HAVE you an indifference or loathing for food, or do you really enjoy mealtime?

Fads and fancies come and go.
We must be reasonable. You can't afford to wreck your body by "killing" an appetite given you by Nature to nourish your body.

You must really enjoy your meals and assimilate them to restore the waste of the body. Don't expect a strong, sturdy body and a keen mind to carry on if you do not enjoy your food. It just can't be done. Friends, happiness and business success may depend on a keen appetite. Many thousands have turned to S.S.S. when the appetite signaled danger. It is a time-tested remedy... purely vegetable. Easy to assimilate. Pleasant to take. It will do much to restore the
