JACK AND ETHYL FAVOR MEDFORD

What local radio listeners say was one of the best Jack and Ethyl programs ever heard was presented last night by the National Broadcasting company for the Aggregated Oil company. The program scene was laid in Medford, where Jack and Ethyl arrived as honor guests of a big banquet in their honor, coming by way of the Red Wood high way and Grants Pass.

A dramatization of early days in southern Oregon, reaching back to the time when Jacksonville was a thriving mining town and still further back when the first gold was found in Jackson creek. The names of well known Jackson county pioneers were repeated during the program, which also told of the first big land boom in this section. The Associated hour also presented beautiful music during the course of the program, which brought out the fact that Jack and Ethyl regarded Medford as one of the most delightful cities in which they had ever been.

BOYS' CONFERENCE LURES DELEGATES FROM WIDE AREA

According to advanced reports, the "other boys' conference" that will convene in Medford high school this week-end will draw a large and representative delegation. Word has been received from Klamath Falls, Ashland, Grants Pass, Roseburg, Bandon, Coquille, and Marshfield that delegations were to be sent to the conference.

A boys' assembly was held in Medford high school Wednesday afternoon to stimulate interest among the local boys in the conference.

The first session will be held Friday evening at 7 o'clock, and the program will consist of a banquet, an address by Charles Crumly, secretary of the Y. M. C. A. at O. S. C., and the organization of discussion groups. Friday afternoon will be devoted to registration of delegates and the assignment of guests to homes where they will be entertained over the week-end.

Registration will be conducted in the principal's office at the high school and a committee of local Hi-Y members will furnish cars to conduct out-of-town delegates to their places of residence. An official welcoming committee of Medford high school girls will be on the job to make the out-of-town guests feel at home.
