### EXPERIENCE WITH R. R. BANDIT TOLD BY MRS. CHANEY

Mrs. Newton C. Chaney, who returned last week from a trip to Indianapolis where she attended a national meeting of American Legion Auxiliary department presidents, lost six dollars in cash in the holdup of the Portland limited train in Wyoming, near Cheyenne.

In telling of her experience today, Mrs. Chaney said she was standing in the aisle of the car, preparing to leave the train at Cheyenne, when she suddenly felt the car leave the tracks and apparently begin to turn on its side. There were only ten passengers in the coach and they quickly fled out, thinking they were in the midst of a serious wreck, only to learn later it was a part of a hold-up scheme.

Mrs. Chaney and another woman managed to slip out in the darkness and thought they were safe from the highwayman. However, he came onto them, after robbing the rest of the passengers, and demanded their money, most of which had been hidden in the bottom of their shoes. After taking a small amount of change and currency, the highwayman strolled away, after telling his victims that he had attempted to obtain employment with the railroad but was refused. He claimed he had a family and needed the money.

### Oregon Record Breaker

Viola's Rinda Fancy.

INDEPENDENCE, Ore. — Producing 936.56 lbs. of butterfat and 12,138 lbs. of milk during a 365-day official test, Viola's Rinda Fancy, purchased Jersey heifer owned by M. N. Tibbles of Independence, Ore., has achieved the honor of making the highest senior 2-year-old butterfat production record of the Jersey breed. Her butterfat yield, more than 86 lbs. above the previous world record, is greater than her own weight of 925 pounds.

Twenty-five supervisors from three different states, Oregon, Washington and Idaho, supervised her test. For five months she produced more than 80 lbs. of butterfat per month and during her best month she yielded 85.79 lbs. of butterfat. Viola's Rinda Fancy was started on this test at the age of 2 years and 10 months and her total yield for the year is the equivalent of 1471 lbs. of butter and 5924 quarts of milk.

Records kept by Mr. Tibbles show that the feed consumed by Viola's Rinda Fancy while on test cost \$297, while income from the sale of butterfat during this period totaled \$492, making a net profit of \$285 above feed cost during the year. In addition to this profit, Mr. Tibbles received a good price for Viola's Rinda Fancy's bull calf sold at six weeks of age.

Viola's Rinda Fancy was bred by H. S. Portwood of Monmouth, Oregon, and sold to Mr. Tibbles a few weeks before she was started on test. She was sired by Rinda Lad's Golden Boy, and through his sire, Rinda Lad of S. B., one of the eight medal of merit bulls of the Jersey breed, received a rich heritage of high production. Her dam, St. Mawes Lad's Viola, is a daughter of another famous Jersey bull, St. Mawes Lad, and is at the present time on official test in the herd of S. J. McKee of Independence, Oregon.

Give the children more of Mother's Time

Because of the work of men who make electrical appliances, mothers have more time than ever before to give to the youngsters.

You rarely hear "Mother's too busy — don't bother Mother now" in homes where electric refrigerators and cooking appliances speed up the preparation of meals — where electric vacuum cleaners, sewing machines, dish-washers save time from old tread-mill tasks — where electric washing machines and ironers make quick work of the family laundry.

Westinghouse has developed all types, sizes and ratings of motors for makers of home appliances.

DIAMOND'S STORE  
IS REDECORATED

BELLVIEW DAIRY  
PROPERTY SOLD

Artistic and beautiful in every detail, Fay E. Diamond's remodeled jewelry store will be formally opened tomorrow, Wednesday, so that its friends and patrons may inspect the newly decorated interior and the Christmas merchandise which is on display.

The front windows have been completely refinished with mahogany woodwork and a rich brown velvet curtain makes an effective background for the jewelry and other articles being shown this week.

An Oriental decorative motif has been carried out by using Chinese wall panels in pastel colors. A Chinese blue ceiling and antique beams add to the general attractiveness of the store. Crystal chandeliers are lovely features of the interior. All of the painting was done by Grinstead and Runtz, who have been responsible for the improved appearance of numerous other local business houses.

An entirely new stock of jewelry, novelty jewelry, bags, and other appropriate suggestions for Christmas gifts has been secured by Mr. Diamond for the opening event.

Flowers will be given to visitors Wednesday, and music will be featured. From 7 o'clock tomorrow morning until the hour for closing after the big Christmas opening, Mrs. Dorothy Lawson, who assists her father in the store, will be on hand to greet visitors and explain their special "lay-away" Christmas plan.

Burns. — Contract awarded for landscaping offices and mill properties of Hines Lumber company.

BELLVIEW, Ore., Dec. 3.—(Special.)—C. W. Lyman has sold his dairy ranch to J. C. Glacy and four sons of Klamath Falls, who will operate the dairy. Mr. Lyman has not decided on a new location.

The John Hessemaier place near the overhead crossing, formerly known as the Eske place has been sold to William Bullington from Sleazyou.

The Bullington family are moving to their new home. Mr. and Mrs. Hessemaier have purchased a cottage on Iowa street, in Ashland, where they will make their home.

T. A. Merryman and daughter Wilda returned home Friday after an extended visit with relatives and friends in Nebraska. Miss Wilda returned to her work in Medford Monday.

# Electrical Gifts

The Modern Christmas Mode

What to give?—what to give? Now the modern electrical mode solves the annual shopping problem. Electrical gifts delight every one who yearns for something smart yet practical. They bring lasting joy. There's an appropriate electrical gift for Mother, Dad, Bobby—everyone. Let our windows be your Christmas shopping guide.

Nothing brightens breakfast like a new automatic toaster. Without turning or burning, your toast is quickly browned to exactly the shade you want.

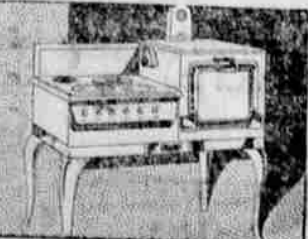

No gift more appropriate for the woman who delights in serving the best coffee made just right than an attractive electric percolator.

Today lamps are truly art objects—welcome gifts for everyone who appreciates beauty, who enjoys the warm glow of comfortable evenings.

Sparkling cubes, dainty desserts, crisp salads are daily gifts from the electric refrigerator for this Christmas.

The most appreciated gift, one that assures everyday happiness for all the family in better cooked, easier prepared meals—an electric range.
