

ELECT PORTLAND MAN HEAD STATE AUTO CAMP BODY

H. M. Solvert of Portland was re-elected to the presidency of the Oregon Auto Camp association this morning as the final item of important business of the two-day convention which opened in the Merrick Auto camp auditorium yesterday morning. The convention closed this noon with the 50 or more delegates in attendance leaving by motor for their various homes throughout the state.

Clinton A. Ambrose, whose report of tourist travel and research on camp policies throughout the Pacific coast states during the past year, was one of the high-lights of yesterday's session. He was re-elected secretary-treasurer of the organization. J. H. Maassen of Medford, who served as a director in the association during the past year was elected vice-president, while F. E. Merrick, also of Medford was elected a director.

Other directors re-elected at this morning's session follow: George N. Battery of Portland, C. A. Gies of Salem, Edward N. Fehler of Portland and C. W. Lassen of Pendleton.

Definite action was taken yesterday afternoon, following the report of Mr. Ambrose, to co-operate with the auto camp associations of California and Washington in extending service and information regarding points of interest to travelers through the three states, in an effort to stimulate tourist travel.

That these three states will unite with the three other nearest states within the near future in a co-operative program of improving camp conditions and service, was the hope stressed by the speakers throughout the convention. Extension of service by including other camps in the association is contemplated for this year's program. To accomplish this a definite effort will be made to stimulate a raising of standards, improvement of sanitation and accommodations in the various camps throughout the states.

The association members and their wives enjoyed a dinner dance at Rogue Elk beginning at 7 o'clock last night, as the only feature of entertainment during the convention.

Corvallis was voted the convention city for next year, the date to be fixed by the state board of directors. Resolutions expressing thanks to the Medford camp owners for their efforts in the role of hosts, as well as to the people of Medford in general for their hospitality were passed as the final business of the meeting.

NEW OFFICERS APPOINTED FOR LOCAL COMPANY

The Headquarters company of Medford, Oregon has, after a period of study and examinations on the part of the enlisted personnel made the following changes in the non-commissioned staff.

To be staff sergeant, James Grigsby.

To be acting first sergeant, Clyde Richmond.

To be signal sergeant, Clifford Hubbard.

To be supply sergeant, Glenn Laddley.

To be sergeant mechanic, Henry Vandermark.

To be corporal section chief, Byron Turner.

To be corporal wire chief, Warren Conrad.

To be corporal mechanic, Vern Newton.

To be specialist 5th class, Edwin Stanwood.

To be operator 1st class, John Younza.

To be operator 2nd class, Everett Anthon.

It will be noted that the non-commissioned personnel are all men with good standing in the city of Medford and close by towns. Phoenix, Talent, Central Point and Willow Springs are also represented.

The #6 & 8 engine which was formerly used by the American Legion, is now property of the headquarters company and will be used as a reconnaissance car and command post for battalion staff. It will be specially equipped to handle communications sections of the company under normal conditions.

HOOVER'S MOTHER AND FATHER

Hilda Minthorne Hoover and Jesse Clark Hoover, mother and father of Herbert Hoover, from an old tin type. Jesse Hoover died when Herbert was six and his wife four years later.

CITY OFFICIALS IN IDAHO HELD AS BOOTLEGGERS

MULLAN, Idaho, Nov. 13.—(AP) Officials of this mountain locked mining town started today to controvert a federal grand jury's charges that their special tax levy was in effect a license for liquor sellers.

Mayor Arthur J. Harwood, together with Sheriff R. L. Weniger, of Shoshone county, a deputy, a group of Mullan councilmen and several prominent business men were indicted by the grand jury at Moscow on liquor conspiracy charges. Forty-four secret indictments, said U. S. District Attorney Hoyt E. Ray, were returned in this case.

Mayor Harwood, speaking for Mullan officials, said the town was faced by a serious financial deficit, and in order to bolster the treasury a special tax ordinance, assessing business houses from \$6 to \$60 per year in addition to the regular taxes was passed. Soft drink establishments were charged \$25 a month.

The fact that a number of liquor law convictions resulted from raids on the soft drink parlors, Harwood asserted, must have been interpreted by federal officers that the city was protecting bootlegging.

