

ELEVEN DIE AS BOREAS GRIPS EAST

Middle West Shivers in Lowest November Temperatures—Much Suffering Reported—Lake Traffic Halted—Break in Cold Predicted Before Nightfall.

CHICAGO, Nov. 30.—(AP)—Bitter cold, made worse by a penetrating northeast wind, set new November sub-zero marks throughout the middle west today.

Eleven deaths were attributed to the cold. Thousands of cases of dehydration and suffering required attention. Business and traffic were paralyzed. Lake shipping, with cargoes worth millions, huddled in the seclusion of harbors, facing the prospect of becoming ice-locked for the winter.

In the Chicago area, temperatures of eight below zero were recorded in many places. Sub-zero was the rule rather than the exception throughout the middle west. In many places, especially in the Great Lakes region, the wind carried snow, although the fall was generally light.

Seven deaths in Chicago were blamed on the extreme cold. There were two deaths in Ohio, one in Wisconsin and one in Indiana.

Several points in the northwest where temperatures in the minus 20's were reported yesterday, had experienced a modulation today, although the territory remained much colder than is usual at this time of the year.

Between 2,000 and 3,000 destitute Chicago families received emergency aid from Chicago charities. Special police orders were issued calling upon policemen to make careful and regular inspection of alleys into which cold and friendly derelicts often drift and sometimes die. Police stations were crowded with the homeless.

The United Charities of Chicago stated that requests for help yesterday and last night were 50 per cent greater than at any time last winter.

With the temperature standing at the lowest point it ever has reached at this season since the establishment of the weather bureau, there was issued an official promise of a break in the cold wave before nightfall.

Air-Mail Continues. Air-mail service was maintained despite the cold. One pilot, Ralph Van Doorn, brought two passengers to Chicago from Cleveland, O., in an open plane. His face and hands were frozen and he needed help to release the controls of his ship. His passengers were somewhat sheltered, but suffered severely from the cold.

NEW YORK, Nov. 30.—(AP)—The entire east, for the first time this season, was in the grip of sub-freezing temperatures today.

In New York City, the thermometer dropped to 29 degrees below zero last night, the coldest of the season. A 35-mile biting north-west wind added to the discomfort and lodging houses patronized by the unemployed were jammed to capacity.

One death was recorded, a woman in Staten Island freezing to death in her back yard after she apparently had fainted while taking out some ashes.

CLEVELAND, Nov. 30.—(AP)—Ohio's worst November blizzard in 40 years raging for the past two days, today had claimed a no-lives. Temperatures at various parts of the state ranged from six degrees below zero to six degrees above. Slight relief was in prospect for tomorrow, but the weather bureau said tomorrow night and Monday would be colder.

Among the dead were several who were frozen to death and others who lost their lives when houses caught fire from overheated stoves.

DEFINES PUBLIC DANCES (Continued from Page One) been advertised as a public one for which tickets were sold, then had Mrs. Barto called to the phone and instructed her to withdraw from the Elks building.

Since that time he had been told that it was advertised as a public dance and that admission was charged, and was not an exclusive lodge affair. He therefore brought the matter up before the council last night for that body to make a ruling on. Most of the councilmen are members of the Elks lodge.

During the discussion the councilmen and mayor declared that the city officials did not desire to interfere with any organization's private dances held in that organization's own building, etc., but that the ordinance creating a dance patron was a good and needed measure as applied to promiscuous public dances.

Any dance advertised as open to the general public and for which tickets are sold is a public dance, the city officials decided, and must be attended by the dance patron.

The council also discussed Mrs. Barto's request for a raise in pay, or to be put on a city salary of \$100 a month, as she thinks \$250 a dance is not sufficient remunera-

Corbett Unworried By Threat of Kayo In Monday Night's Melee

If Kid Dennis, Denver colored fighter, has his way, Tom Corbett, tow-headed Sacramento scrapper, will be knocked out before the sixth round of the ten round main event the boys will fight at the armory next Monday night under the promotion of Tex Hickerstaff.

Tom Corbett

Corbett has arranged a good supporting card of fighters to arrive in Medford tomorrow from Washington with his manager, Gus West. Dennis is anxious to show southern Oregon fans he is a headliner and that the knockout given him by Gene O'Grady was an accident.

The colored boy has won 19 of his fights by the knockout route and plans to make Corbett his toughest foe yet. However, Corbett won his fight here last week with K. O. White, reputed to be a Chicago headliner, after ten hard rounds with a victory over White to his credit, he is not letting Dennis worry him.

The semi-windup will present two boys who have fought here before when Toddy Miste of Klamath Falls and Joe Martinez of Sacramento will mix it for six rounds. Both boys are fast and their encounter is expected to be almost as interesting as the main event. There will also be two preliminaries, one of which will present Tex Porter of Medford in a four round event.

