Hawaiians Due in Portland Today for Saturday Game With Oregonians—Frost Bite Is Feared By Physical Director.

PORTLAND, Ore., Nov. 21.—(AP)—The University of Hawaii football team arrived here today after a 2800-mile journey from its fortress in the mid-Pacific. Two days of practice lay in store for the invading islanders before engaging the Multnomah stadium field Saturday.

The Hawaiian gridgers made two stops en route here from Honolulu, one at Berkeley Tuesday and the other at Ashland, Ore., yesterday. An intensive practice session was held at Ashland by Coach Otto Klum, a former resident of that town. The Hawaiians breezed through 45 minutes of mock scrimmage, the squad having been divided into two teams, and later signal drills saw the regulars parade up and down the field.

Eight native Hawaiians, a Japanese, an American negro from Cheney, Wyo., and a white student, Noel Howell, of Honolulu, compose the proposed starting line-up as announced by the Hawaiian mentor. It includes Nobriza twins, Ted and Arthur, and Captain Rusty Holt, ace ball toter. The latter is the triple threat menace from the mid-Pacific gridiron fortress, and he astonished spectators who watched him yesterday with his excellent passing, kicking and running.

Fear Frost Bite
Dr. R. B. Faus, physical director of the island university, who accompanied the Hawaiian eleven on its long journey, did not appear overly satisfied with the Oregon weather. "I fear I shall have more trouble with frost bite than gridiron injuries," he declared.

The weather here has been unusually warm for this season, however, and Coach Klum and Manager Chasley P. Enshallow were more optimistic. "The weather won't bother us if it stays like this," Klum declared. The University of Oregon team will leave Eugene Friday, arriving here the same day in time for a light workout on Multnomah field.

DIP WHITE FISH FROM EASTERN ORE. CREEK

White fish are reported to be running in Trapper creek in Deschutes county in such large numbers that it is possible to dip them from the stream with nets, according to reports made to the state game commission. Several reports condemning such methods of catching these fish have been made to Harold Clifford, state game warden. There is no law protecting the white fish and as they are of the type of the finny tribe not greatly desired in Oregon waters, the word has gone out for fishermen to dip up all they want, as long as they do not make the mistake of catching protected trout.

If you are NOT yourself

Are you being denied the happiness that is due you in life?
It is easy to abuse our golden life-given body, but Nature has a way of signaling danger. If heeded, graver troubles may be avoided. That tired, exhausted feeling, lack of appetite, aches and pains, flabby flesh, skin troubles—all speak of a body weakness—a lack of the normal count of red-blood-cells.
Every normal person's blood should contain about 5,000,000 red corpuscles to the cubic millimeter—those vitalizing, tiny red-cells which give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red blood count remain below normal.
With an increase in the red-blood-cells, you will be on the right road to Health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.
S.S.S. has been a blessing to millions of people. It helps Nature increase the red-blood-cells. It promotes healthy body building. It is time-tested and has a successful record of over 100 years back of it.
You owe it to yourself to try S.S.S. It is easily assimilated. Pleasant to take. It is on sale at all drug stores in two sizes. Ask for the larger size. It is more economical.

CRIMSON READY TO BATTLE BLUE—AND BOOTH

Here are some of the Harvard stars who will attempt to stop little Albie Booth when the Crimson meets Yale at Cambridge November 23.

Golfer Achieves Hole in One By Earthquake Aid

BELMONT, Mass., Nov. 21.—(AP)—James Cash, Jr., of Omaha, student at the Harvard law school, is quite a golfer. Would an unwanted disturbance hamper his game? Well, an earthquake, the only one he has played in, improved it. Just after he whopped the ball from the tee of a par three hole at Belmont Springs there came an earth tremor. Cash found his ball in the cup.

In addition to these there was a release of 1843 Hungarian partridges in the counties of eastern Oregon. Wild turkeys released numbered 356, guinea fowl 327 and golden pheasants 60.