District Attorney Ray, while refusing to disclose the evidence upon which the indictments were returned, hailed the work of the grand jury as the "greatest step forward ever taken in the history of Idaho to break up a rum ring which for 11 years has defied the efforts of federal officials to enforce the 18th amendment."

Contract awarded for resurfacing five and one-half mile stretch of Roosevelt highway between Sixes river and Port Orford.

NEW YORK FURRIER HELD FOR RANSOM FREED BY CAPTORS

TIEN-TSIN, China, Nov. 13.—(AP) Aaron Brenner, New York furrier, arrived here today after nearly a week's captivity in the hands of kidnapers, believed to be Russians. He was in a highly nervous condition and unable to give a coherent account of what had happened to him.

A telephone message was received after he arrived at his home to the effect that "there are 20 of us" and that they would get revenge if his "promise is not kept."

It was believed the "promise" was to pay the ransom demand which finally was reduced to \$50,000, since Joseph Brenner, brother of the furrier, denied any ransom had been paid to secure his release.

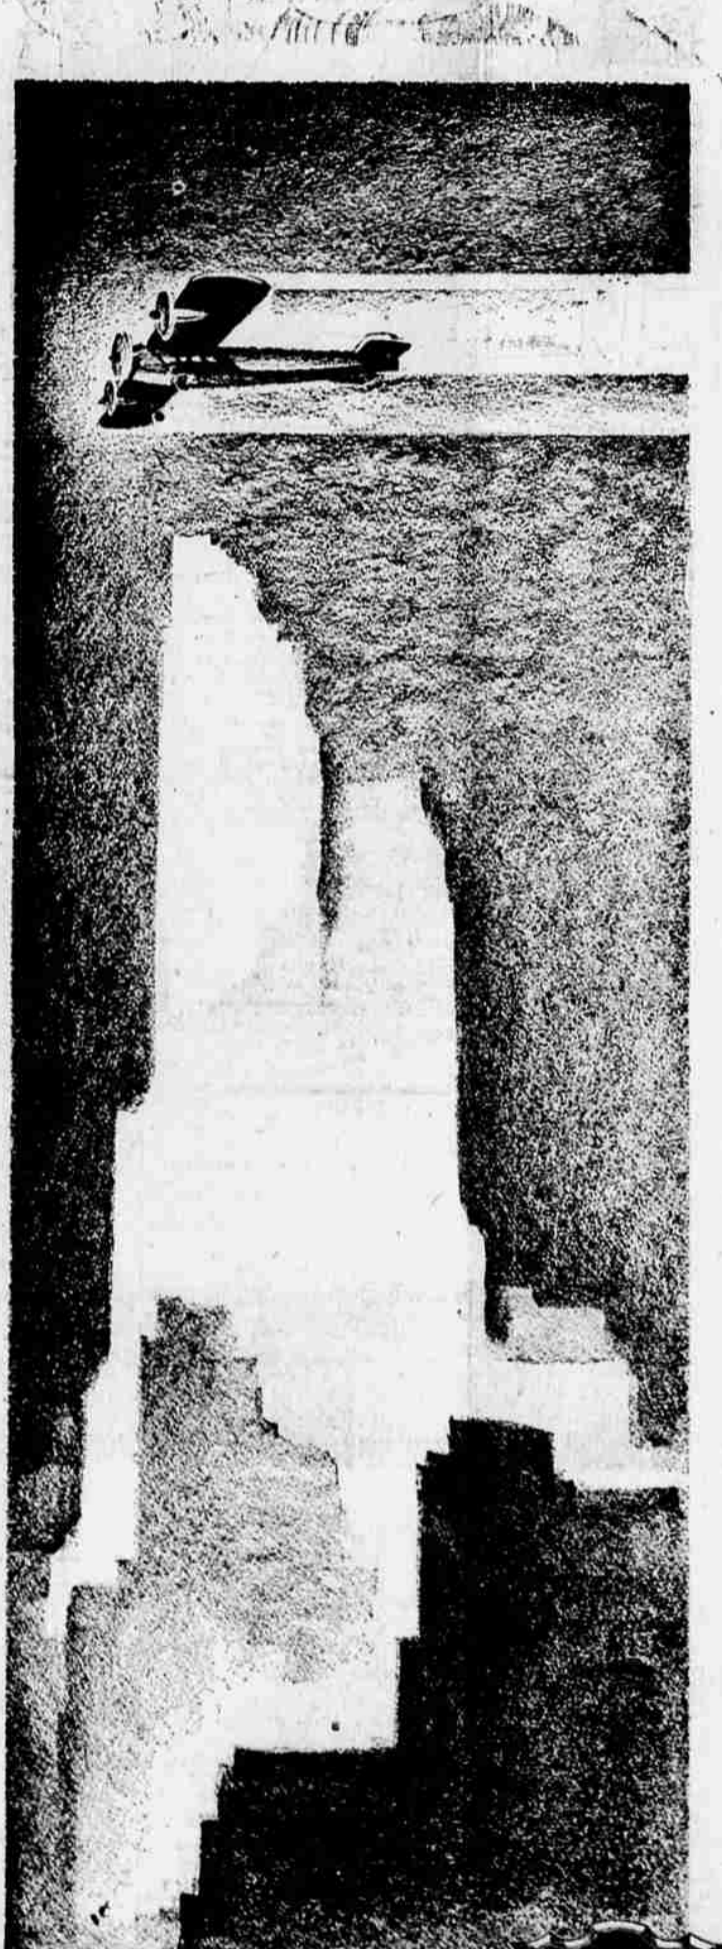

Police were said to be aware of the identity of the kidnapers, and to have located three of them in the Chinese district adjoining the English concession. A raid was planned for this morning. It was believed the gang became frightened at the closeness of the police investigation, and permitted the captive to escape.

BETTER HEALTH—LONGER LIFE

Her life clouded with pain, back-ache, stiff aching joints, constantly too tired, and plagued with urinary irregularities, Mrs. J. E. Stevenson, Emporia, Kansas, finally rid herself of torment by taking Foley's Pills. "Nearly every day someone asks me what I took that helped me when I was so crippled up and miserable. I tell them gladly how Foley's Pills diuretic eased my pains and lifted the clouds from my life." Reliable, satisfactory, guaranteed. Try them. For sale by Jarmine & Woods Drug Store, cor. Main and Central.