HEAVY LINE WILL HALT TROJAN FOE IS COUGAR HOPE

LOS ANGELES, Nov. 30.—(AP)—With each eleven seeking to eliminate the other from a five-concerned tie for the Pacific Coast football leadership, the Cougars of Washington State will clash with the great aggregation from the University of Southern California here today in a contest which marks the close of the 1929 conference season.

Despite possibility of a warm weather handicap, Coach Orin "Babe" Hollingberry was optimistic over the outcome of the clash, depending on his heavy line to halt the Trojan running attack.

The U. S. C. aggregation was predicted to concentrate on the great Eimer Schwartz, chief ball juggler of the Cougars, who is the leading scorer of the circuit. An array of passes is in store for the Trojans, should their line play well. The game is called for 2 p. m.

QUESTION STATUS WASHINGTON HIGH GRIDIRON PLAYER

HOOD RIVER, Ore., Nov. 30.—(AP)—J. L. Breckenridge, superintendent of Hood River city schools, today filed a protest with R. E. Cannon, secretary of the state high school athletic association, in which he declared Willard Jarvis a member of the Washington high school football team of Portland as ineligible to play.

Jarvis, according to Breckenridge, who is a member of the board of control of district No. 2 of the athletic board, was a regular high school attendant at Hood River and his parents reside in Pine Grove district.

According to the letter sent N. C. Thorne, assistant superintendent of Portland city schools, Jarvis had attended the Hood River school three years and would have been a senior this year.

Breckenridge alleged Jarvis ineligible because he has not had a semester's credit and because his parents are not bona fide residents of the district in which Washington high school is located.

Thirty (30) days after such delinquency the property will be advertised and sold for the amount of such delinquency together with penalties and costs of such sale, in accordance with Section 148 of the City Charter.

Dated at Medford, Oregon, this 30th day of November, 1929. H. J. BERRIAN, Treasurer of the City of Medford, Oregon.

YOUNG IOWAN BEATS BASQUE IN TEN ROUNDS

Close Decision Favors Griffith in Bitter Battle—American Demonstrates Ability to Absorb Blows—Paulino Angry.

CHICAGO, Nov. 30.—(AP)—The standing of Gerald Ambrose Griffith of Sioux City, Ia., among the heavyweights ranked as possibilities for the title vacated on the retirement of Gene Tunney, today was a notch higher—by the margin of a close decision victory over Paulino Uzcudun, the stubborn, rugged basque.

The youthful Iowan, giving away 14 1/2 pounds to a more experienced opponent, won the decision of the referee and one judge at the Chicago stadium last night after 10 bitterly waged rounds of fighting. The remaining judge called the fight a draw. Griffith's edge over the Spaniard was not so great, but he demonstrated he could take as much as the Basque.

The crowd of more than 11,000 persons received the verdict with mixed feeling, a liberal number of boos sounding among the cheerers for the American, who was the crowd favorite throughout.

Paulino was amazed and angry at the decision, saying he believed he had won easily. He criticized the referee Dave Miller, claiming the official had refused to let him stay in close.

The knockout career of Salvatore Ruggiero, Italian giant, was halted by Hein Mueller, recent German invader, who outboxed his huge opponent to gain a 10-round decision, in the semi-final bout.

CONNECTICUT PRO HAS SLIGHT LEAD IN BERKELEY OPEN

BERKELEY, Cal., Nov. 30.—(AP)—A field of 44 contestants faced the last 24 holes of play in the \$200 Berkeley open golf championship today, before the winner of the first major northern California competition will be ascertained.

Billy Burke of Westport, Conn., started the day holding a precarious one-stroke lead over the remainder of the field. He turned in a brilliant 59, one under par yesterday, which, coupled with his 71 for the first round, gave him a total of 140.

One stroke behind Burke came Johnny Perell, professional from the Feather River Inn, California, and Abe Espinosa, Chicago, each tied for second place with cards of 141.

The winner of the tournament will be decided on the basis of medal play.

Pop Warner's Scoring System For Gridiron Tried Out Before Coaches

NEW YORK, Nov. 30.—(AP)—Football officials and coaches assembled in New York for the Notre Dame-Army game were reluctant to comment to any great extent today upon the merits of the new Pop Warner scoring system, tried out here yesterday in a game between Brooklyn city college and Long Island university.

Eliminating the point after touchdown and counting each first down as one point, Long Island defeated Brooklyn City by 22 to 11 to win the championship of the New York Metropolitan conference, but the result would have been no different under the old rules. Long Island scored two touchdowns to one for Brooklyn City.

Another feature of the Warner system is that, at the start of the second half, the ball is played from the spot where it rested at the close of the first. With Long Island leading by 18 to 11, Brooklyn City got a big break through this innovation as the first half closed with the ball in Brooklyn's possession on Long Island's 3-yard line. The Brooklyn eleven failed, however, to cash in on the break.

Most of the coaches who saw the game voiced their approval of this particular feature—the playing of one game of 60 minutes, rather than what in effect is two games of 30 minutes apiece.
