match will be a hard-fought one and some superfine golf will be shown.

This is Hagen's second appearance in Medford, and he is a great favorite with local golf fans. The match should be over by four o'clock.

SANDERS VISITS HOME IN TRAVELAIR PLANE

Harold Sanders, son of Mr. and Mrs. Fred C. Sanders of Medford, arrived at the Medford airport yesterday from Eugene in a small Travelair plane with two passengers and took off for Eugene at 10:30 this morning. He will spend Sunday and Monday at Grants Pass taking up passengers in a seven-place Travelair cabin plane. As soon as the new motor for Sanders' monoplane arrives his brother, Aubrey, will accompany him to Eugene, where he will take up the study of aviation.

ORCHARD SPRAY PIPES

Installation of the Hardie spray system in seven valley orchards is now under way by the E. R. White Machinery company. The spraying systems will be ready for testing within six weeks, and will be in operation soon thereafter. By the Hardie system the spray is piped through a main line and laterals to all sections of the orchard, from a central feed station. In this way, the weather, or other conditions do not delay the work. Connections are made for every block of 10 trees. The spray is pumped through the pipes with a power plant.

The orchards installing the systems are: A. Hensler, Holloway, Vilas, Hillcrest, Medford Pear company, Chester Fitch and Bagley Orchard company. These orchards have an acreage of 652 acres.

In the spring the spray system will be installed in the A. Feldenhimer tract.

MRS. FREDERICK OPENS MEDFORD BEAUTY SHOP

Mrs. Iva Frederick, new operator of the Medford Beauty Shop, greeted dozens of old friends and visitors Wednesday when the shop was officially opened after being completely redecorated throughout. Mrs. Frederick, who came here recently from Grants Pass, owned the beauty shop from 1918 to 1925 when she sold it to Mabel Poague. The shop presents a cheerful appearance with its attractively paneled walls, new curtains and additional equipment. Each beauty operator now has an individual booth. Visitors yesterday were presented with flowers.

LIGHT POST SUFFERS WHEN AUTOS CRASH

Damage of approximately \$40 was caused to a light post on Sixth street this morning as the result of an auto crash between a touring car, driven by Frank Tompkins and a truck operated by the Collyer Motor Sales company. Tompkins, who operates a fruit driver west of the city, is said to have crashed into the rear end of the truck, which struck the light post while turning over. This was the third post to suffer such treatment since the new Sixth Street lights were installed a few months ago.

CHRISTMAS SEAL SALE NOT INVOLVED IN CHEST

The tubercular Christmas Seal sale is not in any way identified with the Community Chest, according to an announcement made by the Jackson County Health association yesterday, to clear up a misunderstanding that has been prevalent locally. This Christmas Seal sale is a national thing, and the funds derived from it are used to carry on an active campaign against tuberculosis. With all the preliminary work now underway by the workers of the health department, the sale will start the day after Thanksgiving and continue on until Christmas.

GATES WILL ATTEND NATIONAL ROAD MEET

C. E. Gates will leave here tonight for San Antonio, Texas, to attend a three day meeting of the National Association of State Highway commissioners. Roy Glein, of Salem, state highway engineer, and Mr. McCullough, state bridge engineer, are other Oregon men who will be at the meeting. The party will be joined in San Francisco by Charles Purcell, state highway engineer of California, and Dr. Hughes of the Bureau of Public Roads.

TIME NOT OBJECT OF WASHINGTON VISITOR

The report appearing in a morning paper that Paul MacMillen of the Riche, Harbor Lane and Cement company of Washington was in southern Oregon to look over lime deposits was declared to be a mistake this afternoon by H. Callaghan of the Standard Products company. He stopped in Medford to visit Mr. Calouhan and was spending today fishing along the Rogue river. The two men are old friends of boom mining days in Spokane, Wash., and it was through Mr. Callaghan's invitation that Mr. and Mrs. MacMillen are here. They are not interested in local lime deposits, as they already have an unlimited supply.

Feeling Fine, Thank You!

This Suit Fits Me Perfectly and Is as Smart as Any Expensive Suit I Have Ever Worn!

Of course, I picked a style that suited my fancy . . . but the wide selection of shades and patterns on display at the J. C. Penney Store assures you exactly the choice you want.