The Great Air Lines of the West

use
RICHFIELD
Exclusively

- WESTERN AIR EXPRESS
- MADDUX AIR LINES
- T. A. T. (Western Division)
- STANDARD AIR LINES
- MID-CONTINENT AIR EXPRESS

Every major commercial air line in the Western United States, catering to passenger transportation business, is included in this group—ALL use Richfield exclusively!

THESE great air lines depend on Richfield Gasoline to carry them safely through ever-changing flying conditions—through rain and snow, in blistering desert heat—jumping from sea level to hurdle mountain peaks at altitudes of more than 12,000 feet. Without exception, they have found the famous "Gasoline of Power" more than satisfactory in meeting the grueling demands of day-in and day-out flying service.

Western Air Express service, with its record of 99.6% performance, extends throughout the West and as far east as Kansas City while Maddux—another name prominently identified with aviation progress—operates on regular schedule throughout the Southwest with terminals at Los Angeles, San Francisco and Agua Caliente.

Transcontinental Air Transport—a national factor in the field of air transportation—is famous for the character of its equipment and personnel, its service facilities and its record performance. Standard Air Lines and Mid-Continent Air Express, operating throughout Western territory, are also doing their part in building the prestige of Western Aviation.

The same painstaking care used in producing a fuel to meet the exacting requirements of air service—where power, speed and dependability are absolutely vital—is employed in manufacturing the Richfield Gasoline offered you at every Richfield station. Richfield is noticeably better—a more satisfactory and efficient gasoline under all motoring conditions. Try it in your own car today.

