The old Southern Pacific roundhouse is being dismantled this week and will be razed to the ground. The news is of sentimental interest to old railroaders of Grants Pass, who remember when it was one of the busiest centers of railroad activity in this section of southern Oregon and northern California.

The apertures, on which one man could turn a heavy locomotive, will remain for the present as a last relic of the former railroad greatness of Grants Pass. When the railroad first was put through in the early 80's, the machine shops and a six-stall roundhouse was put up. At one time as high as 35 men, helpers and relief crews, worked out of it. It is now the rendezvous for wrecking crews for this section of the country, until these were moved to Roseburg and Ashland.—Grants Pass Courier.

GROWTH IS REPORTED BY ASHLAND SCHOOLS

The Ashland school system has an increased enrollment of pupils over last year, according to figures announced yesterday. At the end of October, this year, there were 1177 students enrolled in the four Ashland schools, compared with 1077 last year. A good many students are transported to the Ashland district, including a delegation from the Siskiyou mountain section. Several improvements are being made at the school buildings, including a new playshed at the Lincoln school.

ASHLAND DRIVE FOR RED CROSS TO OPEN

The annual Red Cross membership drive will begin in Ashland next Tuesday and will be underwritten by members of the Rotary, Kiwanis and Lithia clubs of that city, under the direction of Lev Hansen. The Ashland drive last year resulted in an amount something over \$500, and this year is expected to be doubled. Fifty cents of every membership, whether one dollar, five dollars, or more, goes in the home office and the remainder is retained for local distribution. In Medford the Red Cross drive is included in the present Community Chest campaign now underway.

Stomach Disorders First Revealed by Coated Tongue

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system and physicians say that 90% of all sickness starts with stomach and bowel trouble.

A coated tongue is a danger signal of those digestive disorders which lead to so many kinds of serious illness. It tells why you have pain in the bowels, gas, sour stomach, dizzy spells.

Coating on the tongue is a sign that you need Tangle—the medicine which has helped thousands who were physical wrecks from stomach and bowel troubles—who had "tried everything" in vain and about given up hope.

Tangle contains no mineral drugs; it is made of herbs, roots and roots. Get a bottle from your druggist today. Your money back if it doesn't help you.