MORRIS STAUNCH BELIEVER IN GENE

Southern Oregon thinks so much of Gene O'Grady, the Ashland light-heavy, that W. E. (Shorty) Morris of the Medford boxing commission and Jim Gray came all the way to Portland to see O'Grady's Portland debut in the armory fights. Mr. Gray is a "retired agriculturalist," as Morris calls him, but boxing Commissioner Morris refers to himself as "dirt farmer of the old school."

RIVAL CAPTAINS NOT STRANGERS

CHICAGO, Nov. 21.—(AP)—The University of Washington and Chicago football teams have not met before, and the rival captains, Paul Jessup of the Huskies, and Pat Kelly of Chicago, came from different parts of the country, but Saturday's game at Stagg field will not be their first meeting.
Jessup who lives in Bellingham, Wash., and Kelly, a Chicago youth, conditioned themselves for football last summer, "mucking" in the same lead-silver mine at Mullen, Idaho. They will not be directly opposed Saturday, however, Kelly being an end, and Jessup being stationed at center, although he has played at tackle heretofore.

Mentor Embraces Mexican Players Before Kickoff

MEXICO CITY, Nov. 21.—(AP)—What will the rock 'em and sock 'em boys of Yale football teams of yore think? Coach Stevens better not try it in the Harvard stadium, Mississippi won.

Yale Attack Depends On Educated Toe of Tiny Scorer, Is View—Harvard Points Defense Against Running Attack.

NEW YORK, Nov. 21.—(AP)—With the climax of the 1929 football season coming Saturday for half a dozen of the most important eastern eleven, hard work has all but been finished for the week.
The big question all along the Atlantic seaboard is whether Albie Booth will be able to lead Yale's attack in the Harvard stadium, and if so, for how long a period. The tiny minute man of the Elis appeared in uniform at the practice field in New Haven yesterday, but merely tried his hand at forward passing and spun a few drop kicks at the bar. He is the only one of the leading eastern scorers with a field goal to his credit this season, and has yet to miss a goal from touch-down in a major game.

Selection of East-West Opponents For Rose Bowl Claiming Interest

By Paul B. Zimmerman, Associated Press Sports Writer. PARADISE, Cal., Nov. 21.—(AP)—While those who have the say-so mark time, awaiting the outcome of Saturday's important gridiron battles, the unofficial selection of the eastern and western candidates for the Annual Tournament of Roses classic here New Year's day goes on at an increased pace.
Prevailing opinion marks the Golden Bears of the University of California at Berkeley as the most probably western representative, but only the outcome of the big game with Stanford this week and definitely will answer the question of whether Coach Clarence "Ned" Price's aggregation will be in a receptive mood for such an invitation.

By the process of elimination, the potential possibilities in the eastern section should also be well defined by the time the smoke of battle has cleared away, with Notre Dame and Pittsburg most prominently mentioned.
Only a decisive beating at the hands of Coach Glenn "Pop" Warner's Cardinals, those close to the situation say, could eliminate the Bears, who have yet to be defeated. St. Mary's college, with its goal line increased this year, presently awaits such a chance.
Sentiment favors Coach Knute Rockne's Hoosiers, but there are two good sized hurdles in the path of the Ramblers in Northwestern and Army.

Vere Windnagle, assistant principal, who has been negotiating for the contest, announced this morning.

Camel has the quality that smokers depend upon

It is all right to experiment but a pity to spend too much time experimenting when you might be enjoying the fragrant pleasure of smoking Camels.

It has been the experience of many smokers, after trying other brands, that Camels give constant and unfailing pleasure. Their mildness, due to choice tobaccos and expert blending, makes it possible to smoke them liberally without any tiring of the taste. This quality, which smokers have learned to depend upon, will be maintained, because Camels are made for those who know and appreciate the real pleasure of smoking.

when they learn the difference they flock to Camels