Famous Flights Made With Richfield

- NORTH POLE FLIGHT. Captain Wilkins' 2300-mile flight over the North Pole in April 1928... the only time this feat has been accomplished.
- TRANSCONTINENTAL NON-STOP RECORD... WEST TO EAST. Made by Art Goebel, in August 1928... breaking the previous record by 7 hours and 52 minutes.
- 1928 NATIONAL AIR DERBY. Four of the six major events of this famous air derby were won with Richfield... the greatest competitive air record ever credited to any gasoline.
- TRANSCONTINENTAL NON-STOP RECORD... EAST TO WEST. Made by Captain C. B. D. Collyer, in October 1928... shattering the Army record that had stood since 1923.
- QUESTION MARK FLIGHT. Made by the U. S. Army in January 1929. First of the great endurance achievements, breaking all previous distance and duration records.
- WOMEN'S ENDURANCE RECORD. Made by Bobbie Trout in January 1929 and broken again by the same flyer in February... with Richfield Gasoline used in both flights.
- SOLO ENDURANCE FLIGHT. Made by Herbert J. Fahy in May 1929. Time 36 hours 56 minutes 36 seconds.
- ANGELNO ENDURANCE FLIGHT. Made by Mendel and Reinhart in July 1929. Shattered all previous records for sustained flight by more than three days.
- 1929 NATIONAL AIR DERBY. The Oakland to Cleveland Race... and 9 closed course events in the Cleveland Air Races... were won with Richfield Gasoline.

RICHFIELD

ROCKY AREA HIT BY ZERO WEATHER

DENVER, Colo., Nov. 13.—(AP)—Excessive cold and heavy snows in the past few days in the Rocky Mountain region caused one death, aroused fears for the safety of several persons and gave rise to some apprehension for the sugar beet harvest.

The coldest temperature was an official report yesterday from the Gallatin Canyon near Bozeman, Mont., where the thermometer registered 39 degrees below zero. A five-inch snowfall accompanied the cold. Temperatures generally in Colorado, Wyoming and Montana were only slightly above zero.

Alfred Salazar, 17, was the only victim of the storm so far as is known. He and two companions set out last week to gather wood in the Sangre de Cristo range, southwest of Pueblo, Colo. A sudden snowstorm caused a team used by the boys to break away, leaving the youths to foot their way to Haven. Salazar died in the arms of one of his companions.

Will Rogers Coming to Fox Craterian

"They Had to See Paris" is Will Rogers' first all-talking picture, and Medford show-goers will have an opportunity to see and hear this splendid show tomorrow when it opens at the Craterian for a three days' run.

The story deals with the sudden rise to wealth of an Oklahoma family when an oil well comes in a gusher, and their desire to see Paris individually and collectively.

The role of Pike Peters, who becomes a millionaire over night, is enacted by Will Rogers, the best known personality in the United States. Irene Rich portrays his wife.

ONE DOSE SHOWS RESULTS

Gallstone pain yields to Fruitola

For over twenty years FRUITOLA has brought remarkable relief to sufferers from gallstone pains, stomach distress, tightness around the waist and other similar ailments. Many people say their pain stopped after the first dose of FRUITOLA. That's the wonderful thing about FRUITOLA—it acts so quickly. No other medicine can do the same today as it always has been and if you try it you too may save yourself from a possible operation. One dose shows results. For sale, recommended and guaranteed by Magill Drug Co. and other leading druggists.

HENRY FRENCH IS ELECTED DIRECTOR

EAGLE POINT, Ore., Nov. 12.—(Special.)—With the largest number of votes ever cast, Henry French was elected director of the Eagle Point Irrigation district in the election at the old Cowden ranch yesterday. French received 70 votes, while 42 ballots were cast for Elmer Robinson.

SALEM WANTS A STATE MUSEUM

SALEM, Ore., Nov. 13.—(AP)—A state museum, to be organized and sponsored by the Salem Arts league and located in rooms set apart in one of the state buildings in Salem, is proposed in a letter from the Arts league to the state board of control. The letter is signed by Mrs. Florence B. Cartwright, president, and Ruth Marie Brauti, art director of the league.

Secretary of State Hal E. Hess, to whom the letter has been handed by Secretary Carlie Abrams of the state board, is favorable to the proposal.

Cook county, Georgia, decreased its schools from 39 to 11 in less than a decade, replacing old buildings with consolidated schools.
